EMOTIONS

Welcome to a new year at R.H.S. Everyone is a new year older, we have new people and a new year-book. The year began with quite a few people having frowns on their faces with only one thought in mind: "I hope this year goes by fast." With the name "Body Language" you may get the wrong idea or the wrong impression. There is constant body language going on through out the year, some good, some

bad, but no matter the type, it is around! Body language is communication using signs, symbols, etc. in physical structure of a person-this means in any way. Facial expressions are used a great deal and talking with the hands is also quite common. Whether it be the way you wrinkle your nose, move your eyes, or place your eyebrows, it can tell someone exactly how you are feeling.

Top: The Outlaw marching band marches down main street in the Outlaw day parade. It looks as if Jamie Jaure is telling someone exactly what is on her mind! Opposite page: counting and rolling pennies is only a small job to do in student council-Diane Harshman does well. Mike Martin and Kai Giness show us how to use our lips and muscles to communicate.

IN MOTION.

Any movement of the body is a form of communication and throughout this yearbook you will be able to learn a great deal about the student body and how they have enjoyed the year. As you look through this yearbook, notice all of the different types of body language used by all of the different people. In every single picture there is a form of body language so you may never forget this year,

the way you felt, and the way you expressed yourself. Talking with our bodies is fun, exciting, and it is what makes R.H.S. the way it is. Each individual has his/her own way of expressing themselves. The same type of body language may be used but each person has their own style of showing it. No matter what the activity is, body language is used. It is used in clubs, sports, and during social life such as

dances, etc. In every section of this annual, you will see tons of facial expressions, body movements, and just different looks upon different faces. There are even some types of body language we are not allowed to print-perhaps these are the fun types! So, as you flip through this, notice what different forms of communication there are in this High School.

LET'S GET

We all need something to look forward to-it helps time fly by faster. Remember how we lived for Friday to roll around? If it wasn't Friday we were waiting on it was summer vacation or spring break. Having things to look forward to is great! We know what it feels like to go 9 months of school with only 3

months off-that is asking quite a bit out of a person. This is why there are so many other activities and things to participate in. To start the year off, there is football, this brings on Outlaw week-possibly the most fun and excitement of the whole year. Homecoming was real fun, of course the Outlaws were

cheered onto victory in the Outlaw Bowl. So many fans froze to death but had a nice time at it! Tied in with all of the many sports are cheerleading, drill team, and all of the neat body language! Sports and events are a constant thing. The drill team and cheerleaders use body language for entertainment but

PHYSICAL!

they are doing what they love to do best while showing it! The

way the girls sway their hips, wave their hands, and move their feet, can't help but entertain people. The band members also entertain while using body language. The band members must come together as a whole to express their feelings. Sure, words are a great way to communicate but using the body is

much more fun! See, so you know the school year would be nothing if we all didn't express ourselves by using our bodies-to talk in a fun way. Don't you just love to make weird faces back and forth to each other? (in a fun way).

Right: Members of the drill team "strut their stuff" on Outlaw day as they dance their way past Mini Mart. Steve Nicholson (below) tells us with his body language just how much school spirit he has! Stopping to pose for a pretty picture are Geraldine Cruz and Toni Greer (middle right). Something is not sitting right with Pat Kirsh, by the look on his face, someone has had it! (bottom). Opposite page: Look at the sweet, innocent expression on Jace Ready's face-what's up Jace? Paul Cooper must be pretty excited to finish up float building during Outlaw week-looks as if he did have quite a blast though.

YOU LIGHT

The football season is over in no time at all, shortly after football comes wrestling, basketball, and the end of the first semester. Time flew by pretty fast now that you think about it. Fall Formal was a fun time for everyone as well as all of the other dances that were sponsored by different clubs in the school. There were also teen dances held every once in a while and these were quite a kick for everyone! With all of the dances and other activities going on throughout the year, no one really had an excuse to be bored. If one does

not like to attend dances, he or she could join in on a club-there are at least ten clubs available or else join one of the many sports. Even if you are not involved in anything you have to admit, it was a fun-filled year with a lot of things to do and look forward to. Just to thrive upon Friday rolling around or waiting for a teacher workday is something we all do. Think back and remember how you felt the week before X-mas vacation! Boy, that is the longest week ever!

UP OUR LIFE.

Remember all of the semester tests you had to take at the end

of each semester? Remember how every single teacher decides to make you study all at once. It seems as if the teachers were plotting against you because no matter what you did, every class there was a big test to study for and all of the tests were on the same day-sound familiar? Now, this is the time when we all see and hear lots of body language. But, somehow you

make it through all of these rotten tests and only have to go through that one more time-this year. For seniors, the second semester is their last semester so seniors really enjoy it. They especially use the non-verbal communication during the last two or three months of school-preparation for graduation and using lots of body language to show it!

WE LOVE YOU...

High school seems to be a wonderful memory for everybody. It seems like all you hear is "I wish graduation would hurry and get here." Then, when you do graduate, everyone is telling you how much they wished they were in high school again. So, all you can do is make the best of those school years and cherish every single memory you possi-

bly can. Remember how crazy you dressed on dress-up days, remember how wild you acted at all of those games you went to? You only live once so why not live to your fullest! Some of the styles of the year are fun to think back upon. The way we dressed and wore our hair are good things to remember. No one really came to school with

green hair or a blue face but there were some different styles than last year. A real popular style of dress was the "Madonna look"-wearing long, over-sized shirts with net or some type of layering over the shirt. Stirrup pants were also real common as well as the basic 501 shrink-to-fits and t-shirts.

... YES WE DO!

The whole entire year was full of enthusiasm, spirit, and pride. The student body had no problems in standing up for their school, even though some people didn't even want to be in school. When you see kids go as far as to paint their faces half red and half white to prove their spirit and loyalty to their school, that is a good thing to see! At least

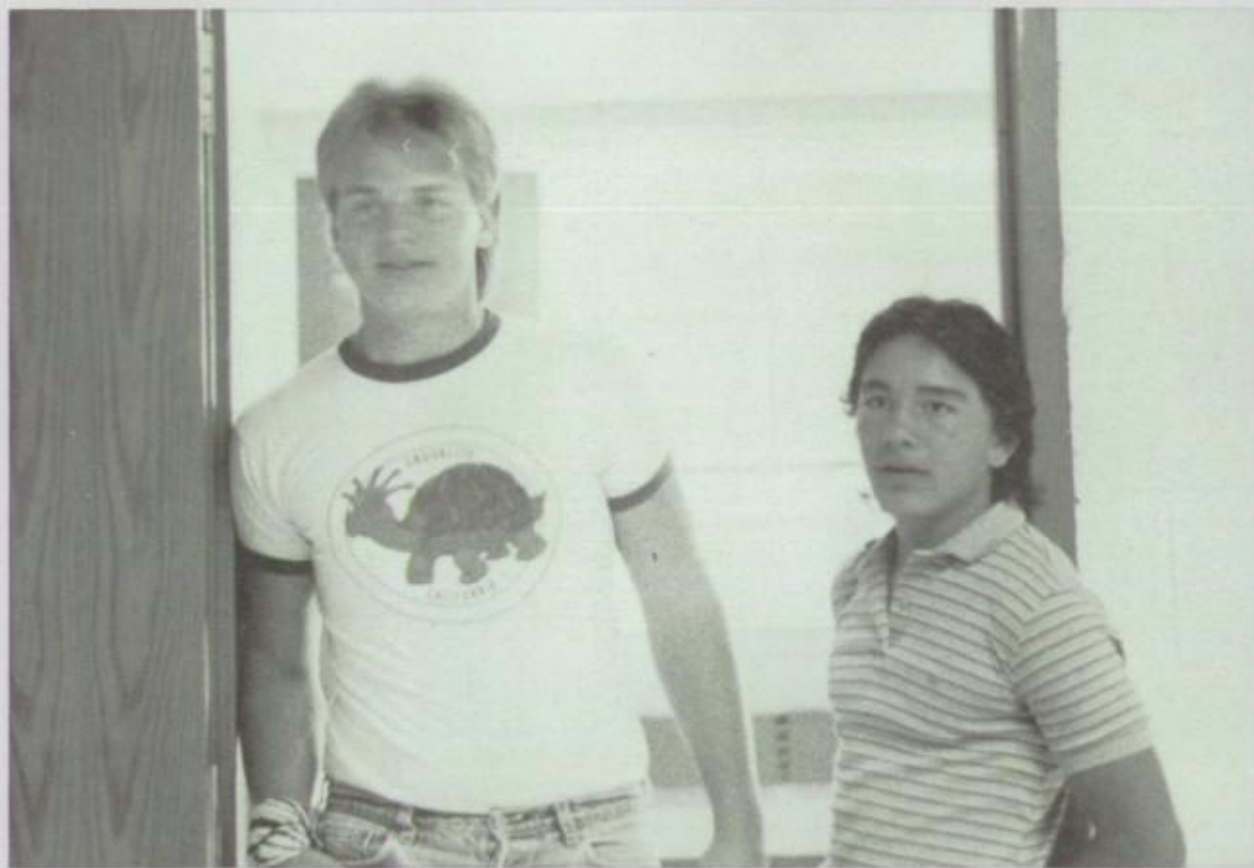

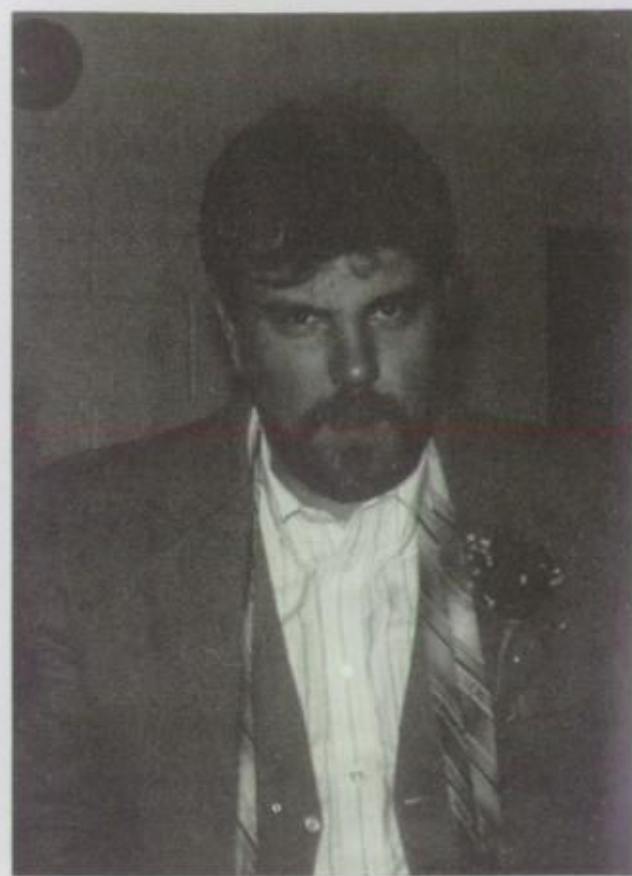

some people dare to be different and aren't one bit afraid to show their feelings and express that body language-after all, that is what the school is made up of. All it takes is for someone to look at you and stick their tongue out at you, you know exactly how that person is reacting to you.

Top left: Hey Rich Colson, watch where you are driving-instead of watching the girls! Top right: Looks as if the camera man caught Jeff Deist as he was working on his student council work. Middle: Two DECA members throw pie in each others faces. Above: Several mighty seniors show their Outlaw spirit in the Outlaw Day Parade. Goodness! who is that masked man? Could it be Scott Thorvaldson?

LOVING

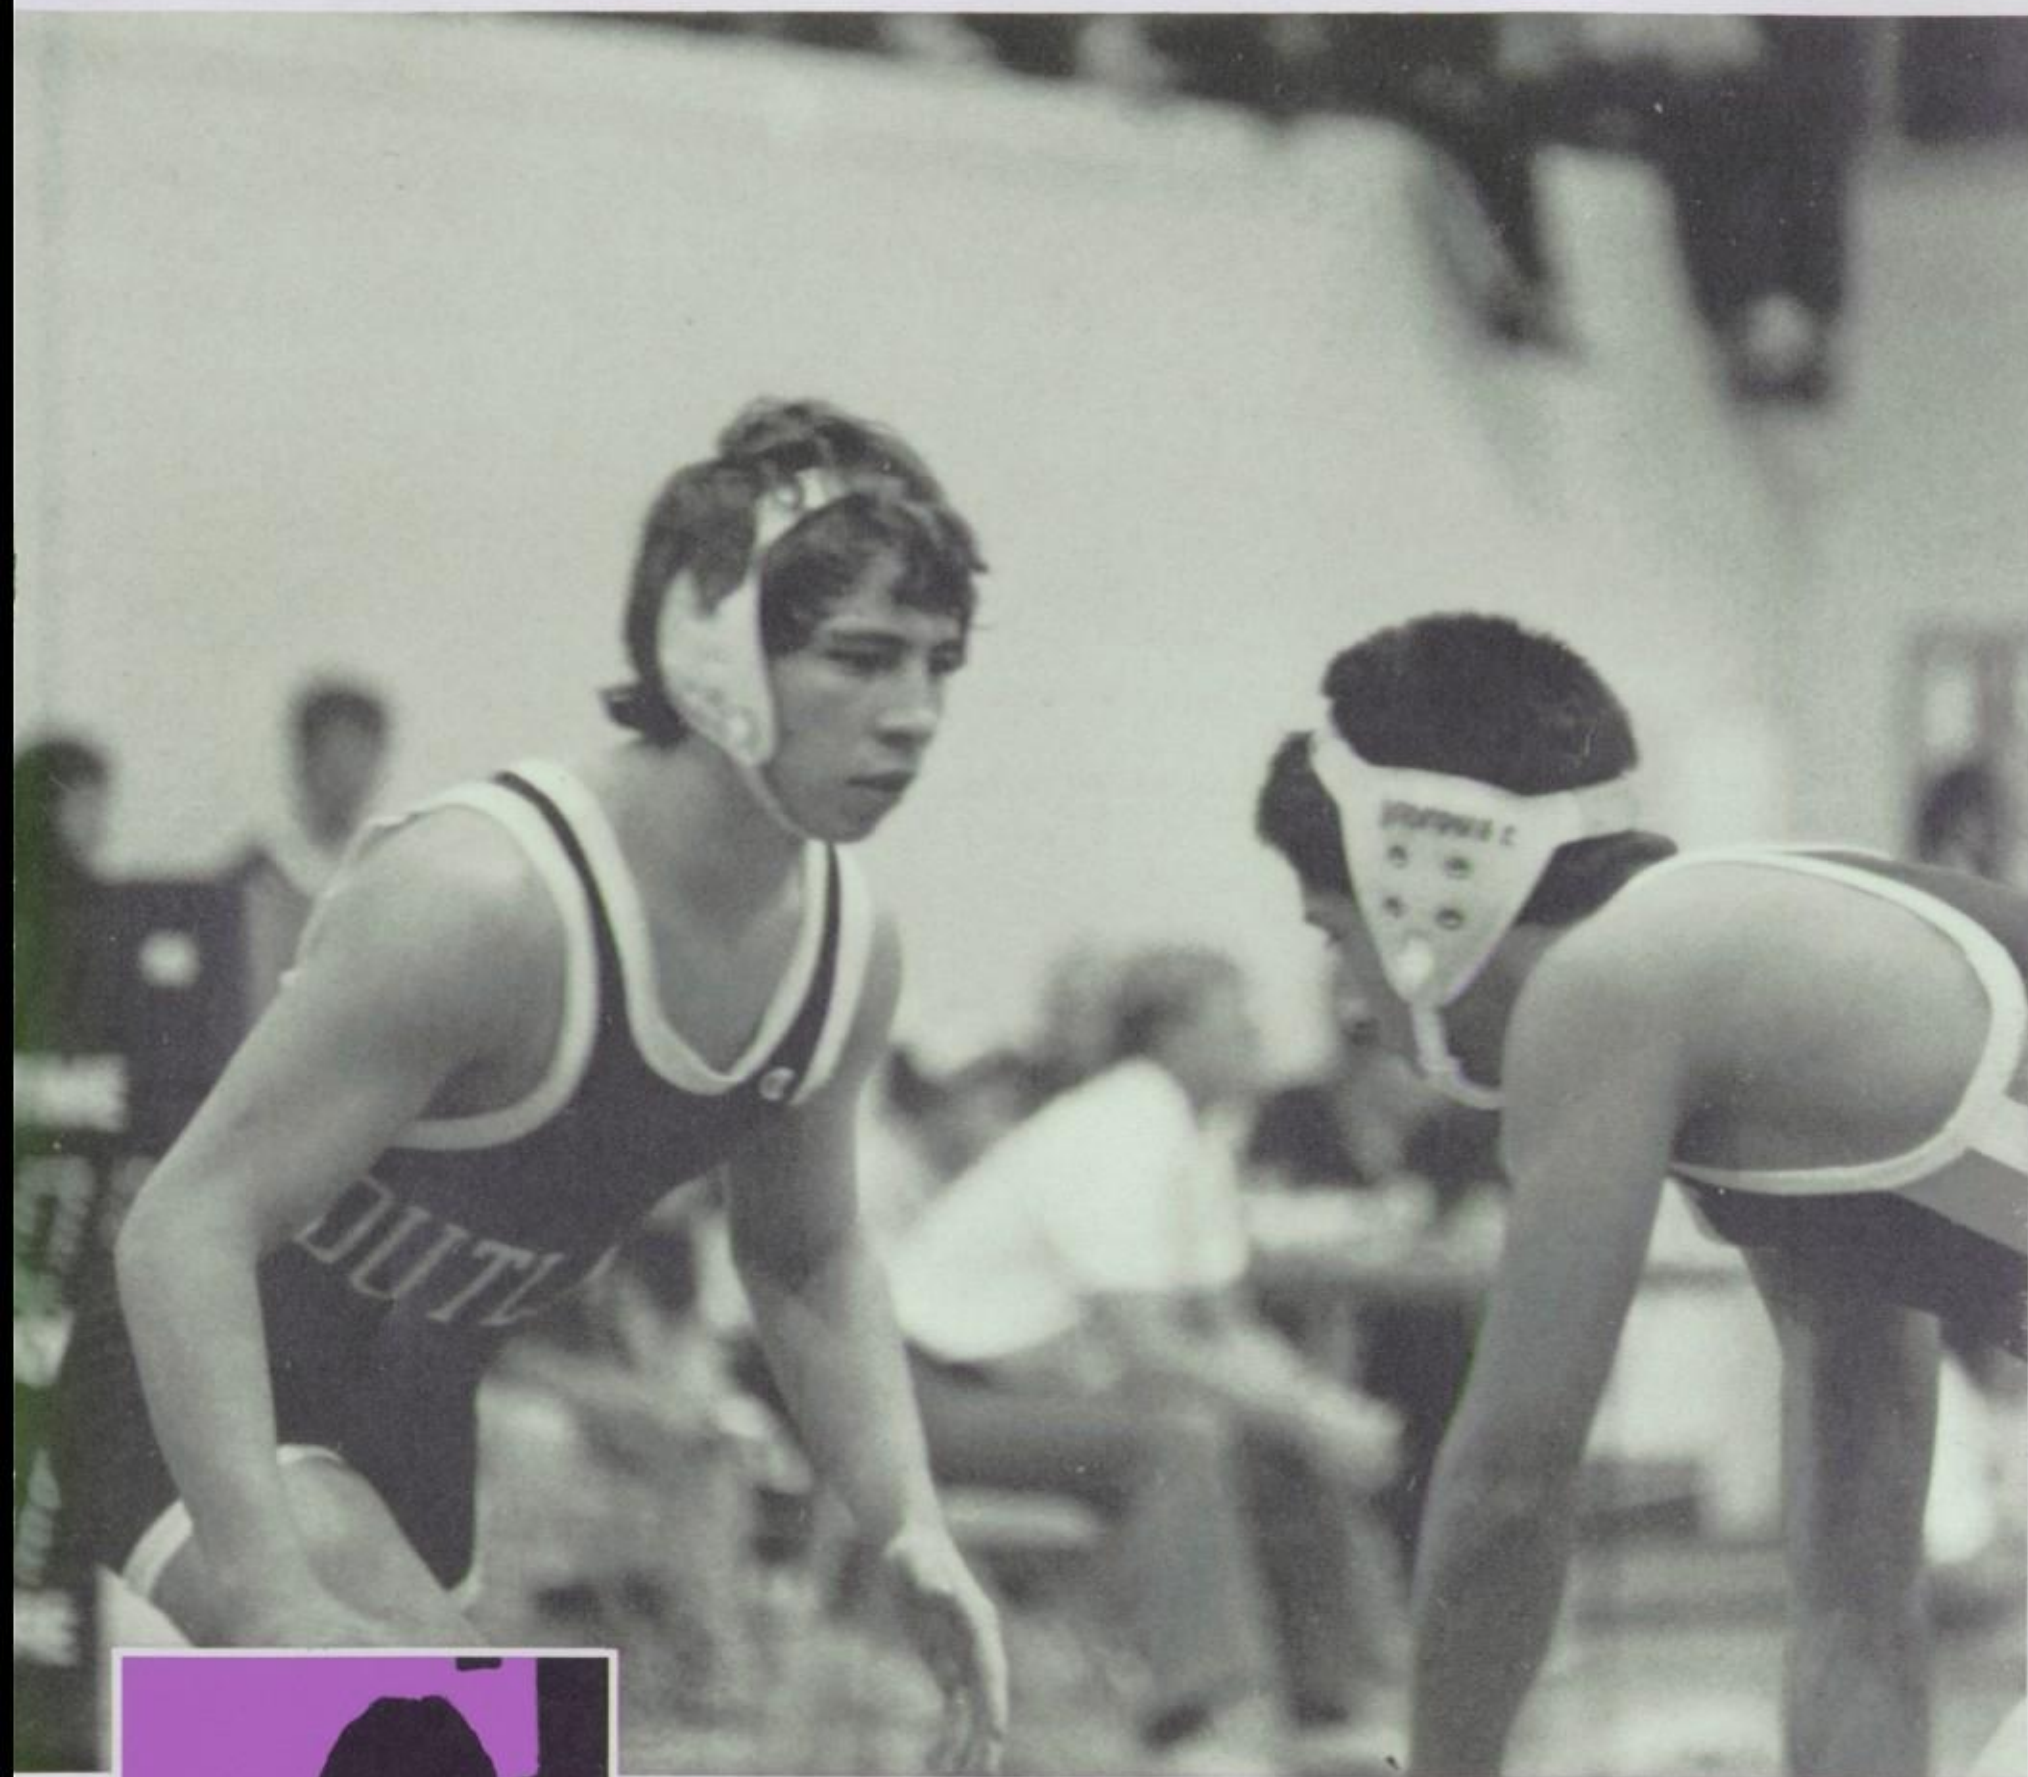

Each year new students come in to Rawlins High School and each year a class of seniors leave. We see people come and go, maybe the best friend you could ever have has moved away or has graduated. This is a real sad time, a time for tears-so many sad but wonderful things happen throughout the year, even things that have nothing at all to do with school. Maybe losing that tennis match or not taking first place in track, maybe that was sad but in spite of all of the sadness school must go on. It drags on as if you will never ever

in a million years make it to Friday-but, one hundred Friday's pass, you made it through them! Then what? Well, actually it's not that bad. Just try to imagine what it would be like if you did not go to R.H.S. Would you have as much fun? Could you get away with so much? Some may say that they aren't exactly lovin every minute of every day but those same people can be caught with smiles on their faces, laughing at others who dress funny during Outlaw week-that;s pretty natural.

Top right: "Boy oh boy was that a rough concert the band put on-it plumb wore me out" says Mr. Q. Middle left: Fans wave a giant sheet during a football game to show just how much they really do love their team. Middle right: Doing absolutely nothing but passing time are Mike Moyer and Eloy Gonzales. Left: A great passtime of R.H.S. is sitting in the halls before class-can't you tell? Opposite page: In a wrestling match, Steve Murphy has the ultimate look of concentration, and the determination to beat his opponent. Mike Mitchell has a totally different look-he's looking a bit flirty huh?

As mentioned earlier, Outlaw week is one of the most memorable and funniest times of the year. A great big part of this week is the royalty. This is the time to choose a King and a Queen, an escort and attendant from each class, and the two runners up. The student body

nominate people (in order to vote) and from that list, three girls and three boys are chosen to be voted upon as King and Queen. This is done with every class (to choose escort and attendant). As tough as it was to choose, John Larson was chosen as King over Chris Michie and Mike Jennings. Suzette Haller was chosen as Queen over Diane Harshman and Kim Hollaway. John and Suzette's court consisted of: Troy Galyean and Amy Hearn (junior escort and atten-

dant). Representing the sophomore class were Noel Dillman and Kirsten Hammersmark. Justin Ready was the freshman escort and Brooke Meacham was the attendant. When we say royalty, we mean royalty because this bunch of people get treated very nicely during Outlaw week. Being chosen as part of the royalty is a treat in itself but that is not even the start of things. They rode on the hoods of cars (limos) down main street in the parade for one.

EACH MOMENT

A SMILE SAYS

Not only getting to ride on the hoods of limos, but also the fact that after the parade they change out of their suits and formals into western wear. In cowboy hats and boots, the King, Queen, and their court cruise on down to the Outlaw Bowl. While there, they get to ride on the floats (made by each class) and

wave at all of the fans. All of this sounds like a lot of fun but possibly the best part of royalty is just simply the memory of it all. This is also a great time to get in on lots of that "body talkin'" too. There is not a better place or time to see so many smiles than at the Outlaw Bowl-especially since we won! In fact, all of our teams did

very well. It was such a terrific year!

IT ALL

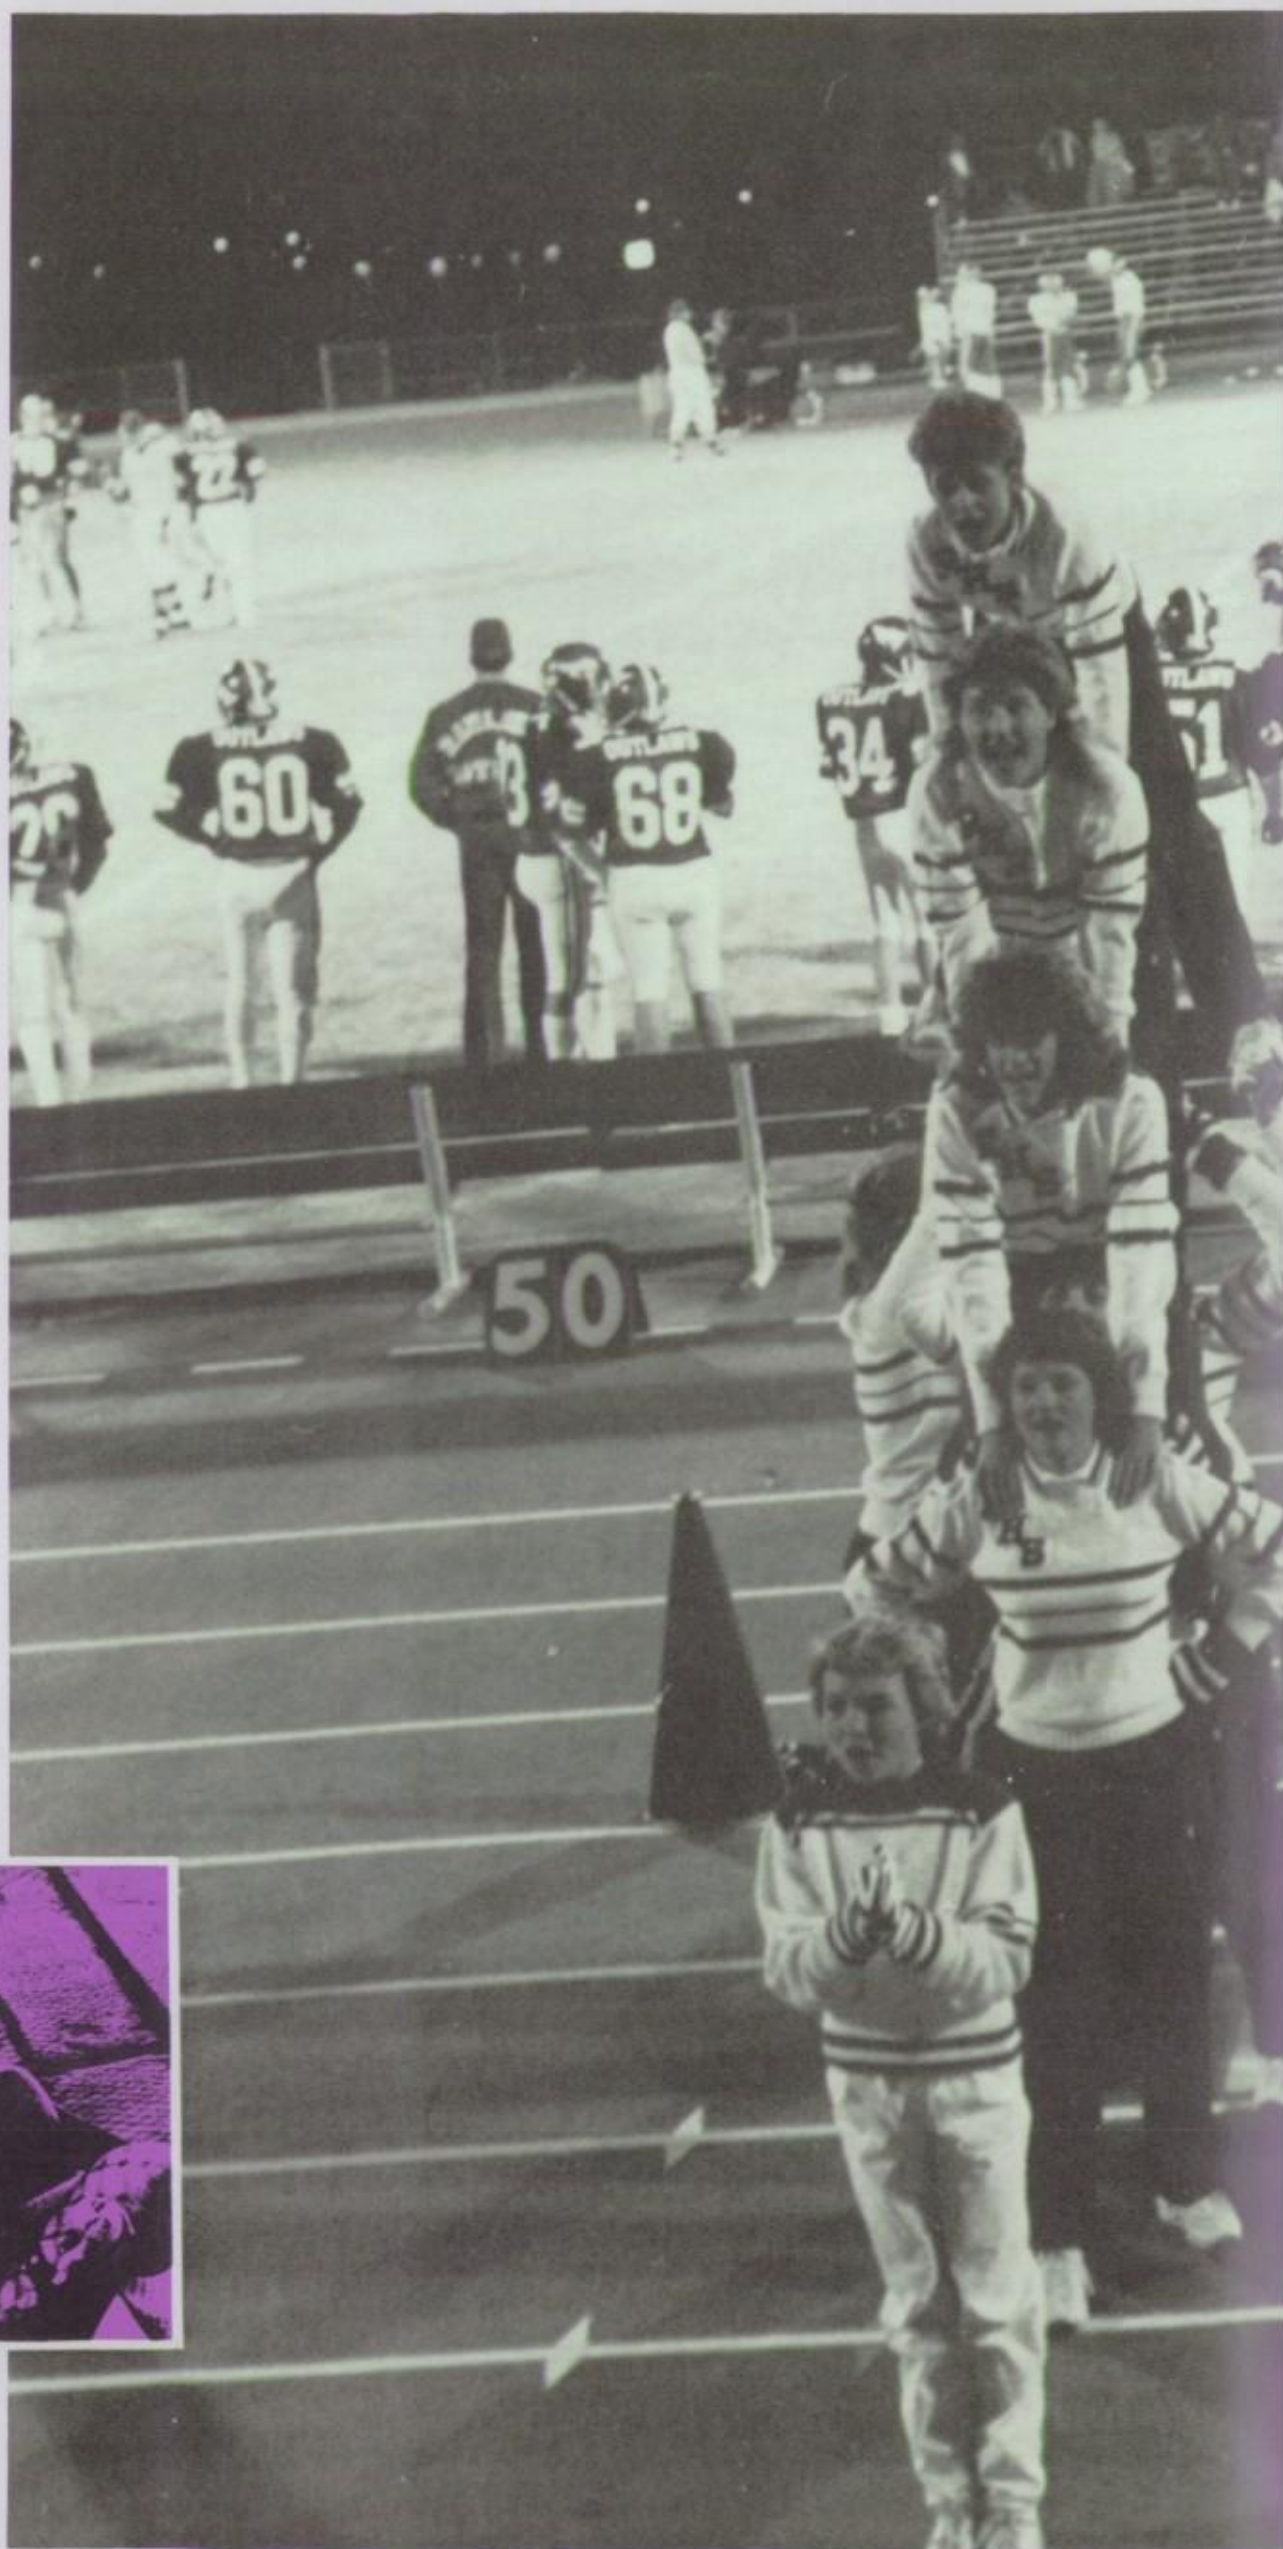

You probably hear this every year, the same old line about how the four years as an Outlaw are four of the best years of your

Opposite page: Here are John Larson and Suzette Haller as happy as can be! This page, top left: Prince Mike Jennings and princess Kim Hollaway show us they aren't complaining about anything. life. Believe it or not, it's the truth. There is proof from students, by letting their bodies say so. Sometimes we never realize what we are doing, how much fun we are having. Never stop to remember all of the hilarious times we have had until it appears somewhere in print. You think back to grade school, take one moment to refresh your memory. Then, you think back through your high school years and laugh your eyes out over your most embarrassing moment or something funny.

NO ONE STACKS UP TO THE...

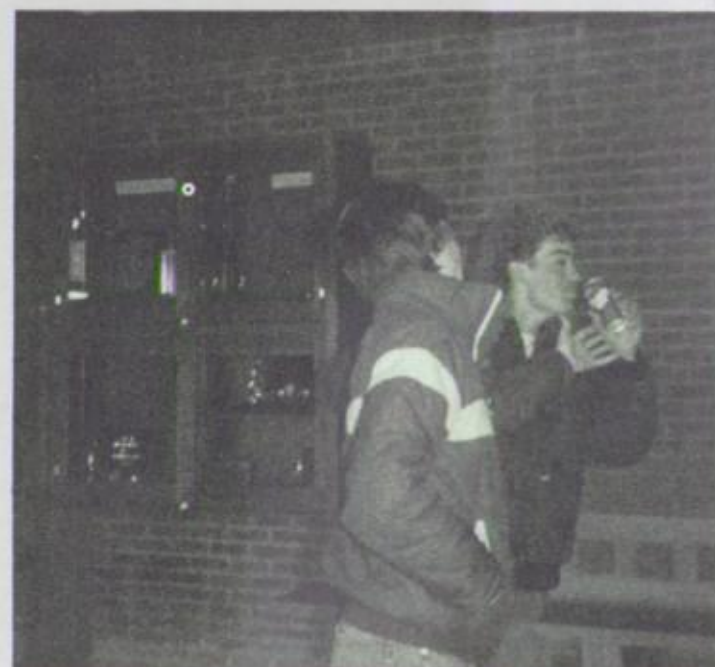

Just take a few minutes and talk with friends-remember some of those old times, boy, you could get to laughing and never stop. Never forget those memories, never stop being yourself and using your body language. You are an individual-body language is part of your personality. Don't be afraid to express yourself by using your body (just be careful how you do it!) because when you think back, most memories are those of all of the silly things we've done by using body language. If you find a picture of yourself in this year-book, try to notice the look on your face. Look at pictures of friends, can you remember what was going on when that picture was taken? Maybe the picture doesn't really show what was actually going on but it sure is fun to skim through a year-book and look at all of your old buddies. Each and every person who attends R.H.S. has something to be proud of-if not getting all A's on your report card or lettering in football; you can be proud of the fact that you at least went to R.H.S.

... OUTLAWS

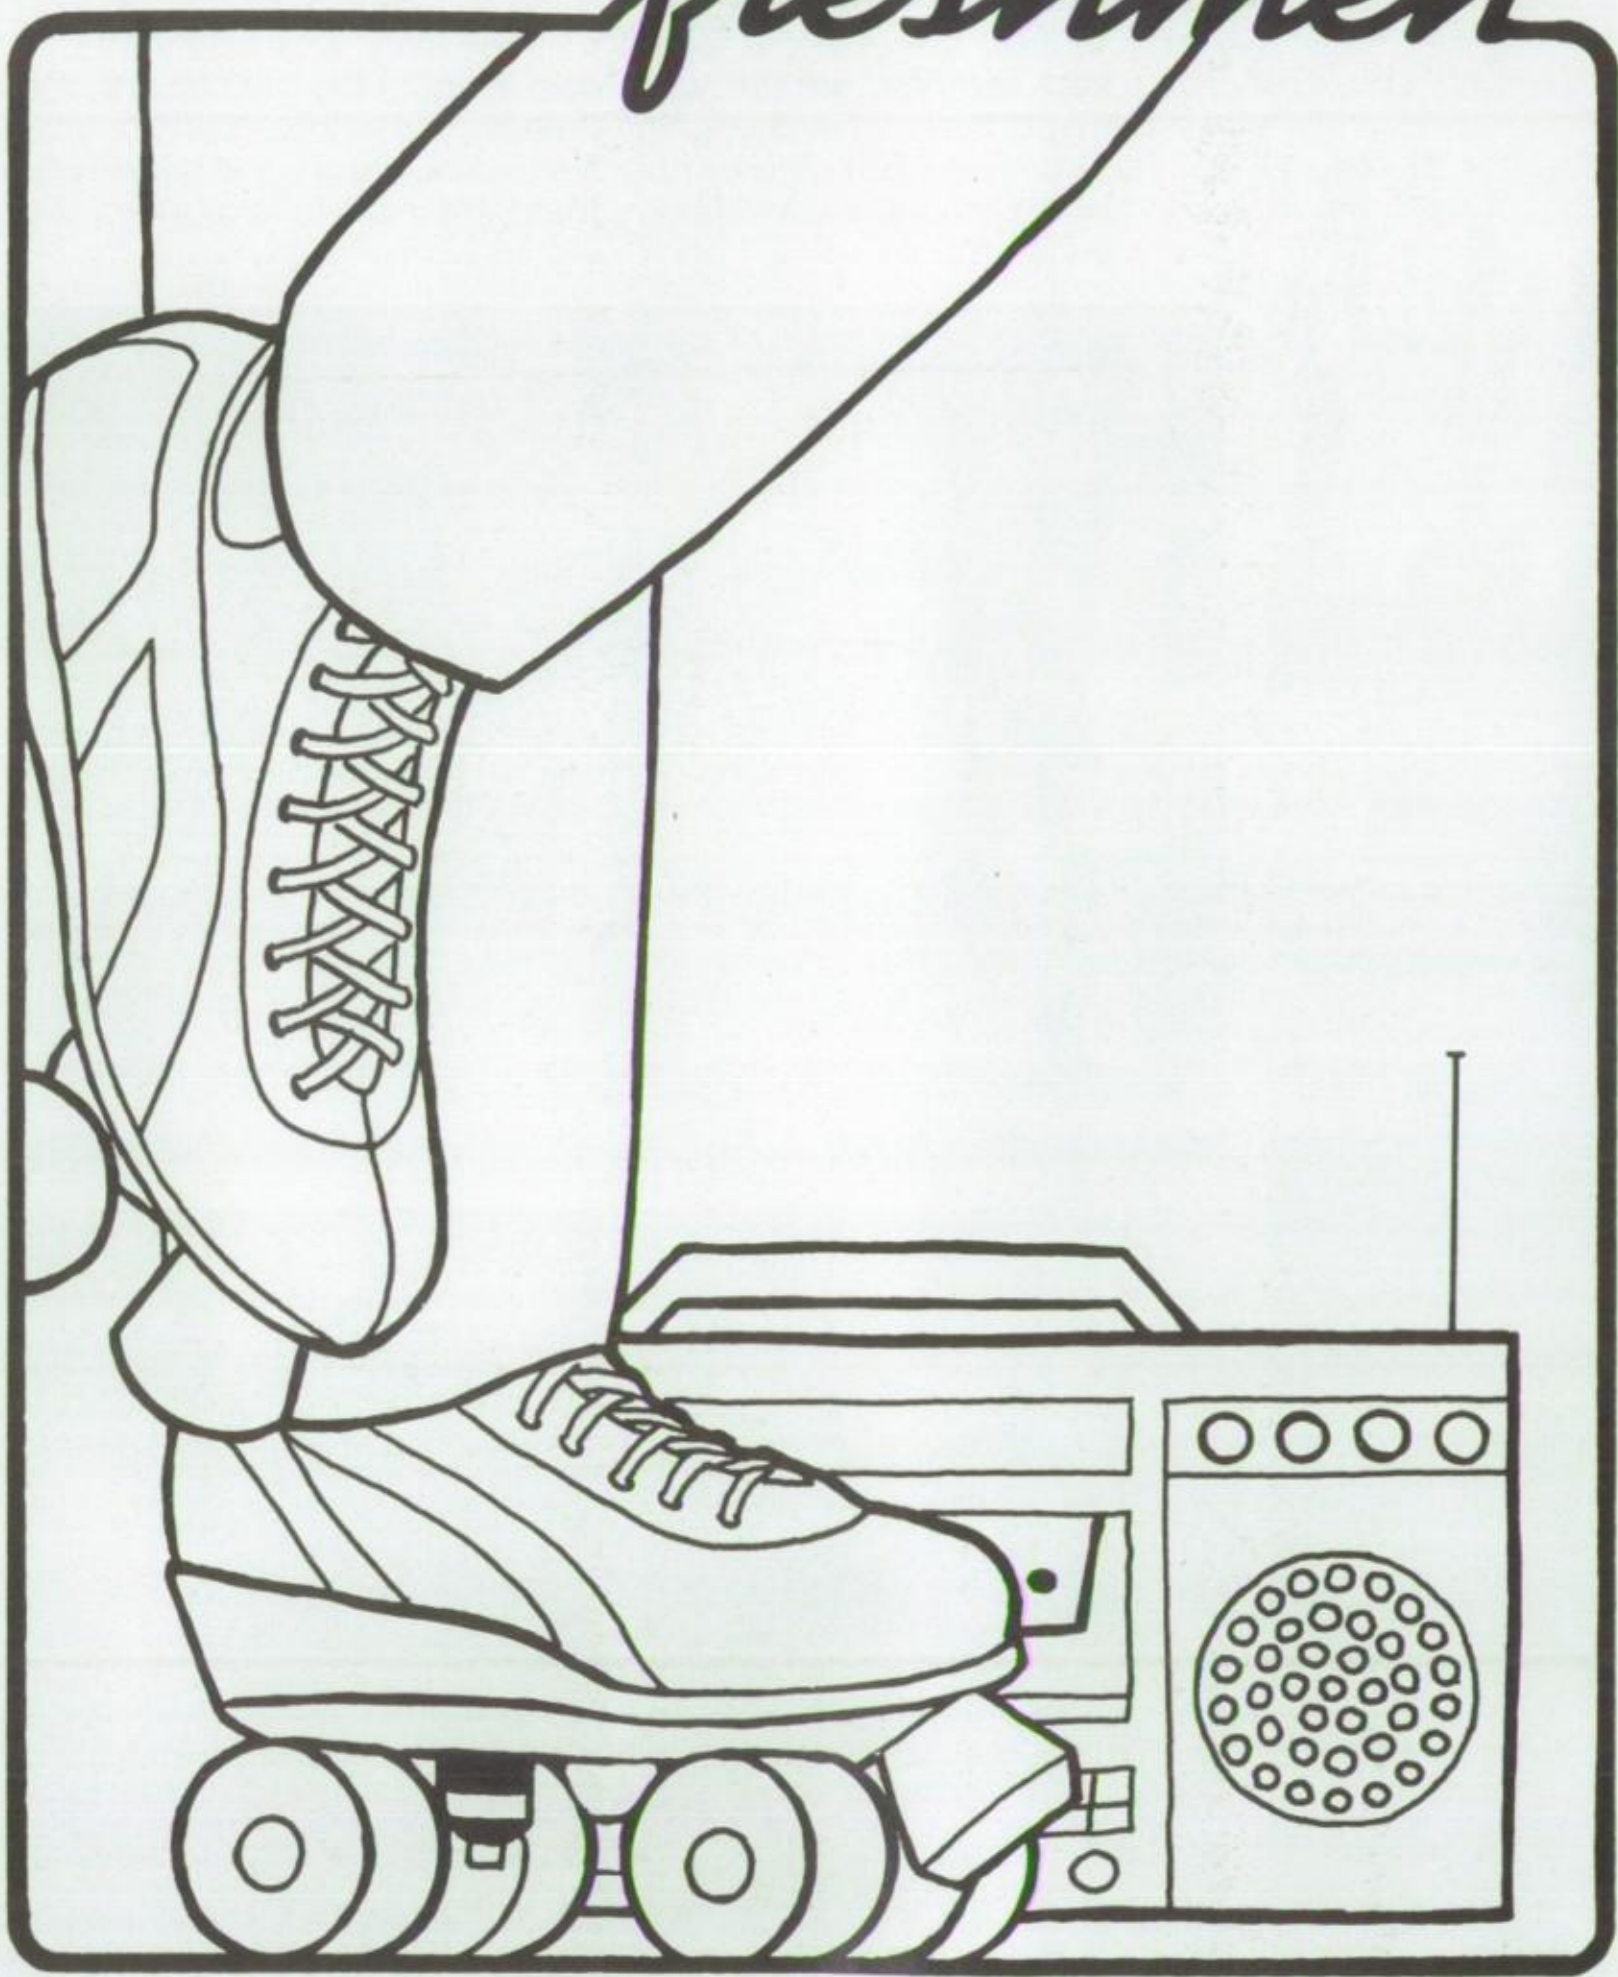

So, as you turn the pages of this yearbook, actually it is more of a memory book, keep in mind that Rawlins High School is different and you never know what you might see. We are the way we are and there is no changing us! If we all were not different or didn't each have our own styles, our own forms of using "body

language", we would not enjoy going to school (if and when we do). High School is basically what a person makes of it-it can be fun, exciting and enjoyable or else it could be boring, dull and lifeless. Somehow, cherish your high school years and remember them, they are fun but the best is yet to come! Enjoy!

MELANIE PAUL: WHAT WAS IT LIKE TO THE 1985-86 DRUM MAJOR?

"Well, let me tell ya', being a drum major is challenging, fun, and exciting, but it's not as easy as it looks-at first. If you are a drum major, the first thing you learn is even though you're the "big cheese" of the band on field or in the parade, the director has the final say, and you have to get along with him-(sometimes that's tough, because we all know how Mr. Quillen can be right?) You also learn to get along with every one in the band even if you don't like someone, or you're heading for a lot of disagreements! You need to have some authority and you have to get your instructions across without having sixty people mad at you. I knew absolutely nothing about leading a band when we started in mid-July but I finally started getting it down soon after school started. Parade marching is totally different than field marching, and I personally liked marching at night under lights with the audience on one side of me. It was amazing to see the band develop over a period of about four months. We only had one

disaster the whole year and that was during the Cody game. When some things go wrong during a performance the drum major feels as if they have let down the whole band, especially if it's your last performance."

BECKY GOLDEN: WHAT WERE SOME OF THE THINGS THAT JAZZCO WERE INVOLVED IN THIS YEAR?

This year Jazzco performed for numerous concerts, parties, clubs, conventions, schools, luncheons, and banquets. We started the year off singing at the F.H.A. and Episcopalian conventions, by the time the Christmas season rolled around, we had a few performances under our belts and the nervousness was beginning to wear off. During December we gave a workshop style performance for the grade schools in Rawlins and Sinclair. We sang for many Christmas parties and for the R.H.S. Christmas assembly. The day after our annual Christmas concert we traveled to Evanston with Symphonic choir to partake in their Christmas concert. After Christmas break we started for jazz festival in February. We went to Casper to partake in the annual

jazz festival sponsored by Casper College. We came home with a 'superior' rating. That month Jazzco also sponsored the Valentines dance and sang in the annual Pop concert. Jazzco was asked to perform in April for the Wyoming Educators Association Convention and was very proud to do so. In May, we traveled to Greeley Colorado to attend a jazz concert featuring 'Rare Silk' a well known jazz ensemble. Soon after, we participated in the district choir festival held in Rawlins.

ERIC GREENWOOD: CHOIR IS VERY ACTIVE, BUT WHAT ARE SOME OF THE MORE INTERESTING PROJECTS THAT YOU PARTICIPATED IN?

We did a lot of new things this year including things we do annually like the spring, Christmas, and pop concerts. We also traveled to Green River for district clinic. The musicals are fun and we put on Oklahoma this year. We put on a Christmas concert in Evanston and it was really fun. The conclusion of this year will end up with district festival. It is to be held in Rawlins this year.

VOICES FROM THE HIGH SCHOOL

NOV. 15 - 16

7:30 P.M.

Fillen' Up The Air With Band And Jazz

Playing for every home game, the RHS band preformed pre-game and half time shows. Working hard for many long days and weeks, the preformance finally came together for the last home game of the season. Through rain and snow, the marching band played there hearts out and had fun while they were at it!

Drum major Melaine Paul lead the band through every action, good and bad. Like they say, nobody's perfect.

This years band council members were Joe Lopez - president, Barb Crane - vice president and senior representative, Loree Anderson - junior representative, Kristal Morgan - sophomore representative, and Janet Ellis - freshman representative.

Jazz Ensemble held auditions on October 16 and 17 for band members who were interested. Playing at concerts along with the concert band, shows just how talented each of them really are. '85-'86 members included eight seniors, two juniors, ten

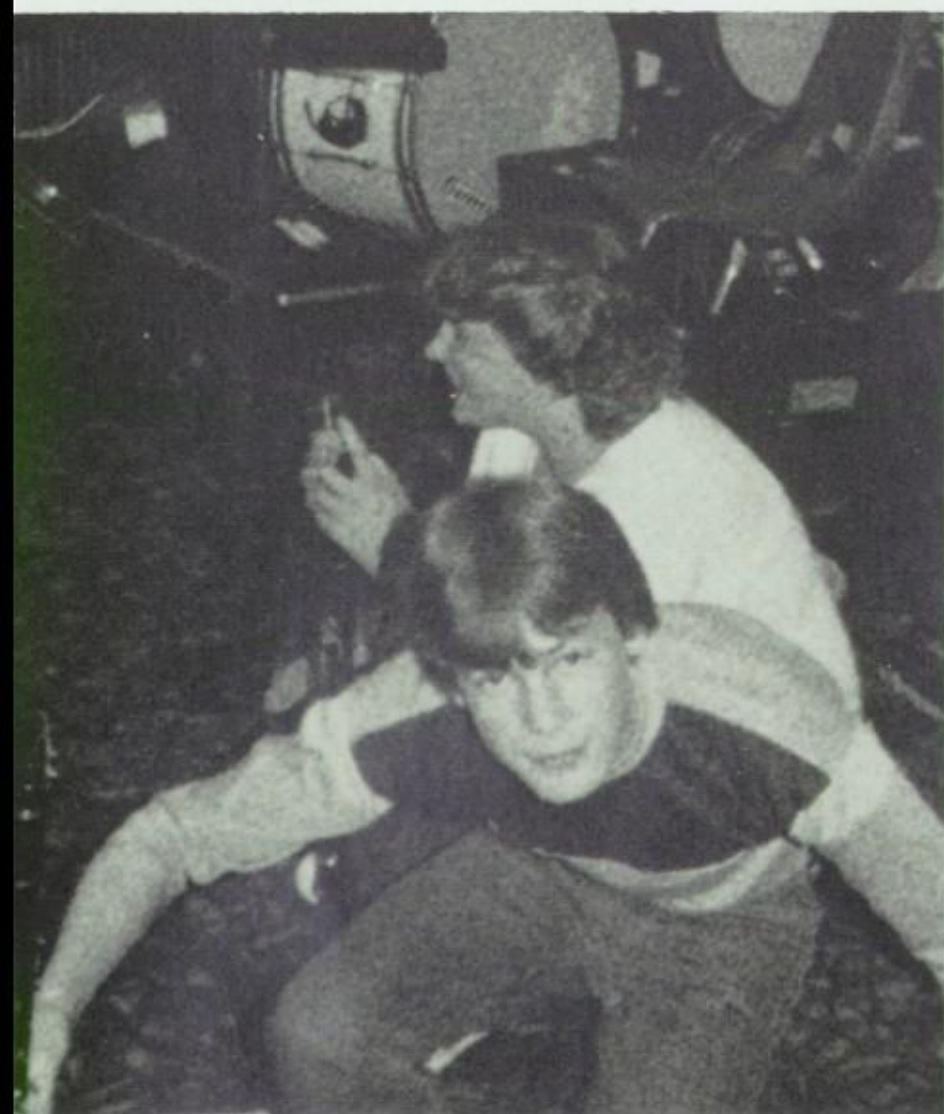

sophomores and two freshman. Heather Charlton, Helene Charlton, Barb Crane, Joe Lopez, Kevin Oakley, Jeff Penman, Cathy Richards, Ann Smith, Duane Gonzales, Eric Greenwood, Johnny Esquibel, Richard Merrill, Jeff Montoya, Kristal Morgan, Mike Newman, Julie Otto, Jim Scordez, Danny Schisel, Shawn Webb, Brian Zamora, Cherylin Russell, and Mitch Steidl.

Jazzco members Scott Abbott, Jack Burgess, Becky Golden, Monica Lake, Stacey LaSelle, Kathy Baunach, Gregg Hansen, Mark Jacobs, Ron Minard, Tina Spicer, Christy Biehl, Susan Martin, Amy Thorkalson, Shane Eaton, Heather Hushbeck, David Jungck, Danny Rodriguez, Lance Smith, Roy Spicer, and Steve Thorlakson preformed at the Jeffrey Center and Fine Arts Auditorium many times through out the year. Looking super together in concert with the other choirs, they aimed high for their goals and moved everything in their way to reach them.

Choir '86

If you love to sing and love to get up on stage to show you do, then choir is the answer. R.H.S. has four choirs to choose from so no matter what position you are, you will fit in at least one choir. There are: symphonic and mixed choir, girls, and one that speaks out for itself is jazzco. Jazzco is a bit harder to get in but is not impossible. Choir is fun and gives students the chance to express themselves in a learning manner. Learning and memorizing songs is perhaps the hardest part but once the group is up on that stage and they hear the audience, it becomes a reward. The choirs not only perform for the high school, they also go on trips to compete. They have district and state meets and they also sing for graduation. Individuals sing solos in plays and concerts almost like a career! So, join choir if you love to sing!

Up On Stage

The greatest potential of theatre is the communication of truths. Too often, secondary school actors and directors are not given the opportunity to participate in realistic, contemporary teen theatre due to the hard-nosed fact that too few plays are written expressly for them. Baker's Play commissioned New Dramatists and Circle Rep playwright Peter Dee to write "Voice From The High School" so that the teen actor might find the opportunity to share with his fellow students, his parents, teachers, and administrators, the joys and difficulties of being forced to grow up too fast in America.- John B. Welch-

These words were printed in the forward of the programs which

were handed out at the door before each performance. The imaginary setting is a typical high school in a typical town. Being performed three times each was a bit better. The students viewed it first on Thursday, November 14th, then for the public on Friday, November 15th with the finale being on Saturday, November 16th. Directed by both Mr. Moore and Miss Tanner, everyone had a great time.

Cast members: Tina Spicer, George Downes, Eric Greenwood, Mara Moore, Gregg Hansen, Jane Rorabaugh, Jeff Deist, Stephen Thorlakson, Lorenz Bilbo, Margaret Martin, Julianne Vanderkooi, Mike Martin, Perizada Lloyd, Dawn Taylor, Stacey LaSelle, Janet Gonzales, Jeff Martin, Clark Linde, Doug Hecox, Travis Moore, Sonja Spicer, Waylon Morgan, Mike Moyer, Kristal Morgan, Christy Biehl, Petty Webb, Becky Golden, Eric Vanderkooi, Gerald Sinneros, Lance Smith, Cathy Richards, and Nichole Foster. Each doing a different skit which had a specific reason for being there.

Oklahoma!

Oklahoma! was a big success. The musical was put on by the R.H.S. Choirs and all-school. With Mr. Dahlinger as the director. The musical was put on three times and each time it got better. It was put on for the high school and the public. It was an evening full of entertainment and talent. The cast of talented actors and musicians worked very hard for the musical to be a success.

The pit consisted of twelve members (players) with Mr. Quillen as the director. They put forth a lot of effort and they sounded good.

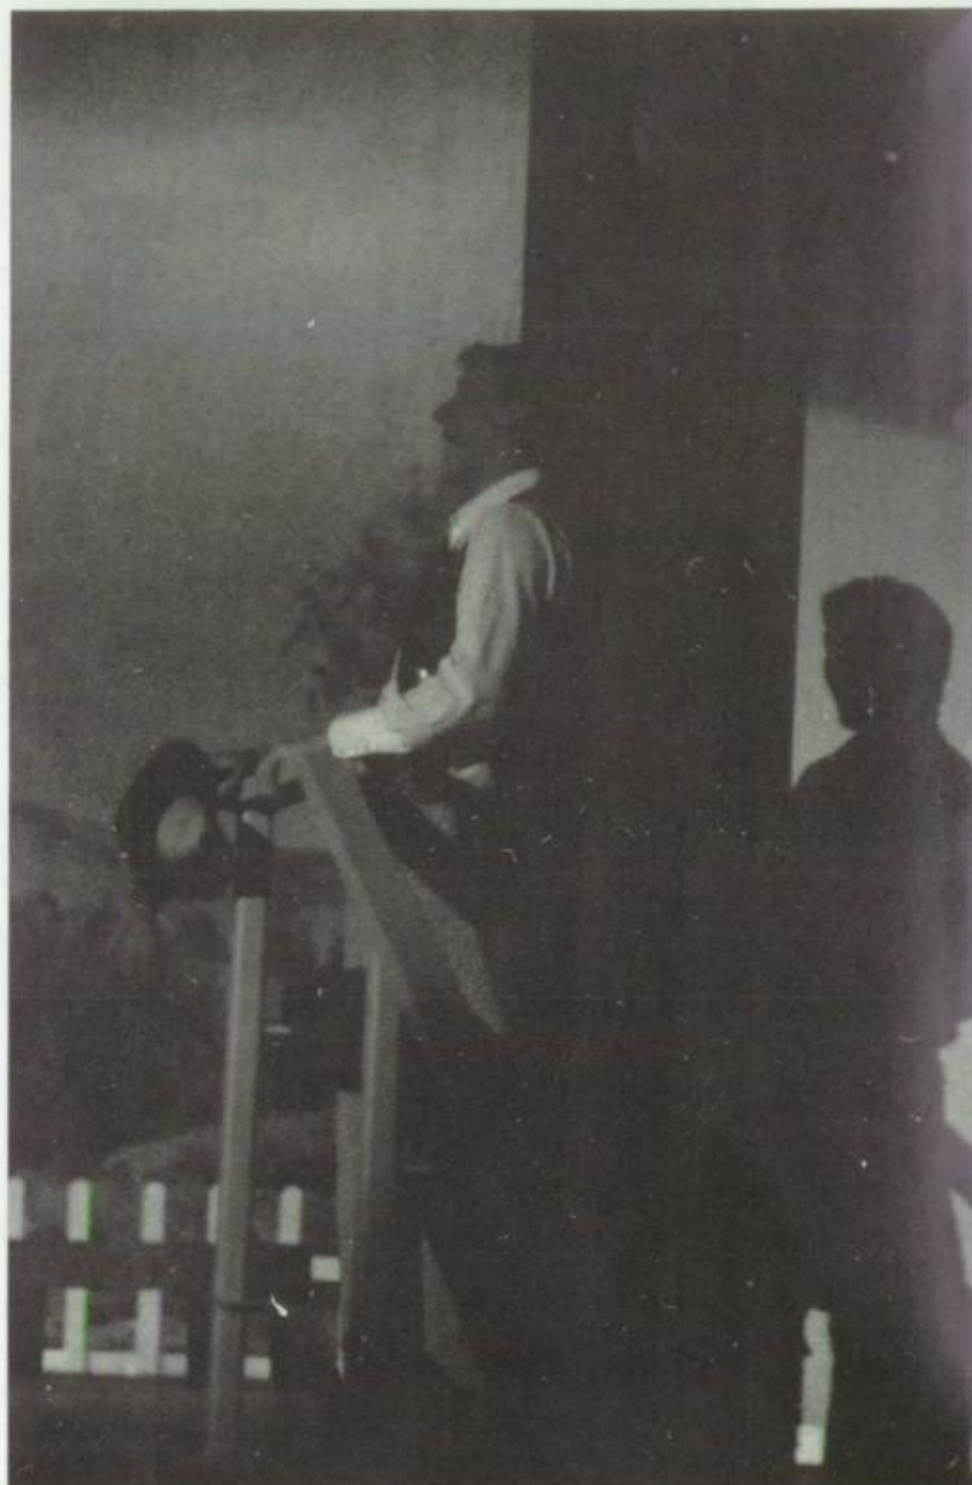

Young and old came to see the musical and were delighted with the talent put forth both in music and with acting. Everyone who participated in the play did a really great job and was a big help.

Several favorites like "Oh What A Beautiful Morning," "People will say We're in Love," "Kansas City," "Poor Jud is Daid," and of course "Oklahoma!" were sung at the play.

Each night was a great production and they poured their hearts out and did a really good job.

The cast should be really proud of their musical this year and be looking forward to next year and doing a great job then too.

1986 STATE CHAMPIONS

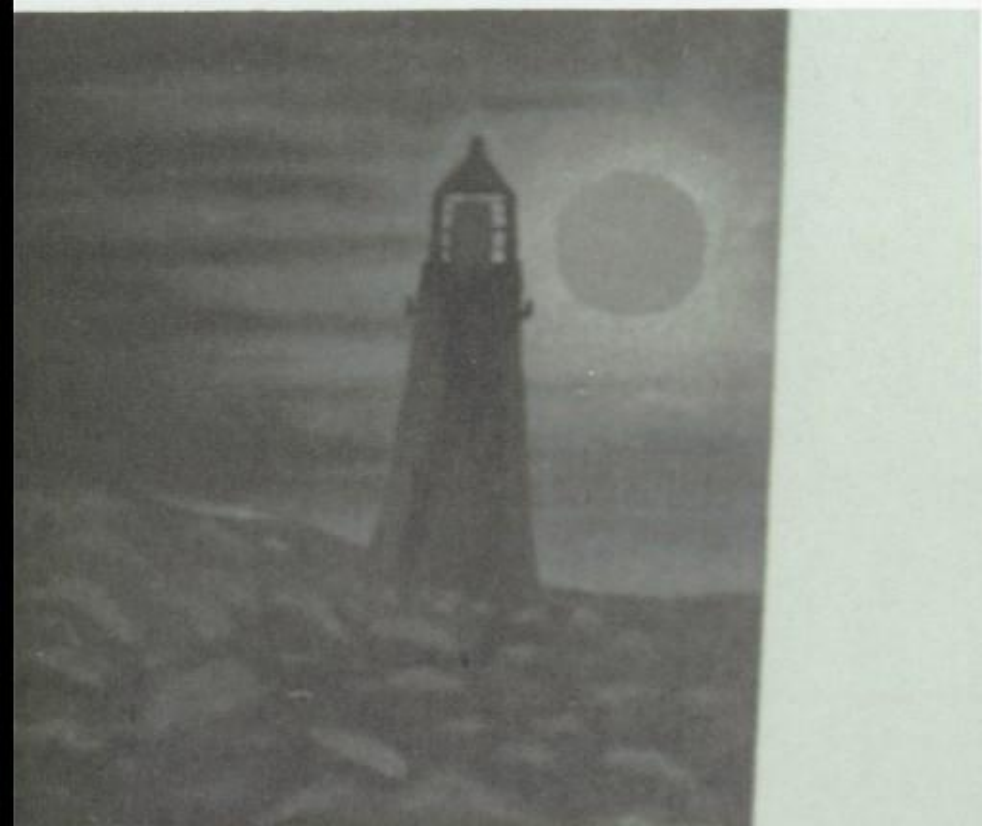

Of Mice And Men was taken to State Drama Festival and were 1986 State Champions on that play.

They put it on for the public before they left and did a really good job presenting it. The cast and crew worked hard memoriz-

ing their lines with Mr. Moore directing it.

Pictured are Julianne Vanderkooi, Eric Vanderkooi, Lorenz Bilbo, Mike Martin, Jeff Diest playing their roles very well. The cast should all be proud!

Brushen' It Up!

CREATIVE FORCES FLOW

Art students were really busy this year. Mr. Williams must have really wanted them to dish out their best in the art field. Art includes more than just painting. Sculpting, use of watercolors, oil paints, free forms, ink, air brushing, colored pencils, pencils, and just generally everything that has to do with the art profession. There are three art classes to advance to. Art students have the chance to join Rembrandt Club. Rembrandt members are very active during the course of the year. Window painting during Outlaw week, pumpkins for Halloween, and painting exhibits throughout the year. The Rembrandt Club has steadily increased through the course of it's existence. Under the instruction of Mr. Williams, everyone has a chance to better their talent in the art field.

SOCIAL LIFE

Social Views

Corey Vogel:

Q. As you know there are many different types of groups in this high school, which one do you think you belong to and why?

A. All of them, because I'm an out going person.

Q. What do you hope to accomplish by your senior year?

A. To be successful, to have a good report with my peers.

Mike Shepard:

Q. As you know ther are many different types of groups in this high school, which one do you think you belong to and why?

A. I don't classify myself as in any group. I classify myself as an individual who socializes with many different groups.

Q. Are you looking forward to your senior year, and why?

A. I am looking forward to becoming a senior to enjoy my classes and enjoy my sport of basketball. But I also have mixed feelings of losing touch with my friends.

Kathy Beaton:

Q. As you know there are many different types of groups in this high school, which one do you think you belong to and why?

A. The partiers of the school. That is the majority of the people in my class.

Q. How do your past years of high school differ from your senior year?

A. I was always an under classman and now we are the top of the school. It's much more exciting to get out of school.

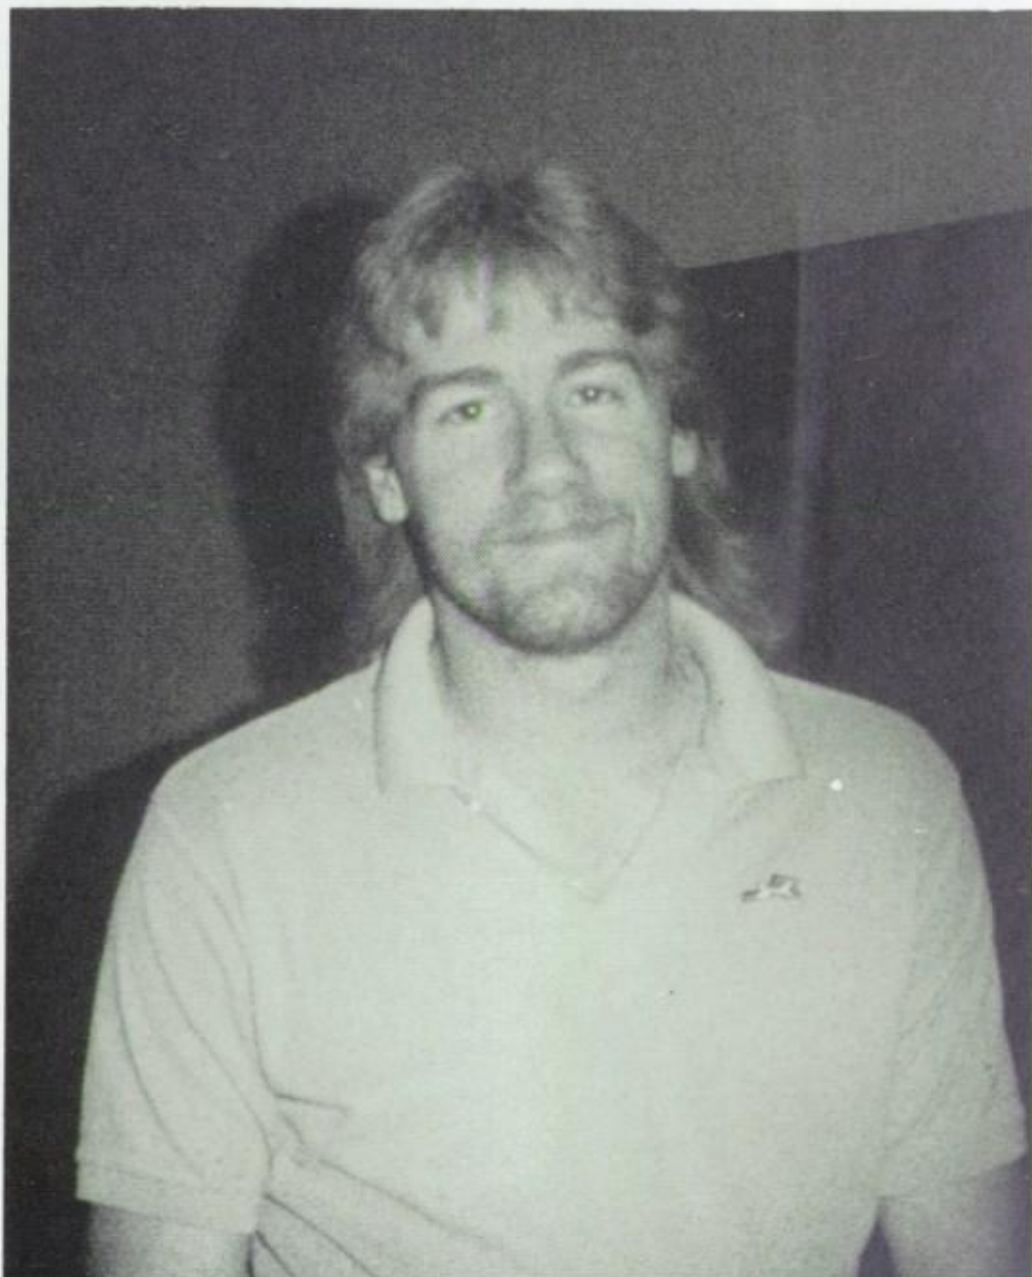

Steve Nicholson:

Q. As you know there are many different types of groups in this high school, which one do you think you belong to and why?

A. I don't think I really belong to any certain kind of group. I try to get along with all the different groups in this high school.

Q. What do you like to do in your spare time?

A. I like to work on my truck, I also like to go camping.

Fall Formal

Fall Formal took place on November 8, 1985, at the high school gym, from 8:00 p.m. until 10:30 p.m.

The evening started with everyone going out to dinner at some of the more popular restaurants in town: The Blake House, Filly's and the Bel Air Restaurant, to name a few.

Everyone got all dressed up in their suits and formals, some gentlemen even had on tuxedos. The ladies had on corsages and the gentlemen wore boutonières. Everyone looked their finest, their hair was perfect, suits pressed, dresses nice and neat.

After dinner people headed off to

the big dance, in order to dance the night away to all the popular songs that were played. "Your The Inspiration" "Say You Say Me", "Born in the U.S.A.", "Smokin in the Boys Room", "Built this City on Rock and Roll", just to name a few.

We had the pleasure of having Caspers KTRS, and Bill Cody D.J. the dance.

There were always people dancing, no one sat down longer than a period of two songs. There were a lot of people switching dates, no one really cared because everyone was actually there together having fun.

Togetherness

Togetherness plays a major role in R.H.S. It seems that where ever you are there are people buddying up and hugging. Along with togetherness comes trends and fashions. So many different styles come and go as years go by. There will always be a buddy somewhere, sometime in your life who you will share with, act like, and dress like. All it takes is for one person to wear something really wild and in about two weeks the whole school is wearing it. The biggest style this year is stirrup pants, oversized shirts, and flowered clothing. Jeans and sneakers have always been here, always will be, but each year a new style comes in and an old style goes out. Another trend that has been around a very long time and will be here a while is Pizza! Language has changed a little-we now have other sayings besides "get a clue". The most popular saying

this year is probably "shut-up". It mainly depends upon the people in the school and the year that effect the use of language. The favorite subject in school is still lunch and will be until the next ice age! This year started a new program called S.W.A.P. It gives students who are not on the failing list to have an hour lunch every Thursday. The students who are on the list go to class for 30 minutes to work on getting their grade up. Next year the S.W.A.P. program may be twice a week. Music has really changed in the past year. There are so many new bands and new songs coming and going that it is real hard to decide which song is the best. The style of music is also changing, its getting to become very different. Boy George and Cyn-die Lauper don't seem to be as popular as they were last year but Dire Straits weren't popular last year and now they are! It

seems as if every year as new students come in to H.S. new fashions and trends come along with them. Look back 10 years ago, 5 years ago, even 1 year ago and see how much the styles have changed in that much time. Now days the style seems to be getting back to the 60's. Next year the style may be back to punk-there is no telling with R.H.S. No matter what is in style you can bet your friends (and you) are going to go along with it-it's real neat to fit it and to be a part of the crowd. It's only natural to have "togetherness." Just remember how last year was and how this year was to be able to compare the styles and trends with the ones in years to come.

Morp 86

Morp is backwards for Prom, so at the morp dance everyone dresses scroungy instead of nice. The people wear torn levis, torn shirts and they have their hair all ratted out, then some have put shoe polish on their faces to make them look even worse.

People had a really good time dancing and talking with all of their friends.

They had a live band performing at the morp dance, and everyone liked that a lot better than listening to music on a stereo.

The dance lasted from 9:00 p.m. until midnight.

Drink Up

Our school was blessed with the pop and juice machine in 1984 by the student council and FHA.

The students were really good about throwing their empty cans into the garbage until this year when they started getting lazy and just leaving the cans on the floor in the lobby.

Along with the Vice Principal, student council and FHA decided to take the machines out and see how much the students really missed the machines.

After a month and a lot of complaining, student council and FHA brought the machines back out with four rules to follow. People have been obeying these rules pretty well so the machines are going to stay.

The Gift Of Gag

The Christmas assembly is held every year so it is pretty much of a tradition. There are usually two skits, one of the teachers, that the students perform, and one of the students, that the teachers perform. This year the teachers didn't have anyone to write the dialog for their skit so they didn't perform one this year. The students skit was written by Jeff Deist, Jeff Martin, and others.

They had a really fun time performing for the student body.

Some of the other things that went on during the assembly was the gift giving by Santa Claus (Mike Martin), there were quite a few people who got gag gifts, all in good humor.

The choir performed at the assembly, three songs, all Christmas songs and a song that Mr. Dalinger wrote himself.

THE BIG DAY

First semester's contemporary living classes go through the procedure of being single, getting married, having a baby, and getting a divorce.

The students in Mrs. Bessler's contemporary living class decided it would be fun to have a wedding with a reception afterwards.

The wedding consisted of everything that there usually is part of a real wedding, including the bride and groom, priest, best man, brides maid, father of the

bride leading her down the aisle and friends of the family.

The wedding plans took about two weeks to get everything organized. People had to be chosen to be the one's who got married, who would be the best man and the maid of honor, who the priest should be and lastly who would be the father.

The bride and groom were even nervous although they didn't even have to stay married together for years and years.

Weighten Around

The weightroom is open in the mornings, before school and after school.

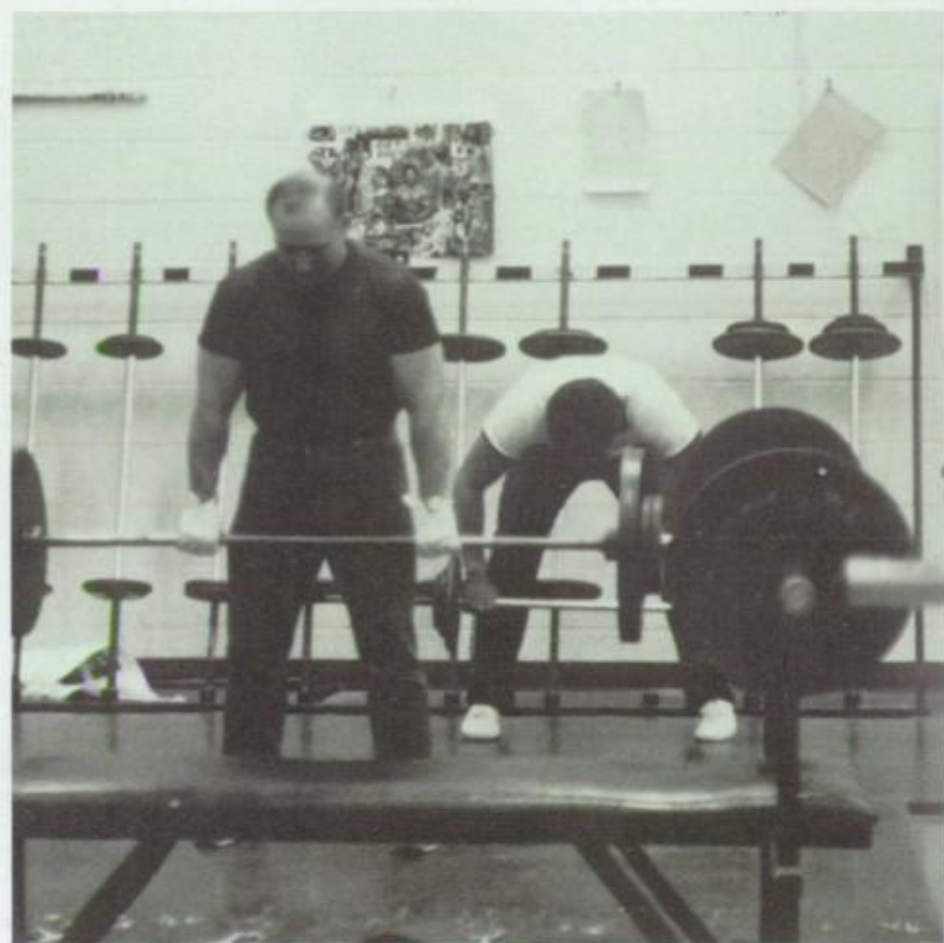

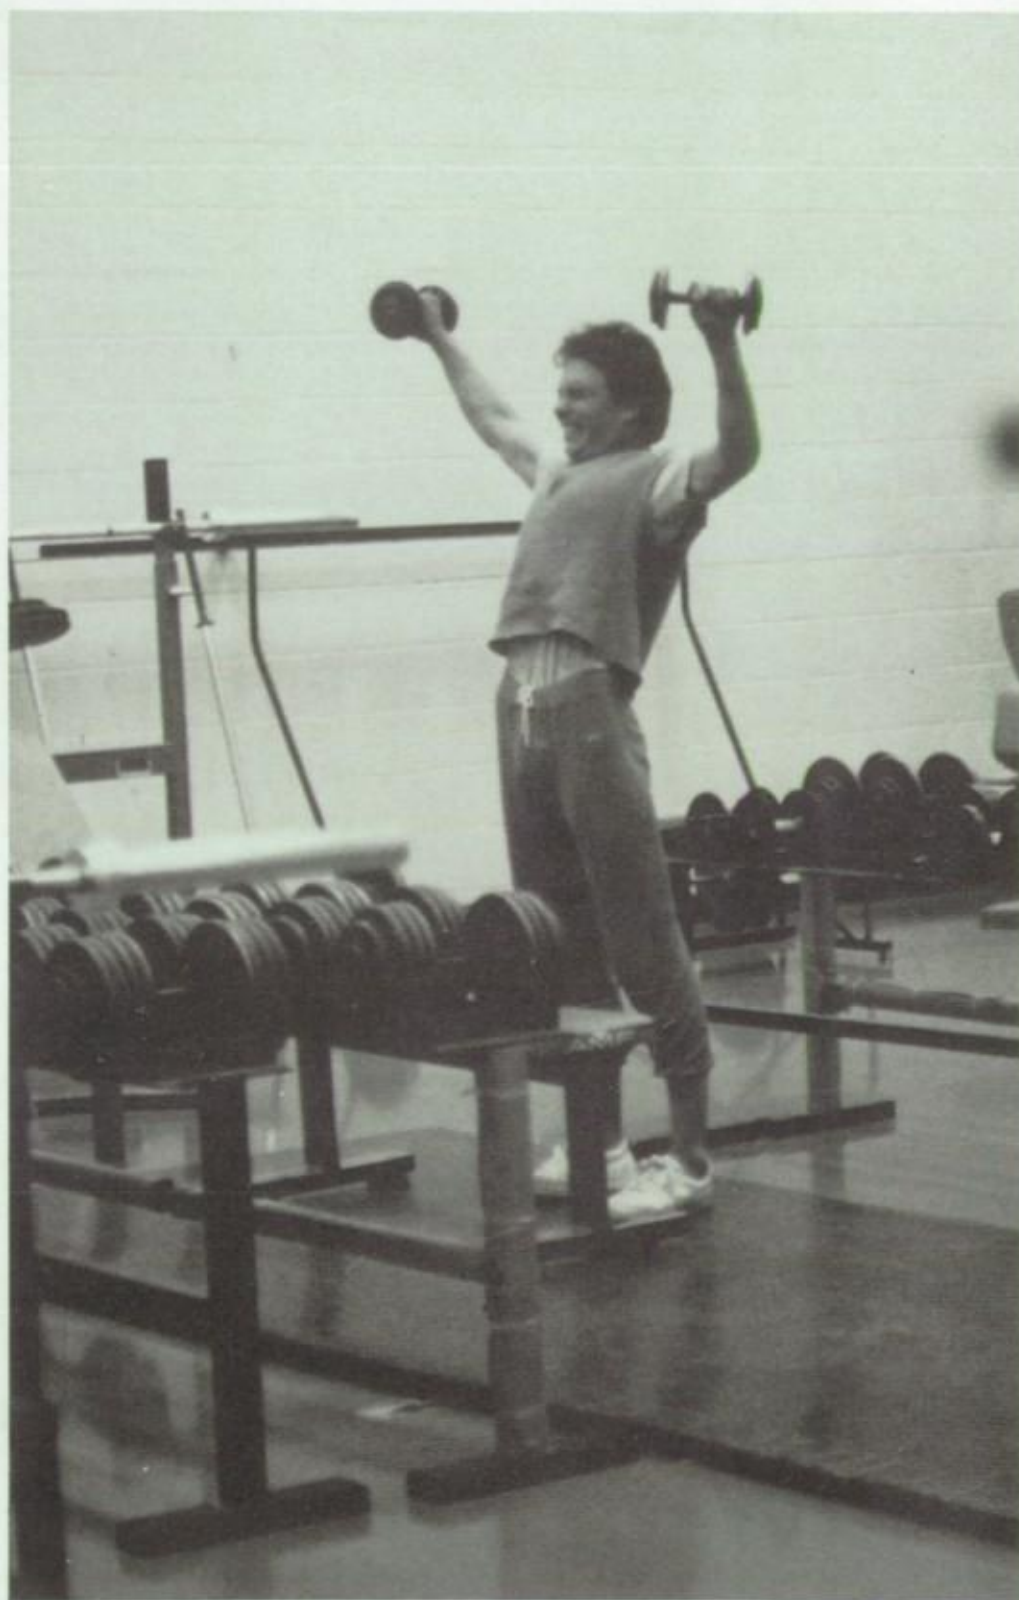

There are usually more people that go to weightlifting before school then after, because a lot of the students have jobs or are just too busy to go after school.

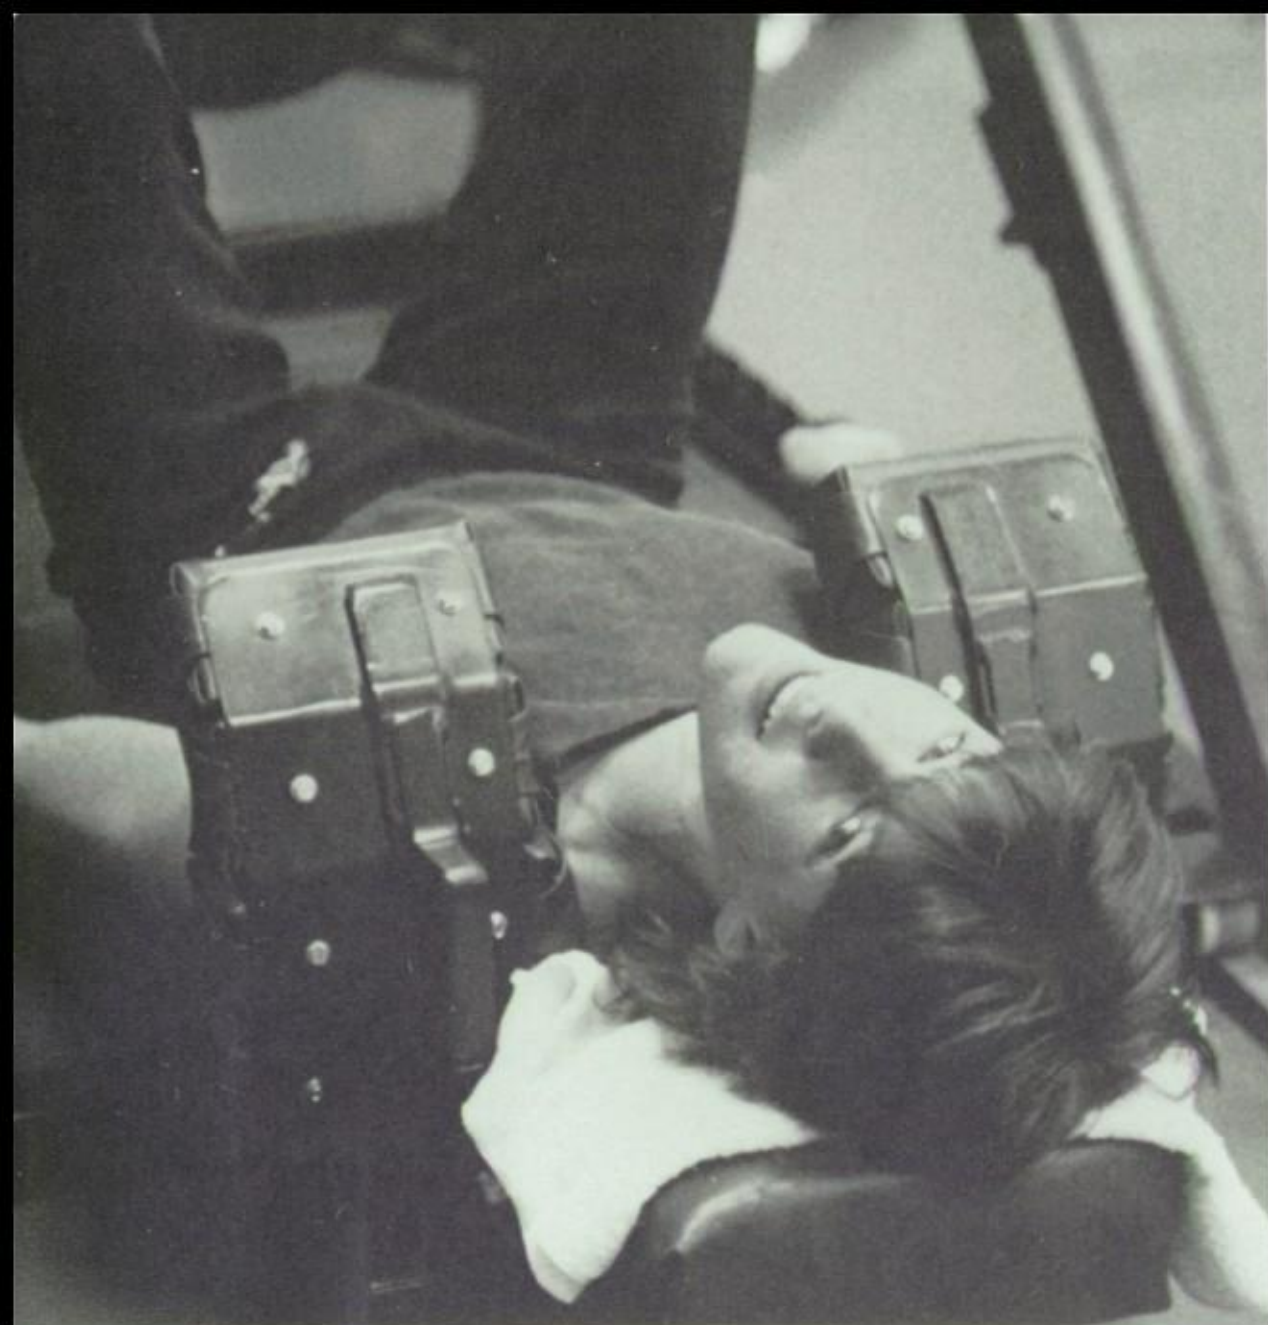

The people that go before school are pretty much the dedicated ones who go everyday and work at getting better.

There are so many different weights that people can use. For example they have ones for the thighs, the calves, the arms, chest and many more.

Some of the people that go to weightlift do it to relax after being in school all day, or just to have fun.

Mr. Hill is the instructor that is in there to supervise and just help anybody out that needs help.

Working Together

Getting together is what it's all about, when the students go to the teachers to talk either personally or about school work.

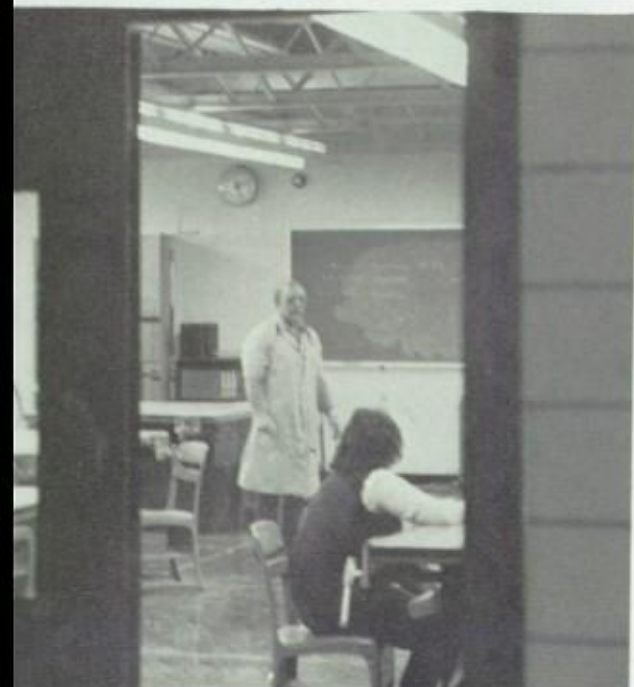

Which ever class the students are taking they are usually having fun at it.

When the students are having some sort of problem the teacher tries to get them more interested in the work by making the class time fun.

There are so many students on the eligibility list that the teachers and administration decided to do something about it. So they got this program called S.W.A.P. (students with aca-

demic problems) it goes on every Thursday all the classes are shortened. Then the people that are not on the eligibility list have lunch for an hour, from 12:15 to 1:15 and the people that are on the eligibility list have to go to their assembly teacher and then get help with the classes that they are failing for a half an hour and then the other half an hour people get for lunch.

The teachers and the administration are hoping that this program will get the students motivated enough to pass all their classes.

Hanging Around R.H.S.

There are so many different sides to people's moods; the serious, the sad, the happy, and the loving, all rolled up into one at R.H.S.

Too many times you see a person crying in the halls, but then as soon as you turn around you got another person laughing over something stupid, or over what someone has done.

People are always there to help a person that is down in the dumps, to bring them up so they can see the sunshine.

That's what this school is made of-caring people that will do a lot to help someone.

Many of the people at this school love to show their emotions in what they do, maybe with sports, drama, clubs, or any of the other groups in the school.

SOPHOMORES SPEAK

Eric Deist: How do you feel about the coaching staff at R.H.S.?

"The football coaches are some of the nicest guys I've ever known. They realized that you're out there for the love of the sport and they make it fun. This year they treated you just like family and you felt like you had a place on the team."

What is the biggest change you have experienced between your freshmen and sophomore years?

"Basically it's the competition level. It's not only for the fun of it anymore, your going out there to win. A lot of guys have played for three years and this is their last chance to make it big, so their going after you and they'll keep coming back."

Rene Parr: Being a new student at R.H.S., how do you feel about the teaching system?

"The teaching system here is a lot better than where I lived before. The teachers take more time and effort to help you with your work and to make sure you understand the work that your doing."

What is the biggest change you have experienced between your freshmen and sophomore years?

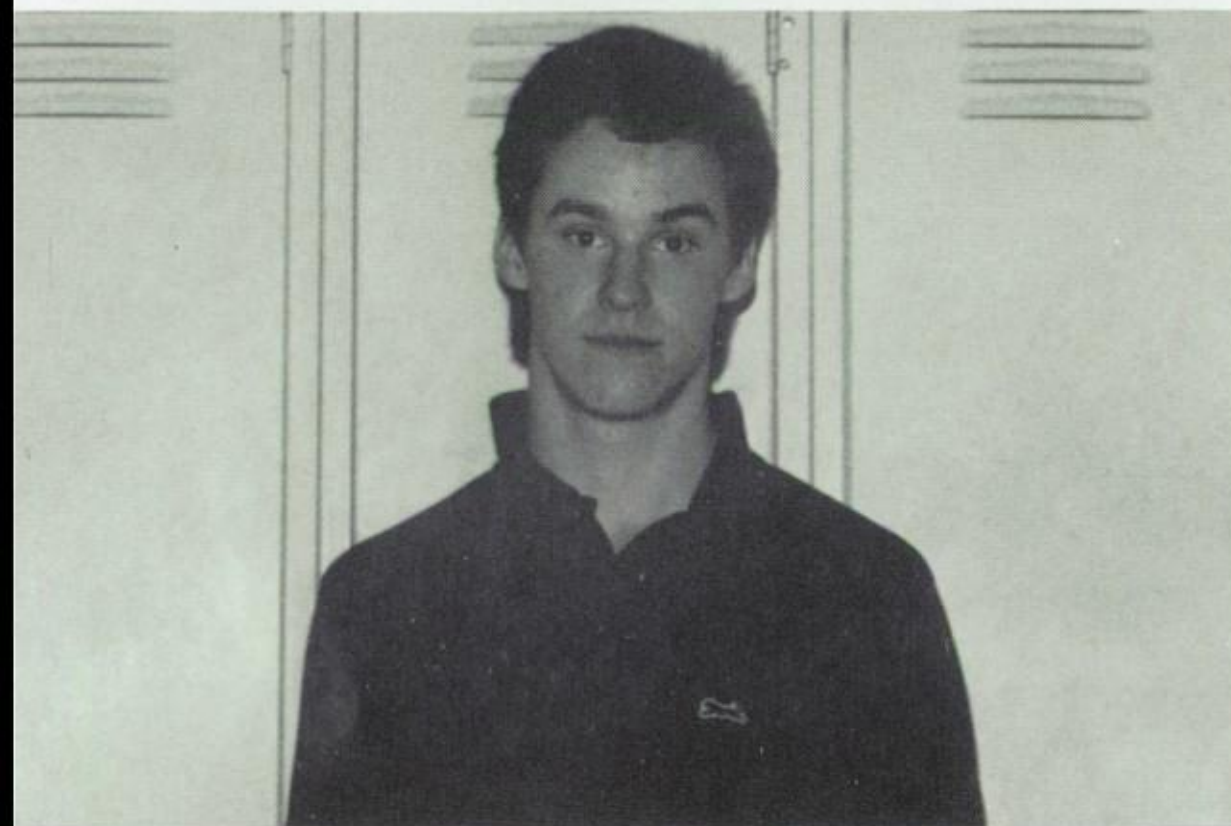

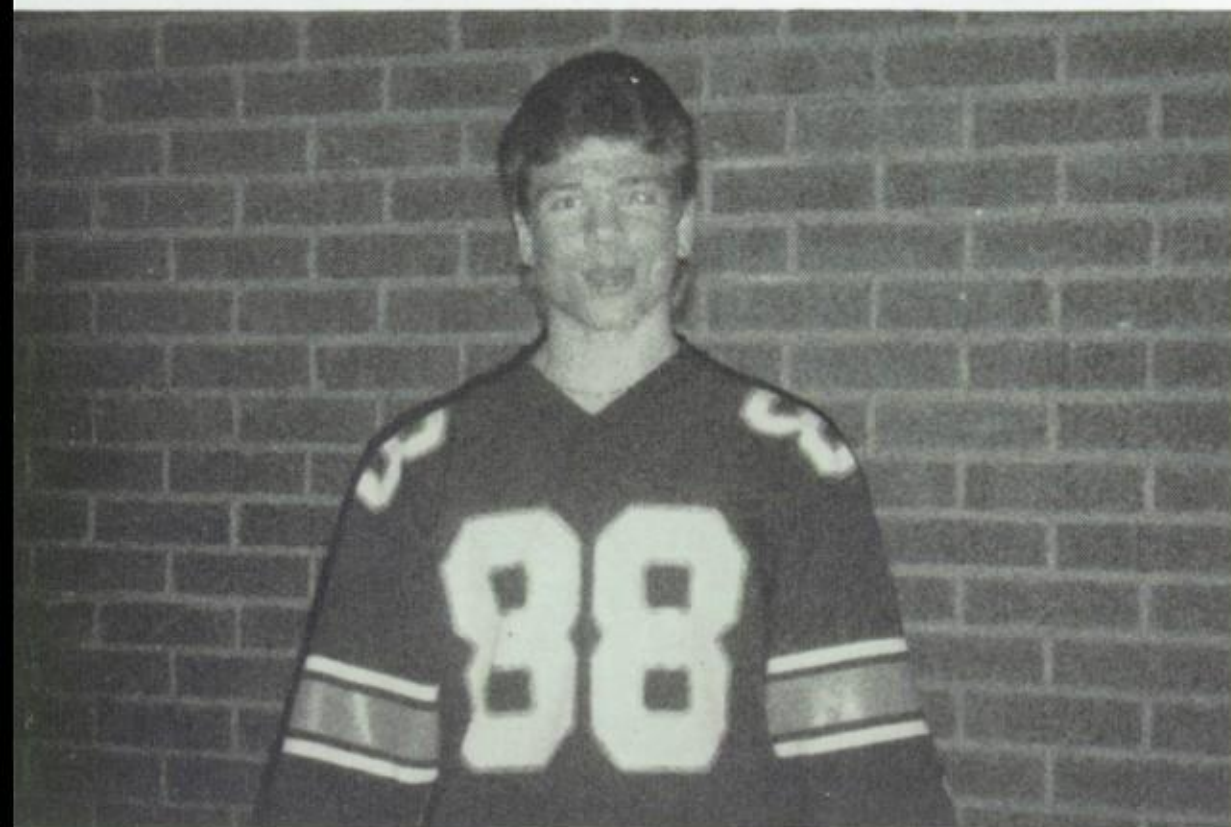

"There are new opportunities, meeting new people, and handle situations with more experience."

Travis Moore: How do you feel about the eligibility rules at R.H.S.?

"The eligibility rules at R.H.S. are very good ones, I think this because if anything, they should be harder."

What is the biggest change you have experienced between your freshmen and sophomore years?

"Well the greatest change I have faced is the harder classes and my first year of varsity sports."

A Winning Attitude

Chris Michie- Being the only Senior on the basketball team this year, do you feel like you have more leadership compared to last year?

"Yes, I feel we had leadership in all of our players this year. The team worked together to try and play together better and this created a greater variety of leadership. Each person has a different style of leadership and I felt everyone on the team showed their own personal style at important times. Everyone on the team contributed to leadership this year which increased the amount that we had on the team. I don't think any one person contributed more than everyone else because we all worked together to try and better ourselves."

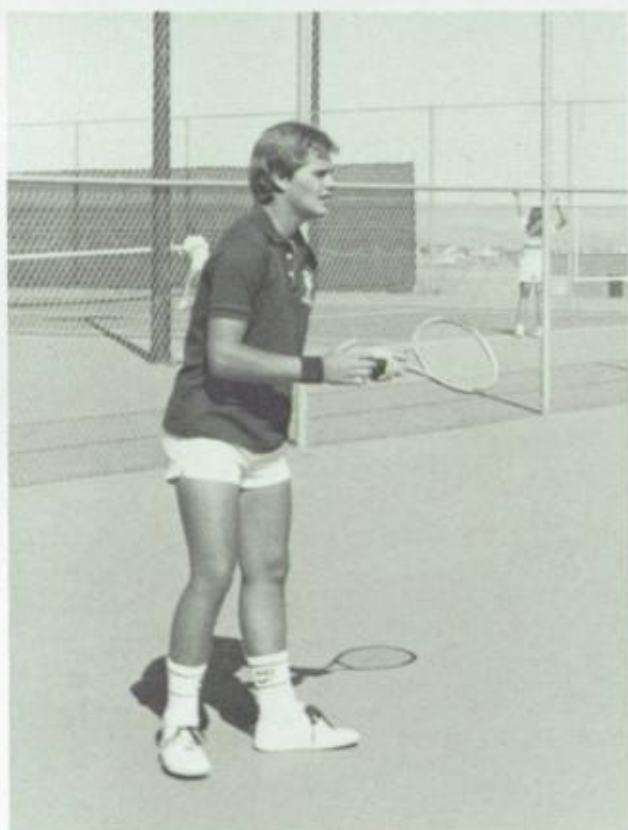

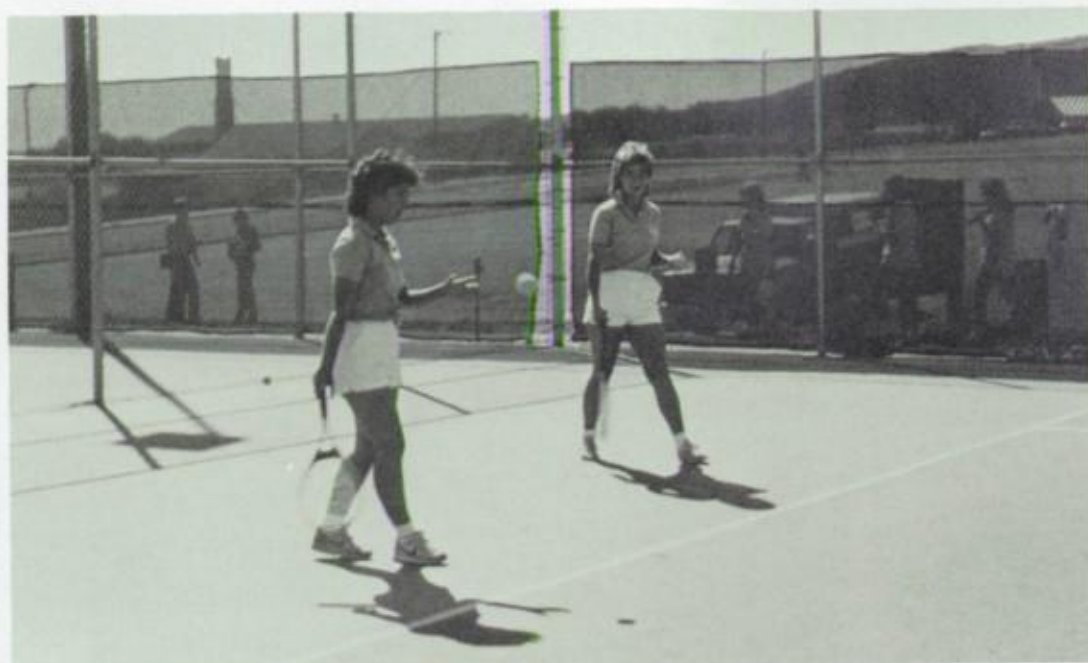

Becky Lyle- How does it feel to be accepted to Sheridan on a Volleyball Scholarship?

"I have always dreamed about playing college Volleyball. I never really knew if that dream would come true or not, but now that it has, I feel very honored. Volleyball has been the only sport I've ever given my all to, and the idea of playing for Sheridan thrills me. I couldn't have done it without the great coaches I've had since 7th grade. Besides getting to play two years of college volleyball, I have the opportunity to get two years of a great education at Sheridan. Being offered a volleyball scholarship has given me pride, I am honored to have the chance to further my career in volleyball. This is just one great challenge to take after graduation."

Kai Ginest- What is your particular interest in Cross Country?

"I have many interests in Cross Country. The competition is great, the trips are fun, and I've met lots of new people, but the best part of it is the feeling of self-satisfaction after I'm finished with a race and I know that I've done the best I possibly could. Its a great feeling which has no substitute."

Tennis Anyone?

STRONG YOUNG TEAM FOR NEXT YEAR

The Outlaw Tennis Team finished it's second year in "85" with a third place showing at the Conference Tourney. The Team was led by Juniors Brad White and Russle Sapp, who battled their way into the Conference Championship Finals.

At the State tournament in Laramie, Lon Bromley and Mike Neuman upset several seeded teams to make it into the 5th round before being knocked out of the tourney. Also turning in fine performances were Eddie Coronado and the doubles team of Loree Anderson and Amy Sue Thorkalson. Coronado fought his way through four rounds of action while Anderson and Thorkalson made it through 3 rounds before being ousted.

With only one of the 23 players on the squad graduating, 1986 promises to be a good year for the Outlaws.

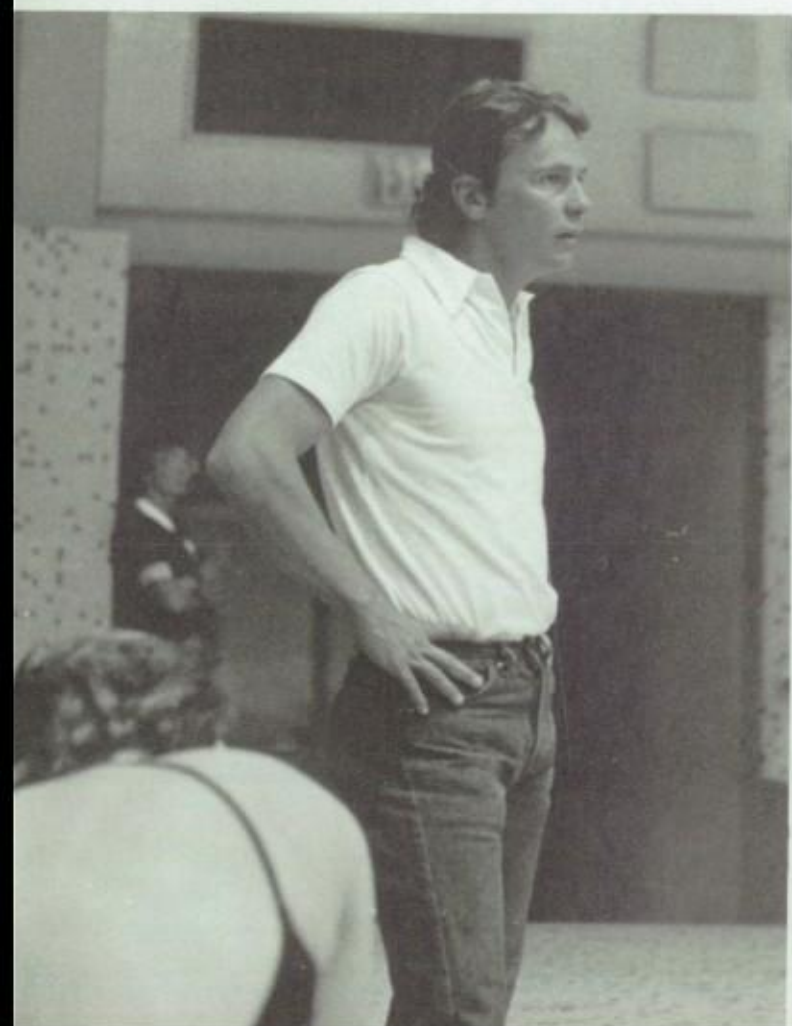

Swimmers Make A Splash!

TWO QUALIFY FOR STATE.

I would like to thank the members of the Rawlins High School Girls micro Swimming team for one of the most enjoyable swimming seasons that it has been my privilege to coach. These girls put in an incredible amount of time and effort and, week after week, went into meets against overwhelming odds to be beaten by teams who had much poorer swimmers but who were able to win just by the sheer numbers of them. But in High School Swimming, dual meets

are no more than glorified practices. There are just two really important meets, the Conference and State Championships. Because of the number of good swimmers at a championship meet, it takes a quality swim team to do well. This year's RHS Girls Team was indeed a quality team and the quality came to light in the two most important meets of the season. Thanks again girls!

Varsity Football

IT TAKES A LITTLE MORE TO MAKE A CHAMP.

Long before the Outlaws notched their first of six straight wins, some forty-odd individuals started what would end up as the best season in three years.

During that first week of camp, we built a firm foundation of leadership, enthusiasm and love that enabled us to have a winning season, despite a preliminary 11th place ranking.

The last practice before the opening game was different than any I'd been to before. There wasn't any loud inspiring talks or any hollering, everyone was quiet, but you could feel it in the air. That night all fears were laid to rest because we knew we'd win, and go on to have a winning season. You could feel the electricity. Then Rich Colson stood up and simply said "Let's go out tomorrow and kick some butt."

We went on to win that game 26-22. We continued our unbeaten streak, by upsetting Evanston and shutting out Glenrock.

Homecoming is a special memory in every football players mind, especially one like we had this year (against Wheatland). We started slow but when we got going we

couldn't be stopped, and ended up with a 36-6 win allowing Wheatland 1 yard rushing.

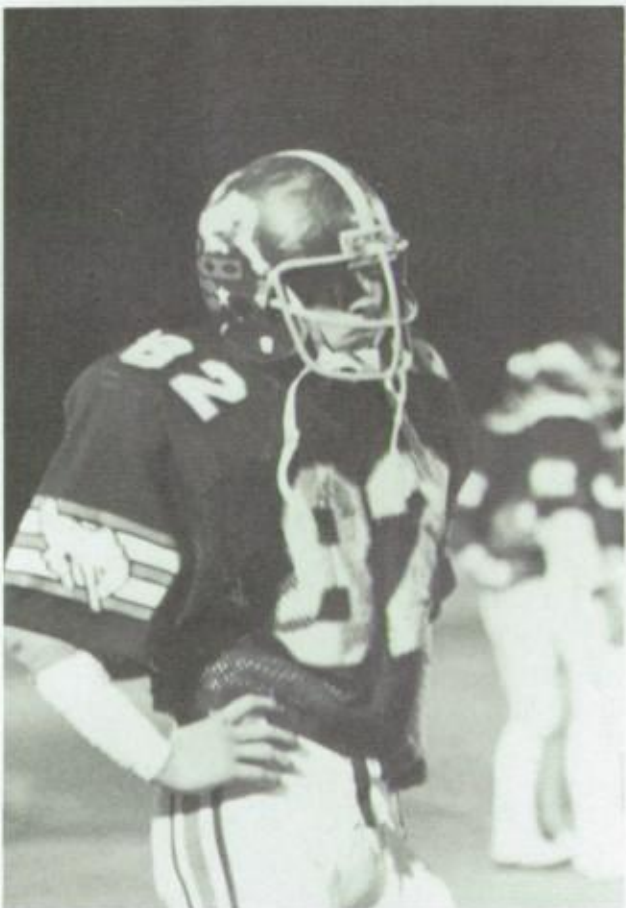

After that we went on to win two more before losing what was called the "Conference Championship Game" to Cody. It was a tough one to lose but we bounced back by beating Green River 41-9.

The second heartbreak game with a loss to Rock Springs that should of never happened. I'm sure that game still sleeps with us all.

The theme for our team this year was "It takes a little more to make a champion," and I think we had a little more. What we had was a genuine friendship and the enthusiasm that it took to make a CHAMPION!

VARSITY V-BALL TAKE THIRD AT STATE

"Do Your Best To Become the Best," was the motto for the 1985 volleyball team, and although we weren't State Champs again we accomplished more in one single season than ever before and ended up third in State.

We knew we were in for a tough season the first day we stepped on the court. We lacked experience and we were a young team. We practiced harder in this season than in any of the past seasons. We had our ups and downs; we had plenty of disappointments. We didn't have a *terrific* season as far as win/loss is concerned, but we grew closer to each other with every step we took and improved immensely.

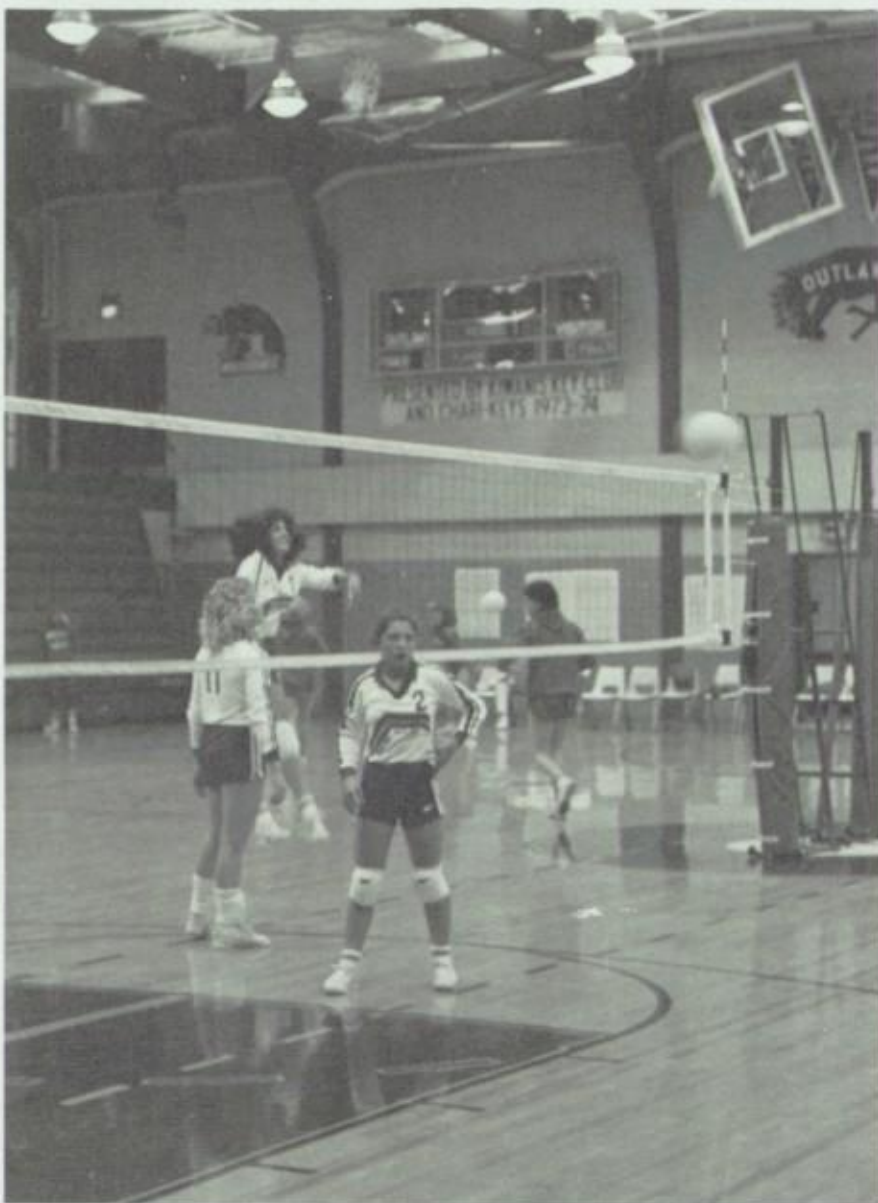

The first time we played together we were like total strangers and I thought if that was how we kept playing, we'd never be a team. But fortunately, that thought disappeared with time, as did the lack of experience. As the season progressed, a change came about.

We started helping each other with our problems. We all had our upsets but we made it through the season with the help of other teammates. Soon, we shared a closeness I would have imagined impossible at the beginning of the season. When the season came to a close, I guess that one could say that we were a family, a group, of about 15 sisters with three mothers- Coach Conlin, Coach Brown, Coach Jebens- who overcame greater obstacles than most people dare to take on. The never-ending support and encouragement of our parents and fans was an added plus to our season. I think the other members of the team could agree that we wouldn't have survived without the love and support of all of our parents.

I was sad when it all ended, yet glad that I was a part of the 1985 Volleyball Team. This year was very important to me and I'll never forget my "Family."

Strong & Young

CROSS COUNTRY ON THE RISE.

A lot of people think that Cross Country is an easy sport to be in, it's not. We put in hours of practice, before and after school. We run from 4-8 miles a day. We run through rain, snow, sleet, and freezing winds.

This was the third season of Cross Country here at R.H.S. and it's doing considerably good. There weren't too many runners out, and we had our share of injuries, which every sport has almost no matter what.

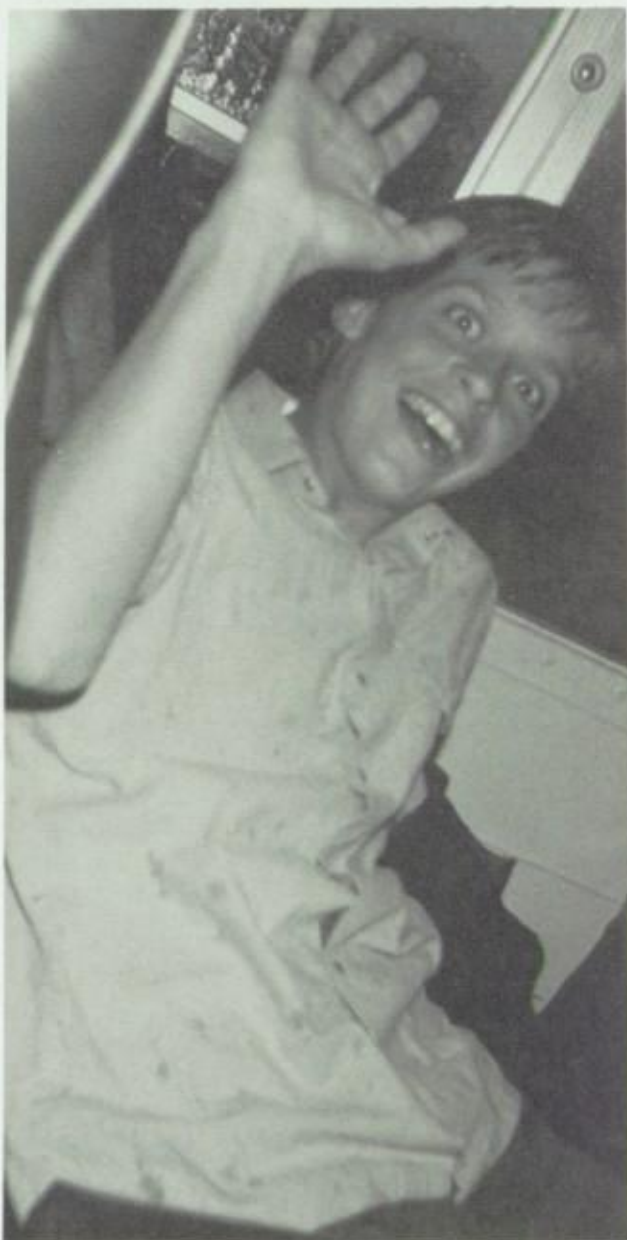

Next season should be pretty good, we have some very good, strong younger runners. Shelly

Kidd ran very well for her first season ever in the sport of Cross Country. Our whole team did well, at every meet we tried to improve our times. It's a real good goal to try and reach when your out there running because it helps you to push yourself to your limit.

Cross Country is a mental sport as well as a physical sport, if your mind doesn't want to run your body won't want to run either.

I hope to see lots of new faces next year for this sport, if you feel like a challenge, this is it.

Oh, What A Team!

GIRLS' VARSITY B-BALL

The girls' Varsity Basketball team for the season of 1985-86 turned out to be a big surprise.

After the loss of four starters from last year, the papers didn't even have our team rated. To their surprise the team came out to beat every three-A team we played. Things went great until the start of the Conference season. We started it off with losses against Lander, Riverton, and Rock Springs (at this time rated number one in the State).

Every week we became stronger and filled with more confidence. One of our Starters quit in the middle of the season, that moved sophomore Chantall Stroud up to a starting position. The other 4 starters were Maggie Obe, Suzette Haller, Tracey Baxter, and Kari Onedera.

Our team had the best shooting record in the State, and with Maggie Obe as the best center in the State, we had become

very strong. Going into the State Tournament we were rated number two in the state, with a winning record of 16-4.

The Championship game was the exact repeat of last years Championship Game. Rawlins vs. Sheridan. The game was Rawlins' lowest scoring game of the season. The game ended up with a low score of 29-26 in Sheridans favor. Rawlins, for the second year in a row, took 2nd in the State.

Maggie Obe made the All-Tournament team, the only one person from Rawlins. Maggie was the high scorer for our team during the regular season and also at State. For All-conference Maggie Obe and Suzette Haller made it. Good job Girls!!

Maybe in next years Championship Game Rawlins can whip the other team with no problems standing in their ways. We're counting on you Lady Outlaws.

Movin' Up

J.V. GIRLS B-BALL

The J.V. Girls 1985-86 Basketball team had an extra-ordinary season this year. Ending up with a record of 14-6, the season record shows it all.

The team was made up of mostly Sophomores, they were very strong. There were only 2 Juniors so the team will be very strong next year and in 1987-88.

If they keep it up they can be the best. Keep up the tradition girls. We're pulling for you!!

Hoops!

GIRLS FROSH B-BALL

The Freshmen Girls' Basketball 1985-86 Team had the talent but just didn't compare to the other teams in their Conference. Coach Hanson gave the season his all but it just didn't come. We hope that these girls learned a little more this year and will gain more experience for next years season. Go For It, Girls.

A Winning Attitude

VARSITY BOYS B-BALL

The 1985-86 Boys Varsity Basketball team had a tough season. They won a total of 5 games all year.

The attitude of the team members wasn't the greatest, and didn't help too much. The team started out good but then lost the momentum during the season. With some team members moving, quitting, and injuries that didn't help the losing season.

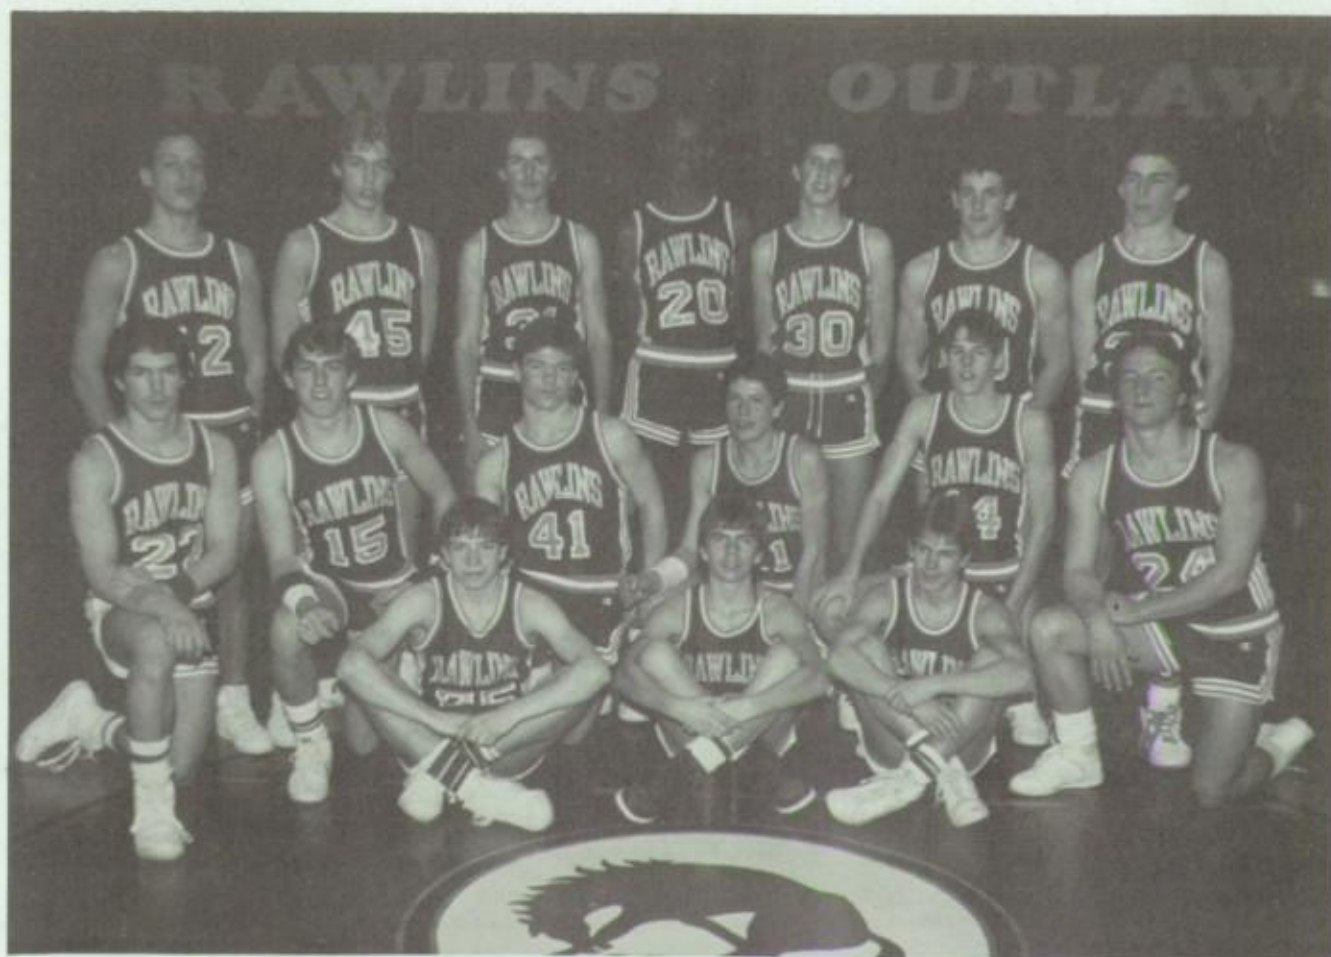

As Coach Windis' last season here at Rawlins High School, it was one of the worst seasons of his career. He has the talent as a coach but he needs to give the players a winning attitude. The team also had the talent but

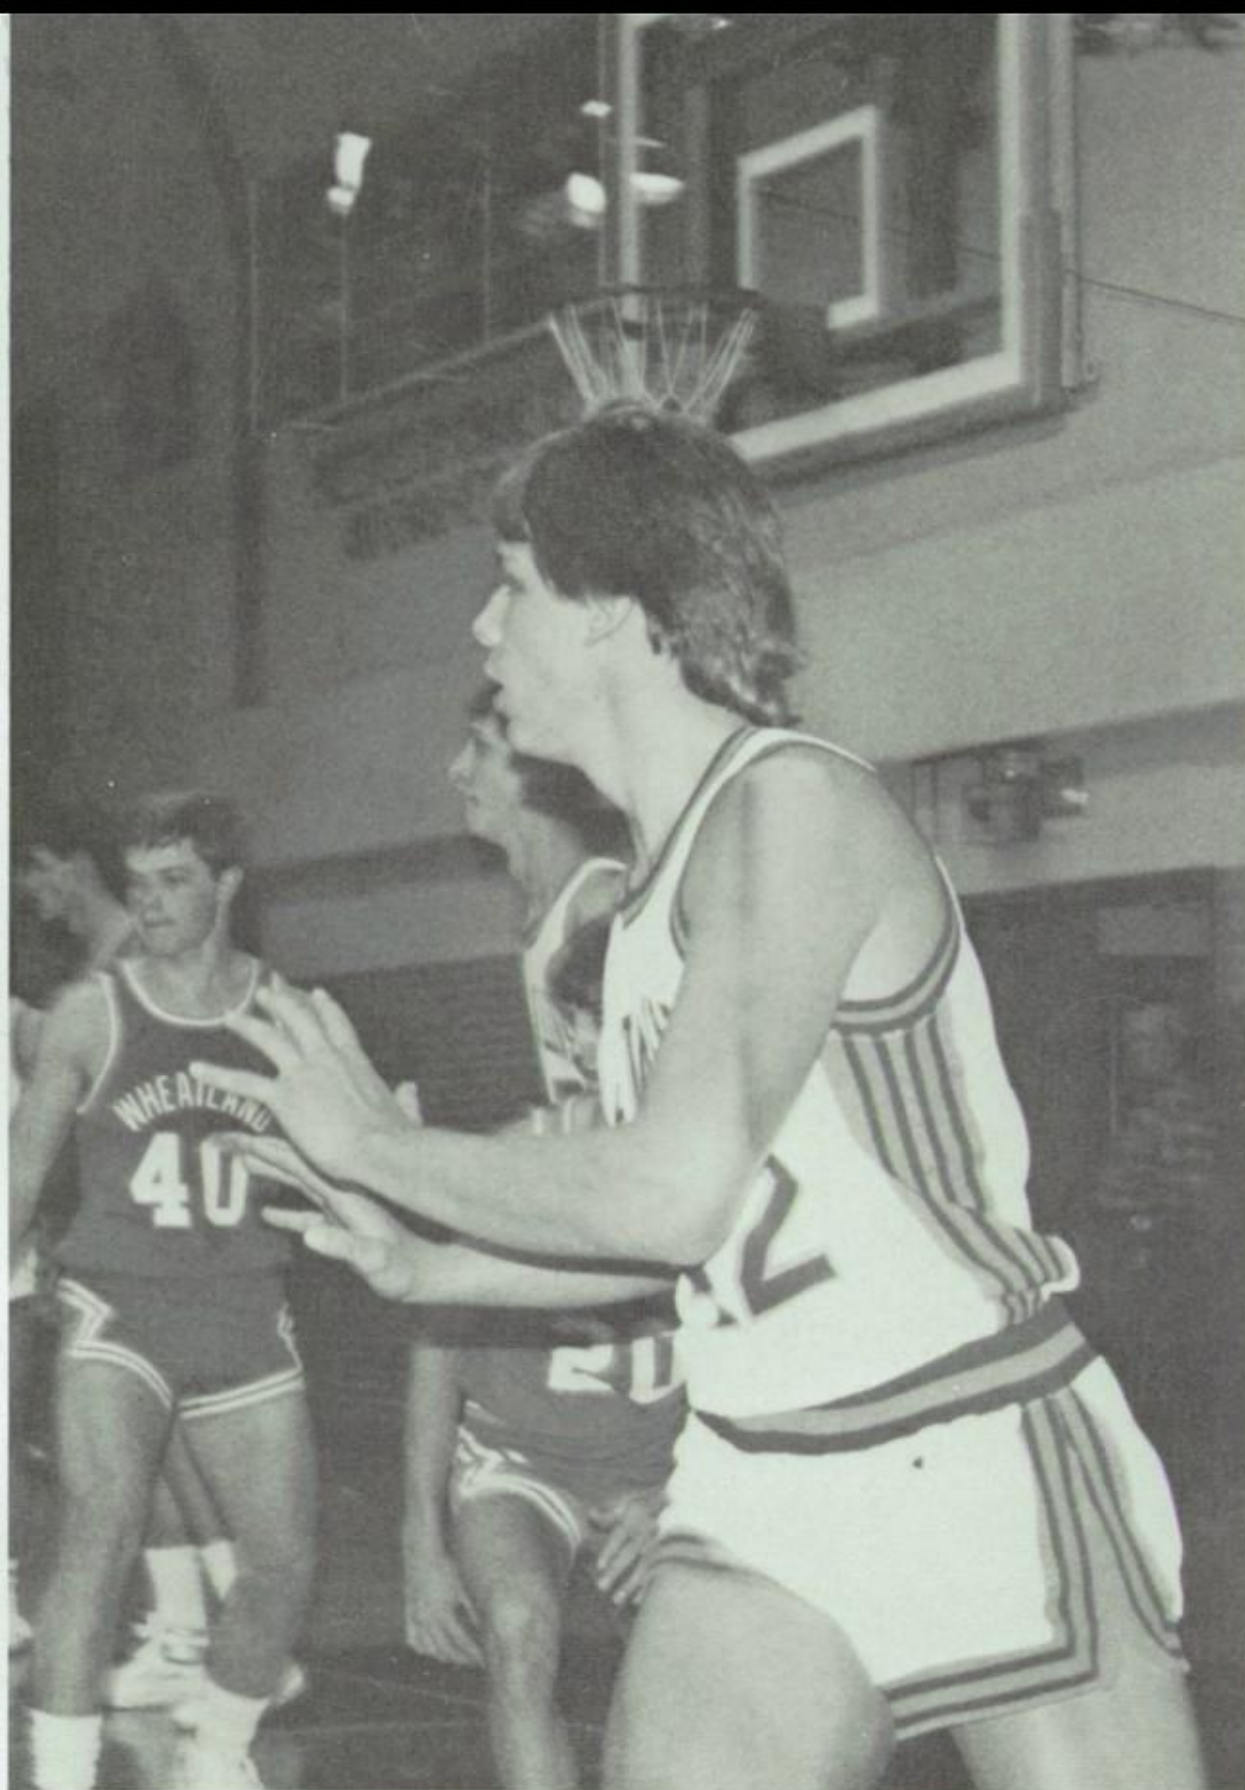

didn't make it tick. As one of the greatest coaches ever to come to Rawlins, we regret to let him go but life must take its course.

Our team has some very gifted young players, they got a lot of playing time in this year. If they can continue on their progress they will have a stronger more experienced team in the future seasons.

They need to practice their skills this summer and improve themselves to a maximum. We hope to have a strong and experienced team for next years season.

Next Year's Glory

J.V. BOYS B-BALL

The 1985-86 J.V. Boys' basketball team didn't do great things in the eyes of the fans but to the rest of us out there that know what they went through and understand.

The coaching staff couldn't decide who they wanted to play J.V. or Varsity and it took it's toll on the players. With quite a few people quitting this year it will make us have a stronger playing team for the years to come.

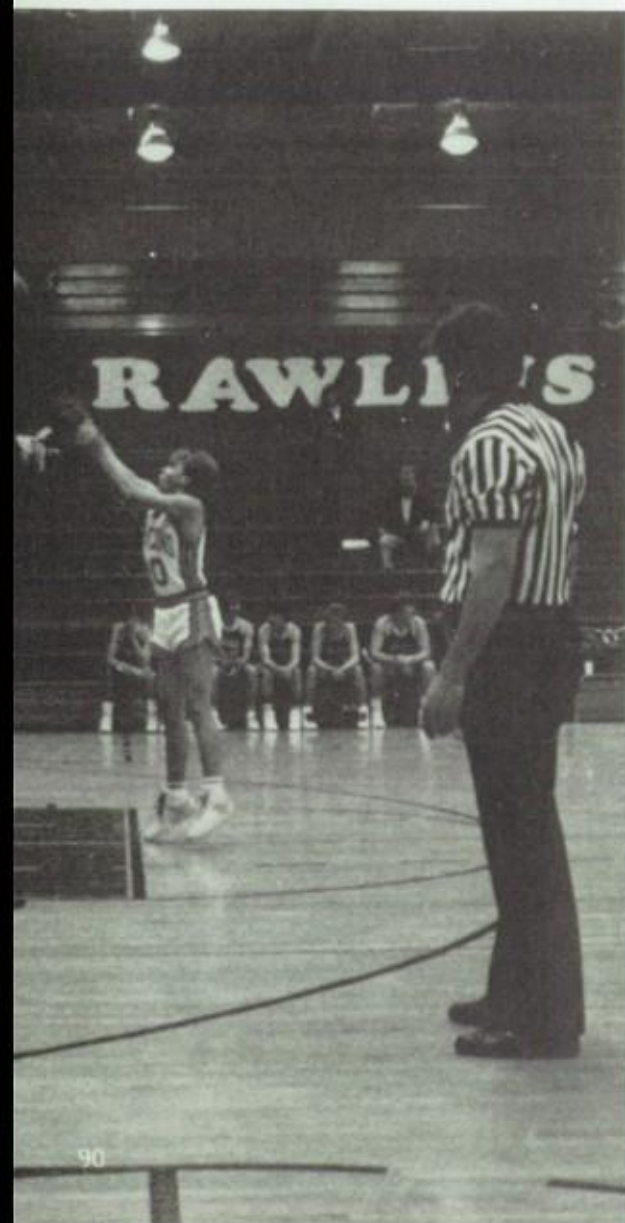

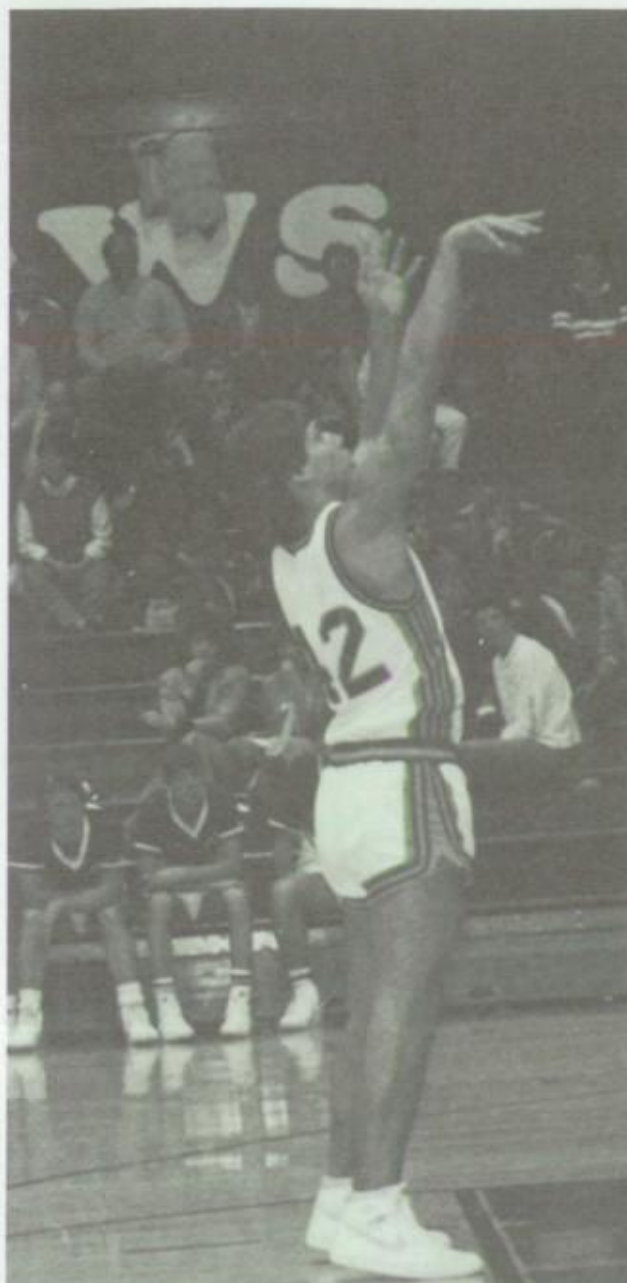

Good luck in the future, boys.

Shooting Stars

FROSH BOYS B-BALL

The 1985-86 Freshmen Boys' Basketball team didn't have the greatest season but they tried their best at what they were doing. Basketball changes a lot in the high school compared to the basketball they were used to. A few members of the frosh team got a little experience at J.V. ball.

Maybe next year you'll do better, guys.

The Young Survive.

The boys High School swimming and diving team had a somewhat difficult season. The lone winning dual meet came at Craig, Colorado when the Outlaws came away with victories over Craig, Grand Junction Central, and Fruita High Schools.

At the conference swim meet two Freshmen scored individual honors. Shane Matthews placed 7th in the 200IM and 5th in the

100 fly. Matthews also qualified to swim these events at the state swim meet. Diver, Steve Thorkalson was able to place 9th. The 200 medly relay team took 6th as well as the 400 free relay team.

At the state swim meet held in Rawlins, the Outlaws were able to score points in diving: Steve Thorkalson placed 11th overall.

Win, Pin Or Die

The 1985-86 Outlaw Varsity Wrestling Team had a magnificent season.

For the second year in a row Senior Steve Murphy came away with a State Title at the 112 weight group.

There were ten Regional placers: 98 pounds: Troy Gill-2nd 105 pounds: George Sanchez-1st 112 pounds: Steve Murphy-2nd 126 pounds: Eloy Gonzales-4th 132 pounds: Dennis Cisneros-4th 138 pounds: Kai Ginest-1st 145 pounds: Lee Walinchus-3rd 155 pounds: David Martinez-4th 185 pounds: Jack Burgess-3rd Hwt.: Mike Petty-3rd

The Team had 4 State placers at State:

98 pound Troy Gill-4th
105 pound George Sanches-3rd
112 pound Steve Murphy-
State Champion
138 pound Kai Ginest-3rd
185 pound Jack Burgess-3rd
With only four Senior leaders

(with injured Senior John Larson) the team did very well. A team needs experience and our team didn't have much.

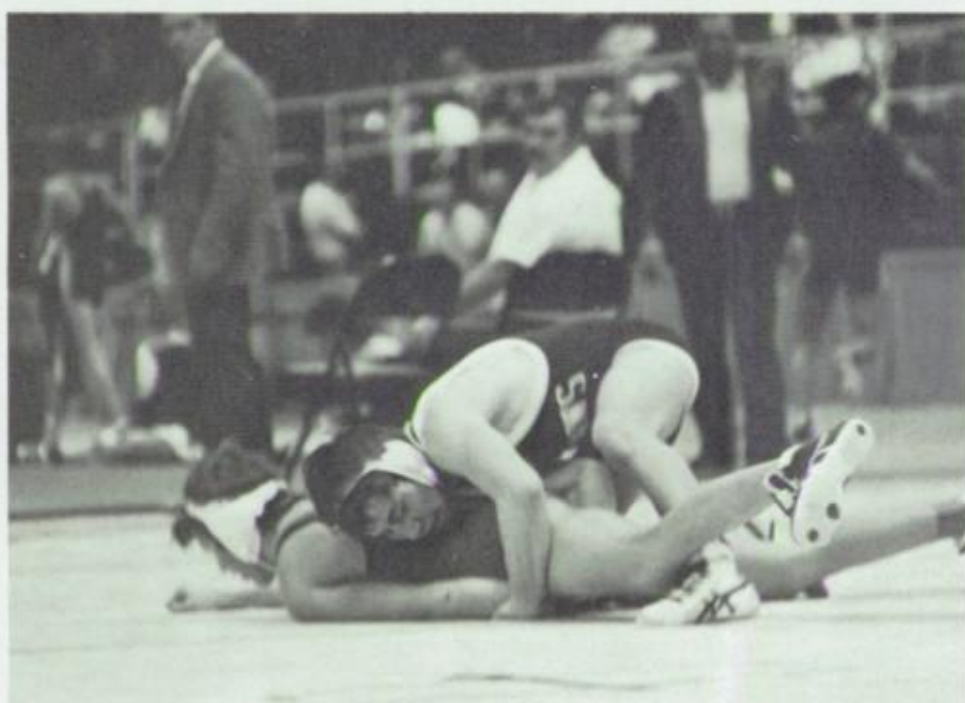

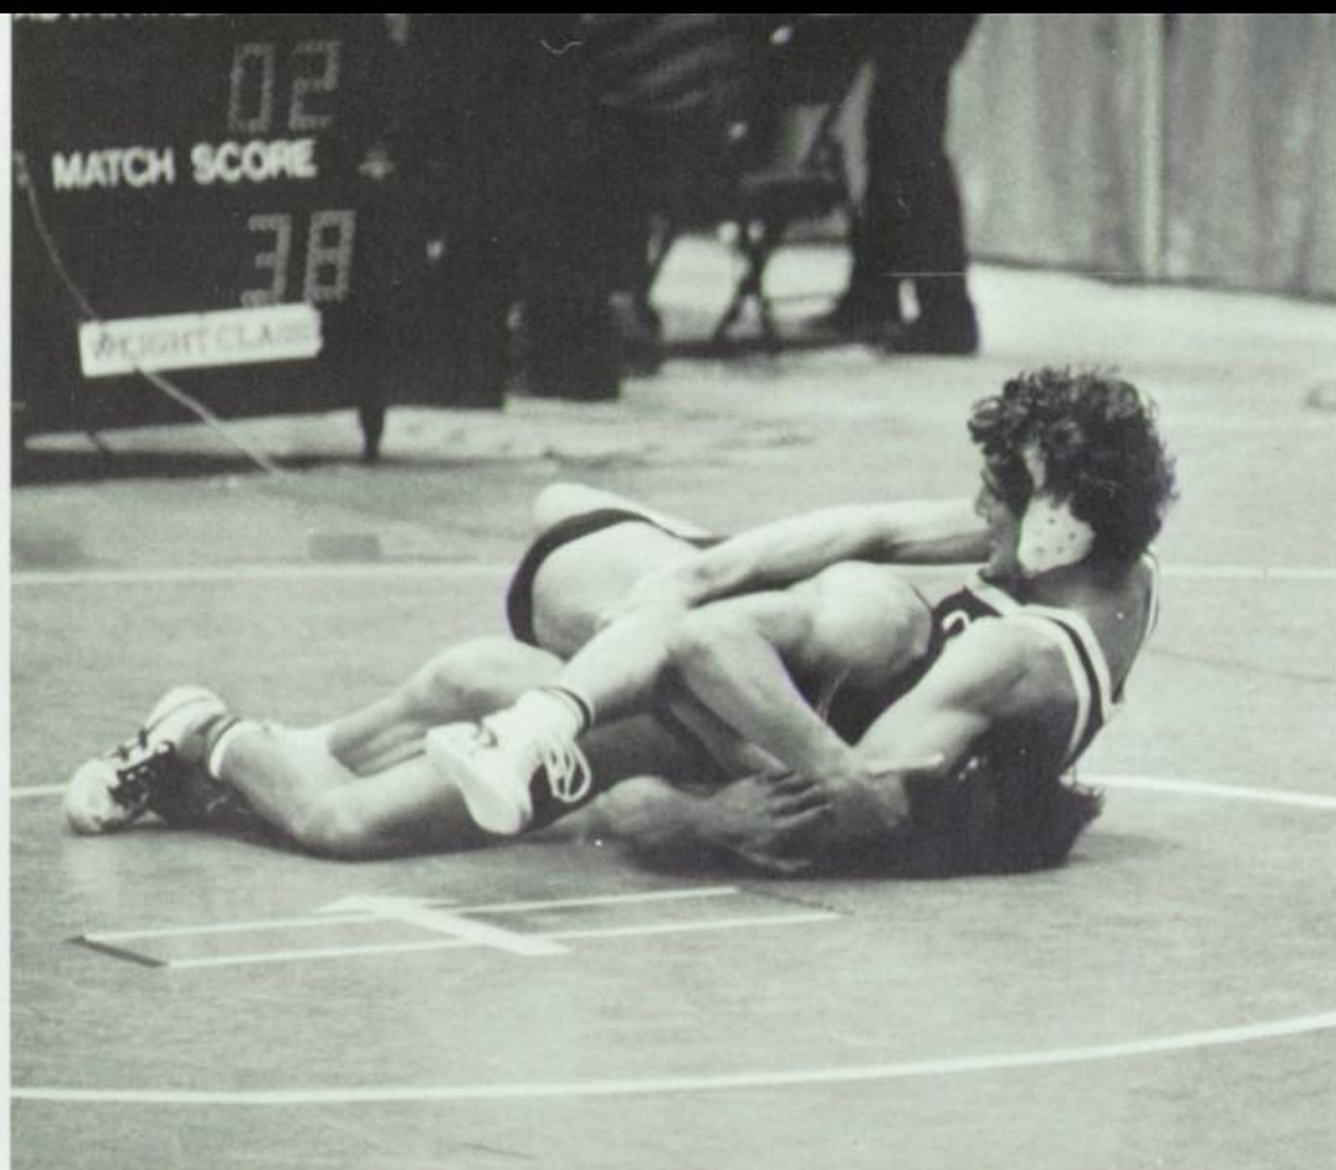

They did really good at every match. The younger wrestlers came out and proved themselves. It takes a lot for a Freshman to come out and land a spot on the Varsity Squad.

The Varsity team should have some very strong leaders next season. The J.V. team did very well and may prove to be strong next year.

We hope the coaches keep up their wonderful job teaching our young men the meaning of victory and defeat. They make the team want to become champions.

The entire team did a great job this year, we hope to see a lot more wrestlers getting their names in the spotlight next year. GOOD LUCK FUTURE OUTLAWS WRESTLERS ...

Pin To Win

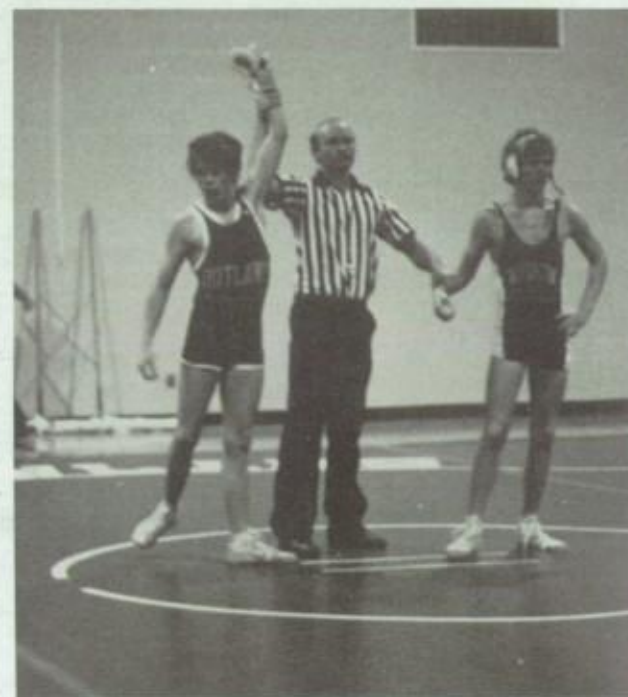

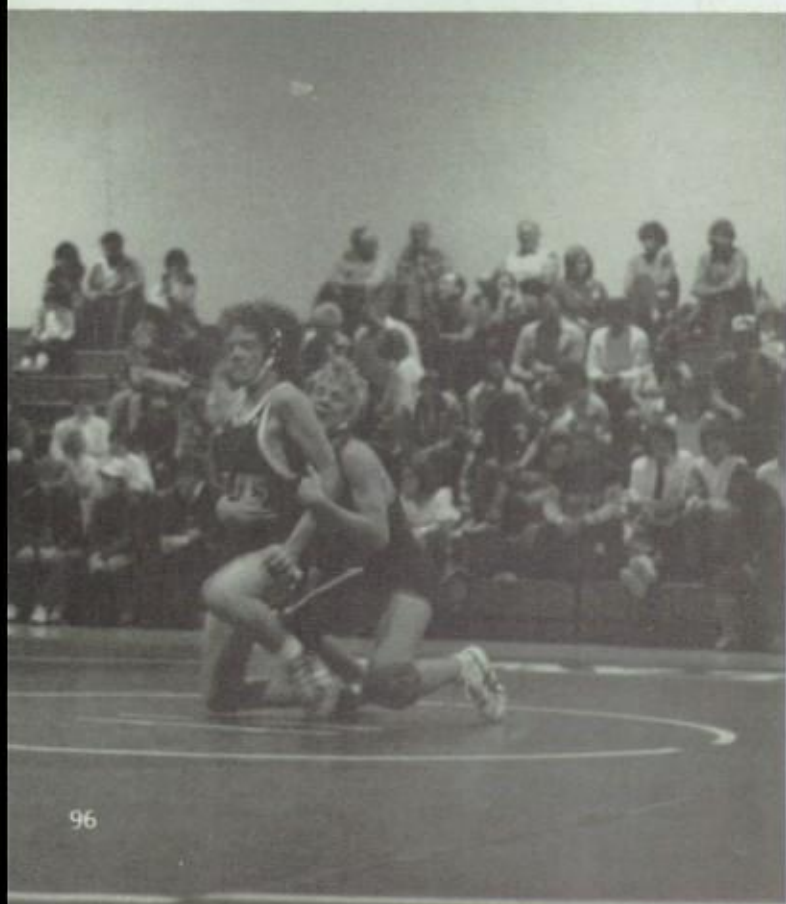

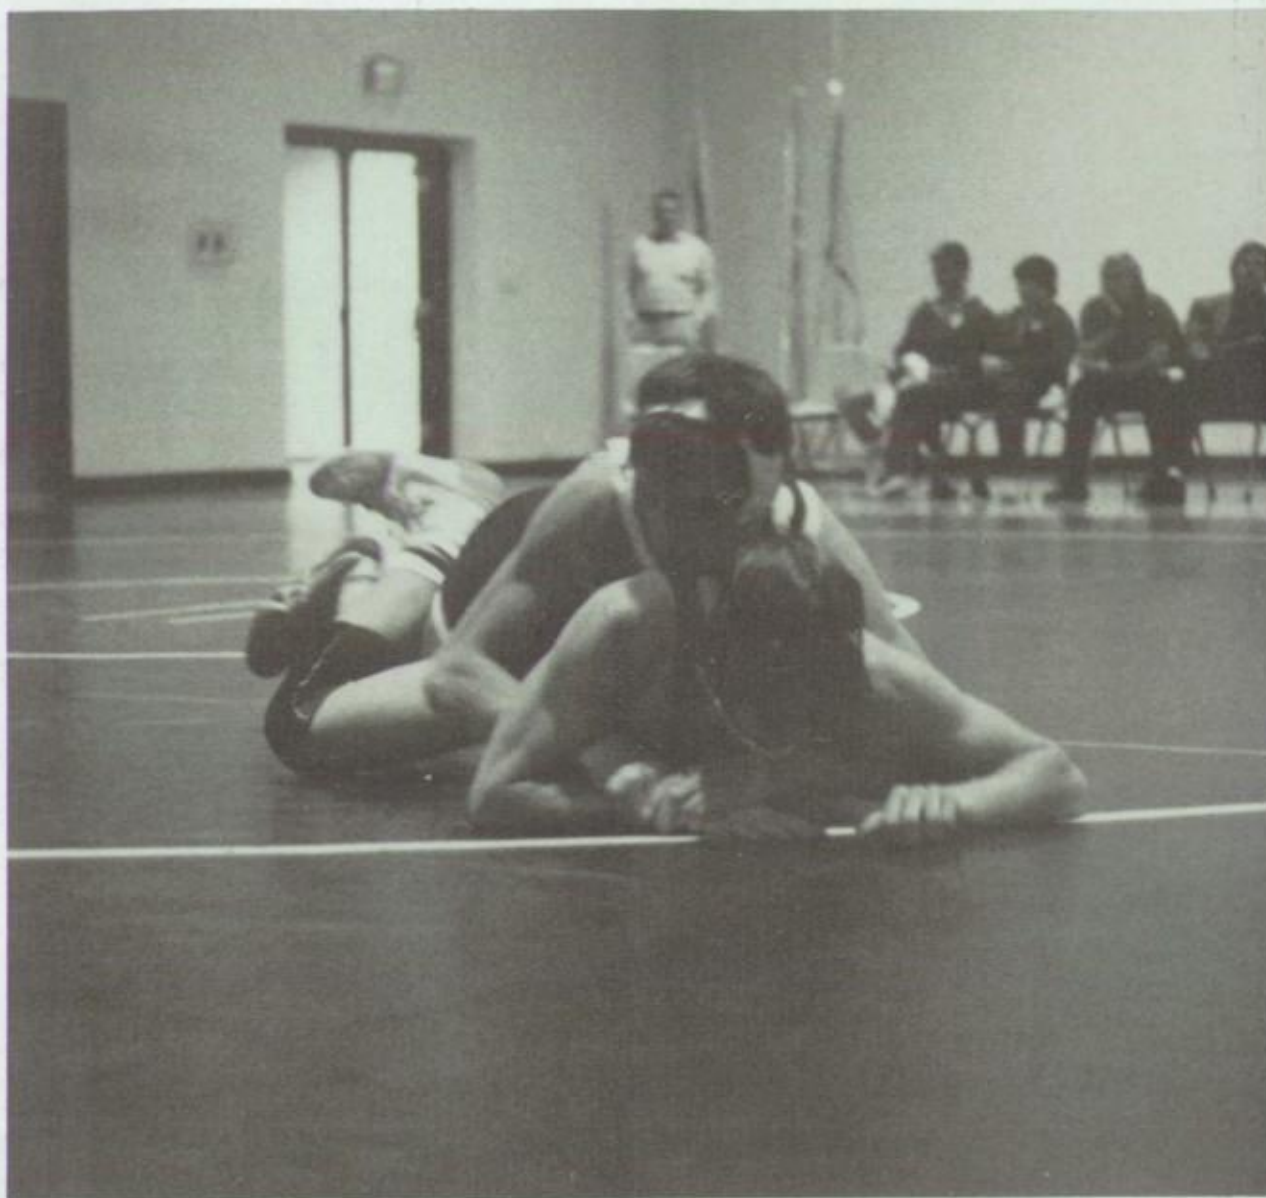

J.V. WRESTLING

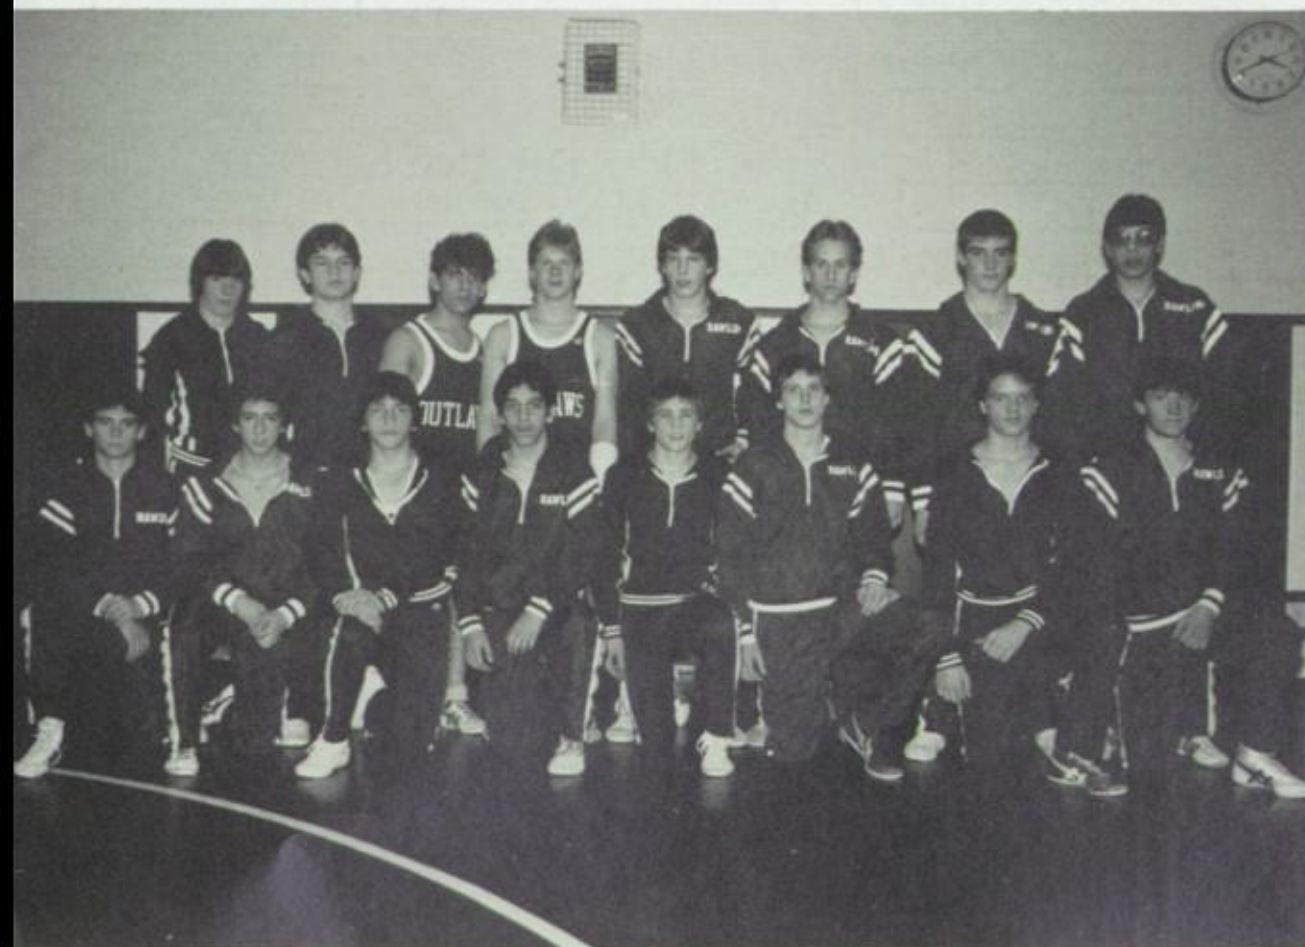

The 1985-86 Junior Varsity Wrestling team had a very good season this year. There were a lot of younger wrestlers and they did alright. The J.V. team won almost every dual meet they attended.

Since the J.V. team is made up of mostly all younger wrestlers, they should be prepared for next season, maybe in the Varsity Division.

It's good to start off at the J.V. level and work your way up, you get stronger and learn a lot about how to cope with everything.

Good luck, future Outlaw Wrestlers...

Star Track

Outlaw Track 1985-86

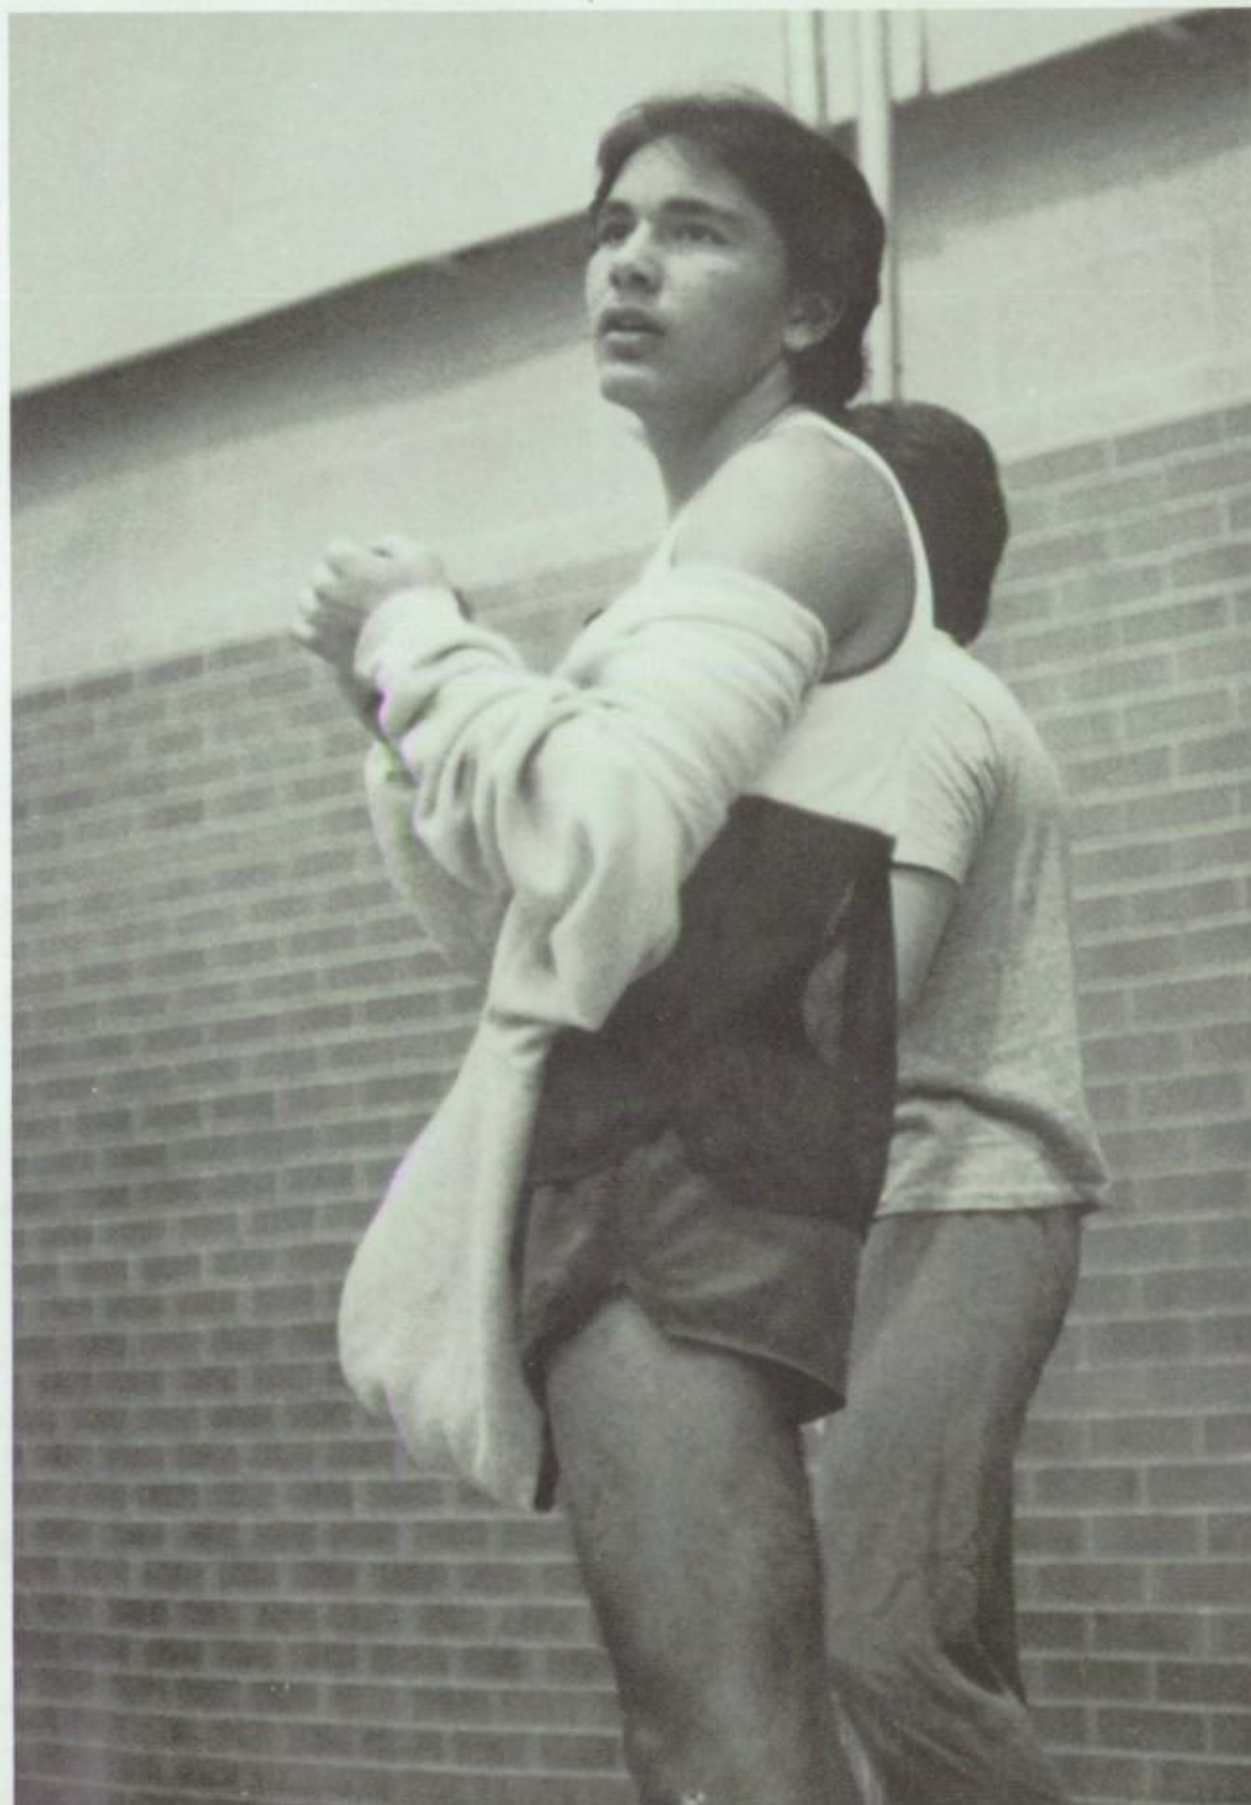

It all started on the 10th of March. The team seemed pretty big at first. A lot of Freshmen and Sophomores came out.

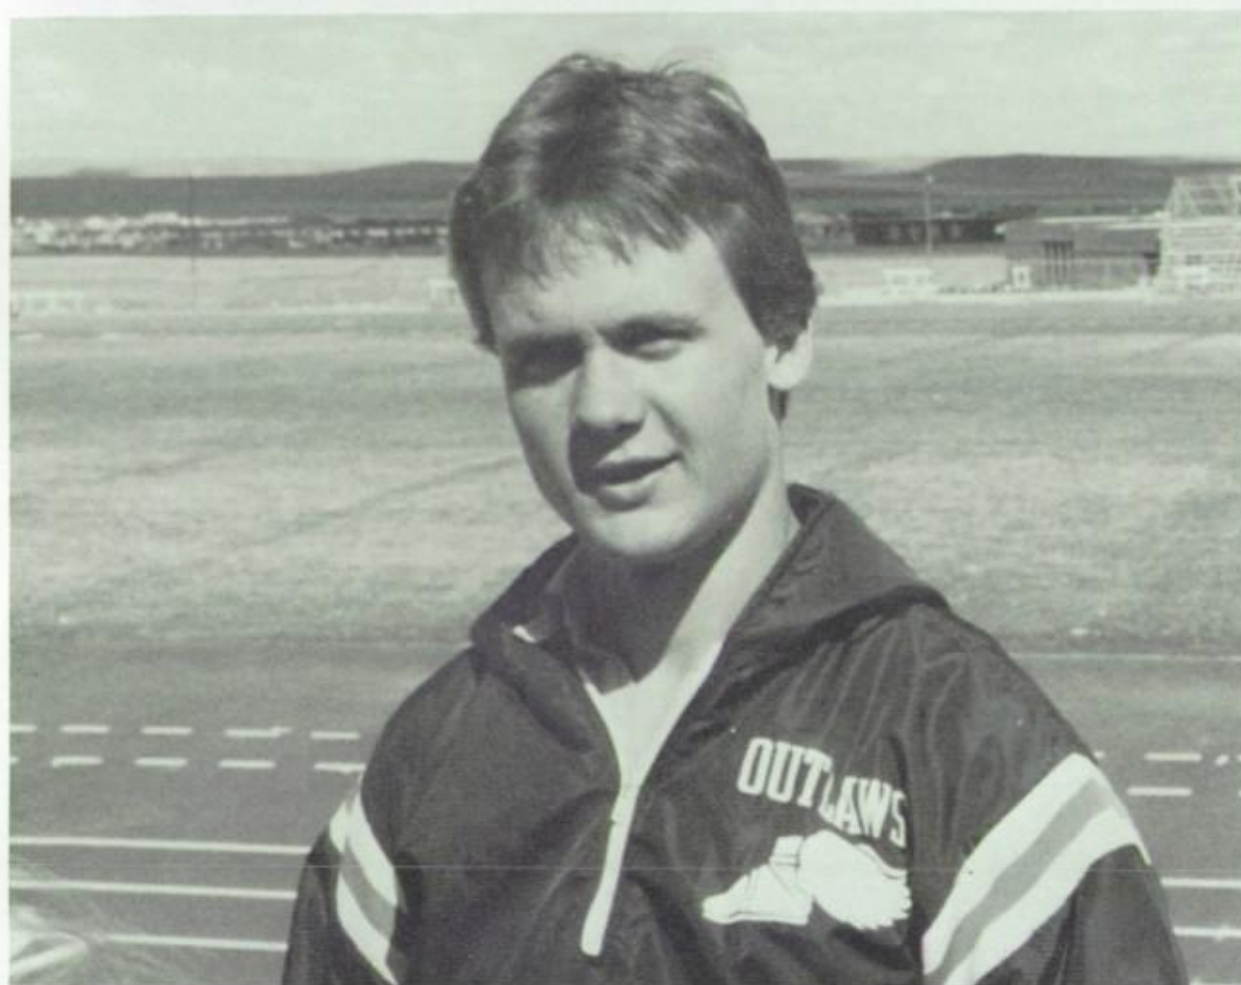

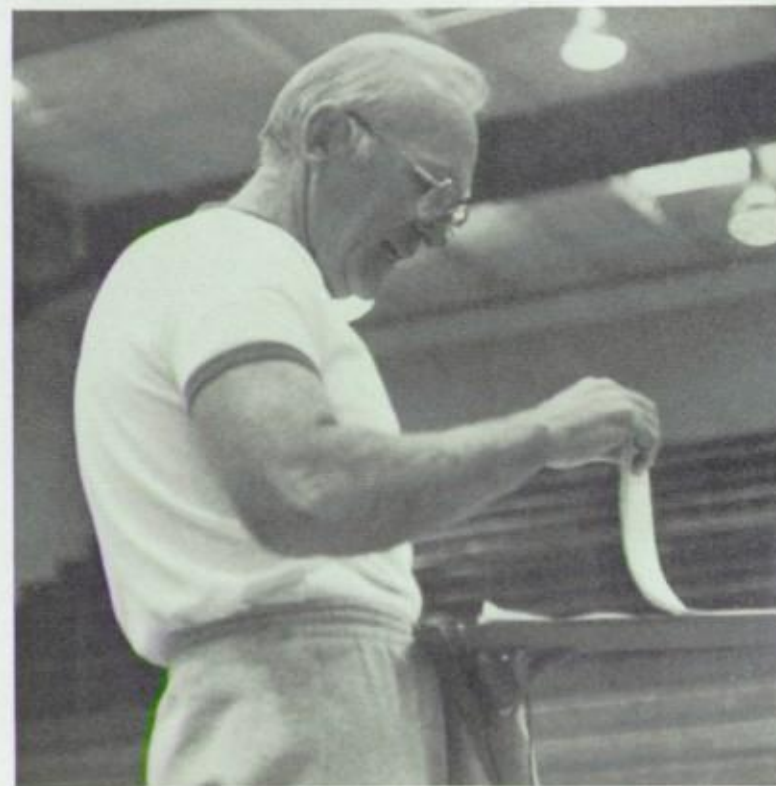

We had some very strong Senior leaders on the team including Chris Michie, Kelly Schwindt, and Louis Scott. Kelly Schwindt turned out to be a very big surprise. He dominated the 200, 400, and was part of the 1600 relay team. Schwindt is one of the top 200 runners in the state of Wyoming.

Also our Freshman girls dominated in several events. Shelly Kidd was our top conference long distance runner. Jamie Chapman was our strongest hurdler. She was in the top of the conference in the 100 IH and also the 300 LH. Jamie Jaure also did well in her regular season until she hurt her ankle and couldn't compete for the remainder of the season.

Many people who are never mentioned in the papers or at track meets did their personal bests this season. To break a time you've never broke before is a good job.

With our strong underclassmen, the track program here at R.H.S. should become very very strong.

Fun And Games

The intramural sports are set up at Rawlins High School to provide all students the opportunity to participate in sporting activities and to experience competition on an in school program. This year in intramurals there were a lot of different sports for students to participate in, such as Softball, Soccer, Waterpolo, Basketball, Volleyball, Tennis and Golf. There were many students joining each sport and having a lot of fun. This intramurals supervisors were Mr. Chance and Mrs. Omelia. They were very helpful at times and fun to have around. The rules for intramurals were easy to follow and most of the students were very helpful in cleaning up afterwards.

SPIRIT

We Speak With Spirit

Crystal Martinez— Drill Team is a very exciting program. The girls have the opportunity to express school spirit through ways they know how.

Drill Team enables you (as a member) to participate in a school activity and to get to know other people. Every summer a drill team camp is held. This camp enables Drill Team members all over the states to compete. There are many states who attend, such as: Utah, Nebraska, Colorado, and many others. I personally tried out for Drill because I enjoy dancing and drill routines. Also, I enjoy participating in an activity in which I meet and compete with others.

Misha Eaton— Q: What do you think the drill team gives the high school? A: The drill team at Rawlins High School gives a lot of support to the teams, and helps build school spirit. They help cheer at games and they provide entertainment at half-time for both basketball and football games.

Q: Why do you like drill team?

A: I like drill team because I love to dance and it's nice to be involved in activities. During the games drill team acts as the pep club and it is important to support our teams. Drill team is a lot of fun, I've made a lot of good friends and learned a lot. I'm glad I was able to be a part of Drill Team.

Mike Jennings— Q: What makes a good fan? A: I think a good fan is one that can cheer for the team whether they are winning or losing, bad or good. Q: Do you think fans are a major part of the school spirit of RHS?

A: Yes, I think that the fans are most if not all of RHS spirit because they yell and do crazy things to keep the players of sports going.

Q: Would it be alright without the fans? A: No, I think that it would be boring. The fans create a happy atmosphere to be in.

Kevin Oakley— Do you think that RHS has good fans? A: Sometimes people will get excited and yell at a girls game, but not at the boys games.

Q: Do you think that the turnout at the games is good, or could it be better? A: It could be a lot better, the gym could be packed.

Kim Soulek— Q: Are cheerleaders necessary for school spirit? A: Yes. I think that cheerleaders are necessary for school spirit. This past year the cheerleaders have done a lot to support all of the teams, not just football and basketball, but cross country, volleyball, swimming, wrestling, and track. We try and support all sports, not just the ones that we cheer for. Q: Do you think that we have a good cheerleading squad this year? A: Yes, I think that we have a good cheerleading squad this year, but we have a lot of room for improvement. This was kind of a bad year for us, we started off this fall with 12 girls and ended up with only 6 girls. We hope that next year we can improve our number and promote school spirit.

Joe Lopez— Q: What do you think the pepband offers RHS? A:

I think the band offers a chance to express themselves to people who you would normally shy away from. I think that it tells a lot about a person's personality. I think that it offers RHS the support and energy of a small group, hoping to transfer that energy to the crowd. Q: Do you think that pep band is a good spirit booster? A: Yes, I do because we feel we are helping the team out by getting them fired up so they can excel and do the best job they can. If the band does good, the team does good, and the crowd becomes more enthusiastic.

Jena Lu Guthrie— Q: Do you think that the band at the games lifts the spirit of the fans? A: Yea, I do. The band plays songs that are pretty popular and the fans seem to like them. Sometimes it's hard to tell whether or not the crowd likes the band. But when the band plays a song they like, they get pretty rowdy and get excited about the game. I have gone to games without the band there

and they seem sort of boring because there is no music there to pep up the fans and the players. Q: Do you like playing at the games? Yes, I do like playing at the games although we only play at 10 basketball games. I would like to play more because it not only peps up the fans, but the players as well, which I think is neat to have everyone fired up for the games.

Diane Harshman— What is spirit at Rawlins High School? A: I think that spirit may be defined as what a fan or player has during the game or match, whether the game is won, or match is won. It may be the amount of total enthusiasm of the whole student body or just of a few students that come to watch the events going on at that time. Q: Is the spirit at RHS at a level where it should be or could it be higher. A: I think that the spirit is about up to the level where it should be, but I think that there is room for it to go much higher. Some of the people are down and out because of maybe we have a

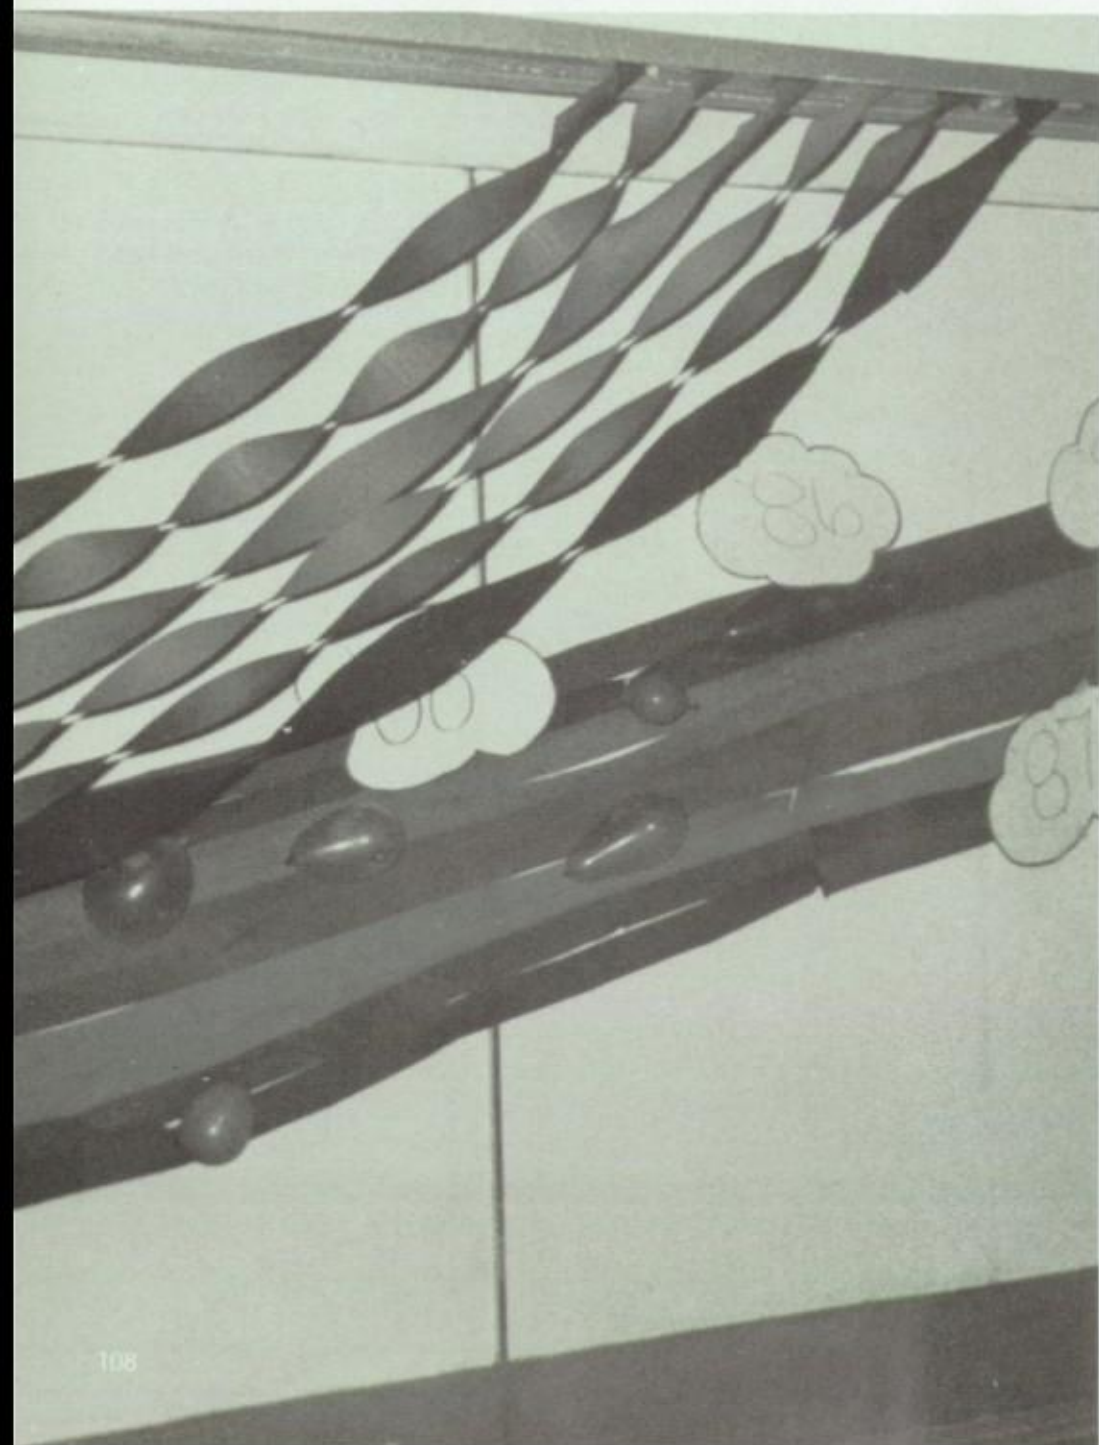

team that wasn't real super good and it is hard to cheer for a team like that. I can't say as I really have much school spirit when the teams are down, or also when the administration gets upset when the fans get too rowdy at the games. I think that total school spirit could be better achieved if more students were involved in activities. Even just a club, or intramurals or something to be involved in something from your school. I realize that some kids can't handle pressure, but I bet they could learn to pass by that feeling. I really like being involved with the groups that I am in now. They are a good bunch of people. Q: Do you think that there are enough activities offered at Rawlins High School? A: I think that there are enough offered, but may be not a big enough variety. I mean, there used to be a club for the Spanish people, and others of that nature, but now there isn't. Other towns have many more clubs offered than we do, I think that is good.

Outlaw Week

COME ALIVE IN '85

The theme for Outlaw week '85 was "Outlaws Come Alive in '85". The week brings the whole school together to support the Mighty Outlaws. Total school spirit is the key to the whole week. All of the events, float building, class skit's, hall decorating, center around the total school spirit. Each of the items were judged at some point and time to come up with the class with the most school spirit. The junior class won the spirit stick for this year. It all began on Monday with float building starting. Coronation was during the week, Suzette Haller being selected queen and

John Larson the king. The senior attendants were Kim Holloway and Diane Harshman. The senior escorts were Mike Jennings and Chris Michie. The junior attendant and escort were Amy Hearn and Troy Galyean. The Sophomore attendant and escort was Kirsten Hammersmark and Noel Dillman. The freshman attendant and escort were Brooke Meacham and Justin Ready. Each day of the week was a different dress code and a different sport appreciation day. The students really got into the swing of things, by getting involved with all of the activities of the week.

Love You Red

The Rawlins High School fans are really a spirit booster. They yell, jump up and down, and do cheers with the cheerleaders. The fans are all spectators for different sports, volleyball, football, wrestling, basketball, and intramurals. The fans uplift all of the other spectators and participants of the sport. Sometimes the fans shread paper and throw it up in the air when our team is announced. Other times they hold newspapers in front of

their faces when the other team is announced. Our fans are the best in the state because they support the team when the team is losing. Although there may not be very many of them at the games, they support the team the best way they can. The fans are an important part of the Rawlins High School and should never be forgotten. Maybe the fans at the high school should be honored in some way.

Truckin'

PEP BAND

The pep band is an all-around spirit booster for the school. The band plays popular songs that everyone can relate to. Not only the students but the parents too can relate to songs like, "Barbara Ann", "Walking on Sunshine," and many others. The pep band plays a big part for cheering for the players. They could be said to have the most school spirit of the whole school. The spirit of the whole school really rides on their cheering, playing, and just being there at the games. They have gotten the image of the "fan club" from RHS. Without the band at the games, it is really quiet, almost boring. We would definitely miss their presence at all the home games. The music peps the whole gym and promotes school enthusiasm.

Fire Up With Spirit

The cheerleaders are for boosting school spirit and overall participation from the spectators. They do mounts, some quarter pyramids, and exciting cheers to get the spectators all fired up for the game. Whether it be a football, or basketball game, that is their job. The cheerleaders this year had a rough season. As, like with other activities, they had injuries and people quitting. At the beginning of the year, they were twelve in number, but at the end of basketball season, they had six cheerleaders. There were no seniors at the end of the year, four juniors, no sophomores, and two freshman. Their season is very long. It begins early in the year with summer camp and doesn't actually end. They are always going to

camp for betterment or actually cheering. This activity is a hard one to be in because you have to be very dedicated to it, and have a lot of time for it. It may not be as physically demanding as others, but it comes close. It is a more demanding of the mind than anything else. Without the cheerleaders at the home games, the crowd would not be as peppy and wild. The "class yell" really gets the crowd going, and the favorite cheer for this year is one that the whole crowd gets into. The crowd stands up and rocks from side to side with them, during the "Team, team, team" cheer. Some of their goals this year were to improve themselves so they'd have the best squad ever!

These lady cheerleaders have a lot of responsibilities, they have workouts everyday after school for an hour and a half to two hours, which help them keep in shape for the games they perform in.

The cheerleaders usually perform every Friday at both the JV and Varsity games. The only

time they don't perform is if the games are out of town.

They usually perform at the football and basketball games.

The cheerleaders are a real pep booster for the fans at the games, they get so enthused that it makes the fans start to do the cheers with the cheerleaders.

Wind Me Up!

DRILL TEAM

The drill team has an off/on type season. After a great football season, the instructor left. They didn't get a new instructor until the middle of the basketball season. Synve Mitchell was the director and choreographer of the basketball season dances, and Jackie Childs was the instructor for the football season. They danced to songs like: Barbara Ann, Digital Display, and Freakazoid. The girls had a good season after it finally got started. They got to perform at the boys football, and boys and girls basketball games. The fans really enjoy the performances, sometimes they really get into them by dancing themselves in the stands. The girls all have different outfits for the different songs. All in all, we have a great drill team, one that we can be proud of. Best of luck to you next year girls!!

JUNIORS ORATE!

Loree Anderson:

How have your high school years influenced your goals for the future?

"In high school there's a lot of competition for everything you do. It makes you want to be your best. I think high school has made my goals a lot higher for the future because of all the competition."

What are you looking forward to the most about your senior year at R.H.S.?

"I am really looking forward to graduation!! And all of the good times ahead."

Brad White:

How do you feel about the student council system?

"The student council for 85-86 is a great one. We've got members that work hard but like to have a good time. We all work together and produce many of the goals we had set. Student Council is awesome and I hope it will stay that way."

What are you looking forward to the most about your senior year at R.H.S.?

"Our Senior trip. Ha Ha no, really I got to be serious now."

My senior year is going to be divided into two groups 1. showing some responsibility by doing my work and 2. going out and getting crazy with my awesome classmates."

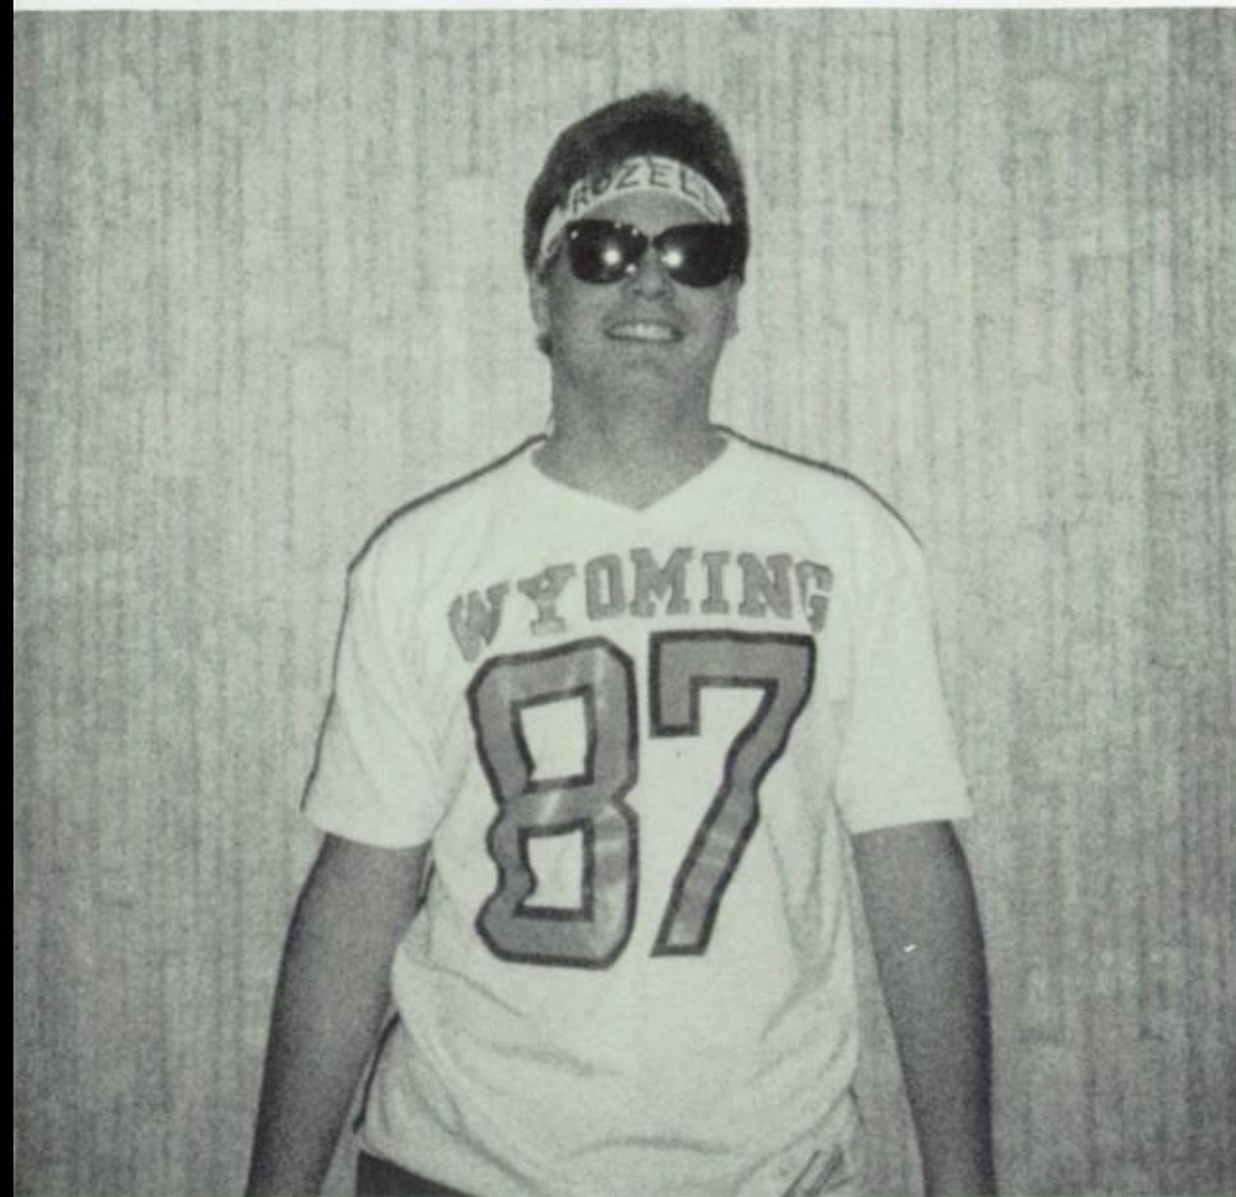

Audrey Martinez:

What is the most exciting memory you have of your past high school years?

"It's hard to point out just one most exciting memory because I've had a lot of great times. But the most important part of my memories is all the fun times with my friends."

What are you looking forward to the most about your senior year at R.H.S.?

"Making the best out of the time I have left with my friends and . . . "Graduation!!"

ACADEMICS

From Me

These students were selected to represent their class for the Academic Interviews. They were each asked two questions.

Senior John Bates:

- 1) How do your teachers this year differ from your last year teachers?

About the same, except they treat you more as an adult.

- 2) Have you achieved your goals for high school? If so, what are they?

Yes, to achieve an education and have fun doing it.

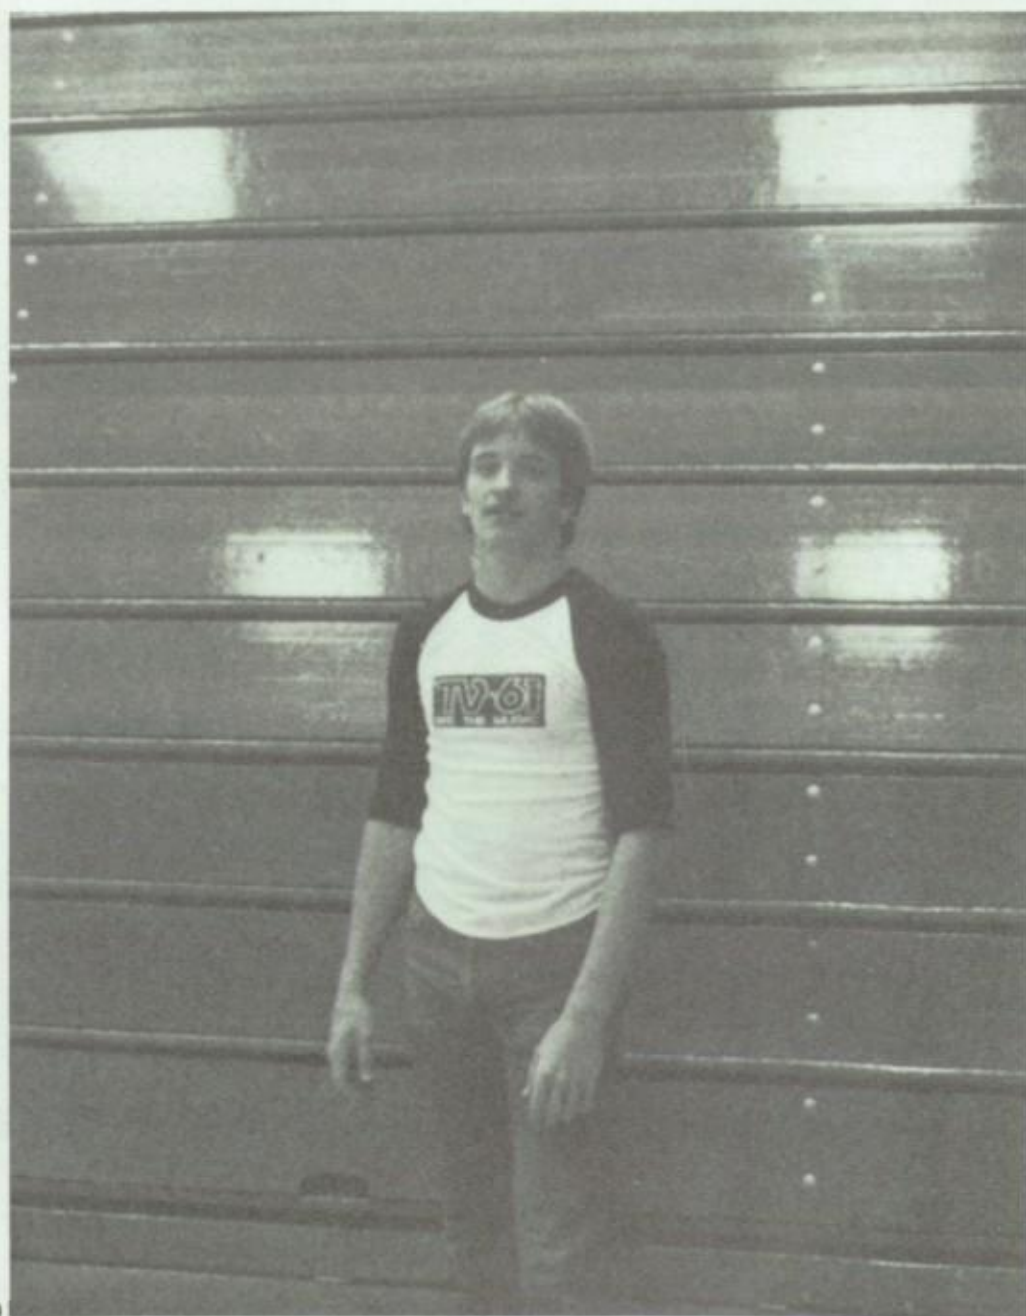

Junior Gayle Meidinger:

- 1) How do your teachers this year differ from your last year teachers?

My teachers are different this year than the ones last year in a lot of ways. Each teacher has a different attitude and a different way of teaching.

- 2) Are your classes this year tougher than your Sophomore classes?

Some of my classes this year are tougher than the ones last year and some are not quite as hard. I like to try to make my classes a little harder each year, as I know this will help me in the future.

To You

Sophomore Zach Knappenberger:

- 1) How do your teachers this year differ from your last year teachers?

The teachers this year expect you to know more and make you rely more on the things you have been taught in the past, they also try to teach you more and expect a lot more from you.

- 2) What are your future goals for the coming years of school?

I hope to learn as much as I can and prepare for college. I'm also going to take part in extracurricular activities and sports.

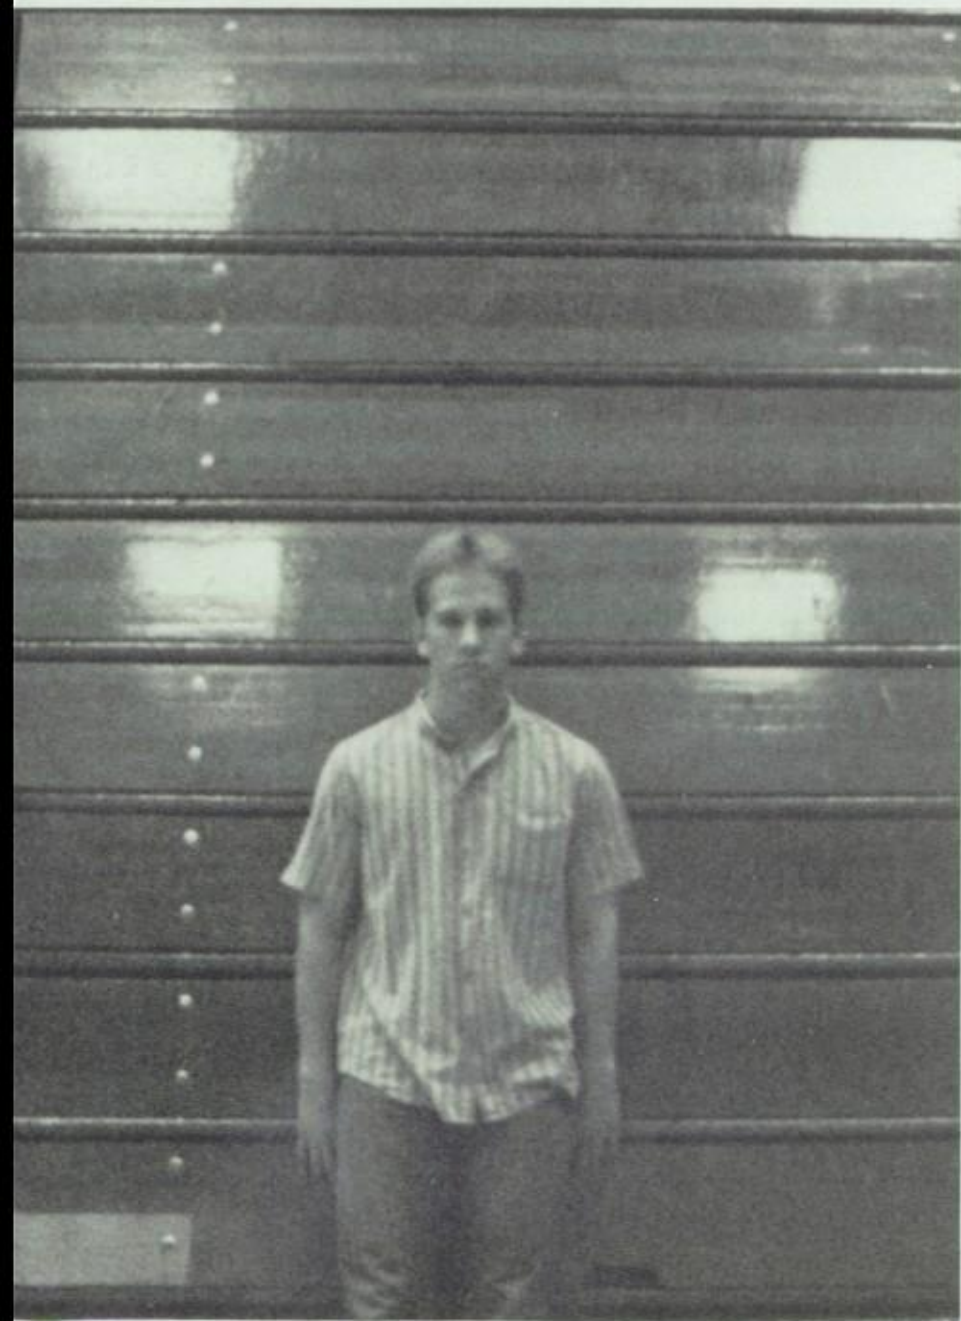

Freshman Monty Penman:

- 1) How do your teachers this year differ from your last year teachers?

They are more strict but they are a lot more fun.

- 2) How do you feel about the different grading system than from the Middle Schools?

It demands more out of you. It helps make you a better student.

Working People

How hard do these students really work in their classes? Some of us work harder than others, but sometimes we have those kind of days when we do not really want to work. Here are a few students who show us how a typical day at school really is.

Picture Perfect

This years annual staff members put in many long and hard hours working on the year book. Each person had her own section to be in charge of. If one person couldn't finish her pages another would help out to get the job done. Mr. Walinchus supervised and made suggestions about the way copy should be written or which pictures to use. Trying to meet each deadline became harder and harder as the year progressed. If it wasn't lack of words it was lack of pictures. The entire class consisted of eleven girls leaving Mr. Walinchus the only male in the room.

Each day put forth a new challenge, but with the help of the trusty radio and a little joking around they got the job done and had fun in the mean time.

Members of this years annual staff are: Deanna Weeks-Editor, Kathy Beaton-Ads & Spirit, Jennifer Smith-Social Life, JenaLu Gunthrie-Seniors & Clubs, Mary Larson-Co-Editor & Sports, Pam Adams-Faculty, Kelly Emery-Classes, Kim Taylor-Academics, Chrystal Lytle-Seniors & Fine Arts & Clubs, Kassy Hooker-Sports, Kirsten Hammersmark-Classes, and Mr. Walinchus-Adviser.

REMBRANDT

Rembrandt Club is the art club of the high school. It is sponsored by Mr. Williams and the officers are President-Jason Bjork, Vice-President Sherry Taylor, Student Council Representative is-Lee Walinchus, Secretary-Treasurer- Christy Chapman. They decorated the windows in the front of the high school and they looked really good, and boosted everyone's spirits for Outlaw Week.

The also held their Pumpkin contest and had several winners. Rembrandt is truly an ART! Pictured is one of the Rembrandt Clubs works of art.

TRI-T

Tri-T is a club that encourages scholastic achievements. They had several things going on in the year like the Initiation Banquet, Valentine Flower sales, Mothers Day Tea, Congradulatory notes for the honor roll, Pins for the top 5 people in each class, Scholarship for the outstanding Senior member of the Tri-T, and Christmas Wrapping paper. Members are President- Kim Collier, Vice-President-Ann Smith, Secretary- Heidi McMillen, and Treasurer-Janet Gonzales. Other Members include-Kathy Baunach, Christi Biehl, Jamie Chapman, Nichole Foster, Amy Hearn, Caroline Kirsch, Steve Kirsch, Peri Lloyd, Barb Martin, Margret Martin, Kristal Morgan, Julie Otto, Cheryllyn Russell, Danny Schisel, Emily Smith, Kim Soulek, Sonja Spicer, Dawn Taylor, Amy Sue Thorlakson, Steven Thorlakson, Cindy Van Ekeren, Patty Webb, Stefani Wetmore, and Kim Yingling.

BAND COUNCIL

Band Council members for the 1985-86 school year were elected at the end of last year by majority vote. Many projects were put together by these members to make the band year more fun and exciting. Marching season began on the first of July and continued through the end of the football season. President Joe Lopez was the only male in the group besides Mr. Quillen who had final say on all activities. Vice President and Senior Rep., Barbara Crane helped Joe out in his times of need, and believe me there were many. Secretary-Treasurer, Ann Smith was the third and final senior in the group. Lori Anderson was voted Junior Rep., Kristal Morgan-Sophomore Rep, and Janet Ellis was asked by the rest of the council to join them as the freshman rep. because they didn't want to go through the formalities of voting again. An awards get together is planned for the end of the year but the date is yet in the air. Being members of the band themselves, everyone can get to know their council very well.

FBLA

Five members of F.B.L.A. attended the Mountain Plains Region National Fall Leadership Conference in Albuquerque, New Mexico. While there, the members were able to attend the conference where F.B.L.A. members from the state of Wyoming, Colorado, New Mexico, Utah, Nebraska, Texas, Oklahoma, South Dakota, and North Dakota. Each member attending the conference learned many valuable things. It was held on November 8-10 and the members attending were John Walker, Cliffa Knowles, Linda Drake, Joy Burke, and Cathy Pacheco. Other members of F.B.L.A. are Kathy Beaton, Peri Lloyd, Crystal Martinez, Judy Nealon, Patty Webb, Becky Figg, Michele Gunderson, Doug Kenny, Jason Lytle, Audrey Martinez, Tracy Pearce, Nickolette Sjolín, Jeni Tudor, Bobbi Jo Lake, Susan Martin, Aaron Poledna, Melina Reed, Kerri Wing, Skye Heeren, Rebecca Miner and Krista Wing.

SCIENCE CLUB

Members of Science Club are Lori Anderson, Doug Baldwin, John Buckingham, Jamie Chapman, Joe Colter, Laura Decker, Jerome Flores, Don Gomez, Ed Gunsch, Cully Howerter, Diana Jungck, Bryan Kohtala, Joey Langenderfer, Peri Lloyd, Pat Malson, Sam Martin, Audrey Martinez, Jim Martinez, Shane Mathews, Joe McMurry, Randy Meir, Marikaye Preble, Cheryl Russell, Keith Sandoval, Ann Smith, Brian Soukup, John Walker, Dave Wilcox, Greta Willis, Cindy VanEkeren, and Waylan Morgan.

SPEECH

The speech team did very well this year. The team consisted of several members: Shalee Donahue, Cheralyn Russell, Janet Gonzales, Caroline Kirsh, Mike Moyer, Doug Hecox, Eddie Medina, and Miss Tanner. They went on several trips and placed at several. They did a really nice job this year for Rawlins High, hopefully next year will be even better for the young team.

MED-PREP

Med-Prep has had a very interesting year. They gave some contributions and made favors for the Hospital, Rest Home, and the Teachers. They also went on a trip to Colorado Springs. They got snowed in at Fort Collins and made it to Denver for the Ice Capades on the next day.

Members of the club are Kim Collier-President, Sabrina Santisteven-Vice President, Rick Greene-Secretary, JenaLu Guthrie-Treasurer, Susan Clingman, Duane Cattles-Historian. The other members include: Ann Foster, Kirsten Hammersmark, Michelle Jennings, Shelly Hull, Stephanie Woods, Sherry Bangs, Kim Soulek, Chris Szoke, Angie Murphy, Lisa Brock, Melanie Reed, Patty Webb, Barbie Ezell, Tracy Pierce, Michelle Trijillo, Mike Petty, Amy Hearn, Annette Goergen, Cindy Van Eherin, Stacy Peterson, Carrie Sapp, Greta Willis, and Tina Bromeling.

Mrs. Maffoni is the advisor for the club. She really put alot into the club to make it a success. She is really appreciated and if it wasn't for her the club probably wouldn't be as nice as it is to be in.

A special thank you goes to Curtis Moore for driving the bus to Colorado. It was really nice to have an experienced driver on those bad roads.

Hopefully next year the club will be an even better club. Cause this year it was great so it will take alot to make it better.

O. C.

Out in the OC there are several areas, there's the Health Occupations, Drafting, Welding, Office Occupations, Automotives, Construction, and Electronics. These classes are set up to prepare students for the working class. It also lets them know if that's the area that they want to go into.

Anything goes in the OC, what we mean by that is that you get to drink pop, eat candy — just like a place that you would work in. Out there you have an atmosphere that is great!

Each class has a dedicated teacher that specializes in their field of study, which benefits the students.

This year the Health, Drafting, Welding, Construction, and Electronics classes went to Casper for Career Day. They went to Casper College and were showed all the facilities available to them. In the afternoon each student went to two workshops choosing from a variety of topics from EMT to Welding.

Top Outside: Mike Mulherin takes time out to do something other than Electronics.

Top Inside: Willy and Raymond seem to be in an interesting conversation, maybe it's about girls.

Center: Stephanie Woods and Chris Szoke are learning lots about CPR. Sounds like lots of fun.

Bottom: Jack Burgess looks deep in thought.

On The Move

The health students got a special tour of the Nursing unit. They told them all about the facility and encouraged them to go to school there. The workshops had teachers from the college telling them about that particular class. The trip had several people go, they were: Annette Goergen, JenaLu Guthrie, Jeff Mikesell, Susan Clingman, Jeff Monroe, Mike Taylor, Kevin Underwood, Philip Gomez, Kirk Adams, Alan Nelson, Ben Casey, Raymond Gilmore, Kelly Schwindt, Joe Gonzales, Renee Dreher, Shelly Hull, Michelle Aneiros, Steve Frye, Nicholette Sjolín, Becky Figg, Wilford Flores, Steve Nicholson, Mike Mulherin, Todd Trautman, Mrs. Maffoni, and Mr. Smith took them on the trip.

There were a few people that competed for Scholarships.

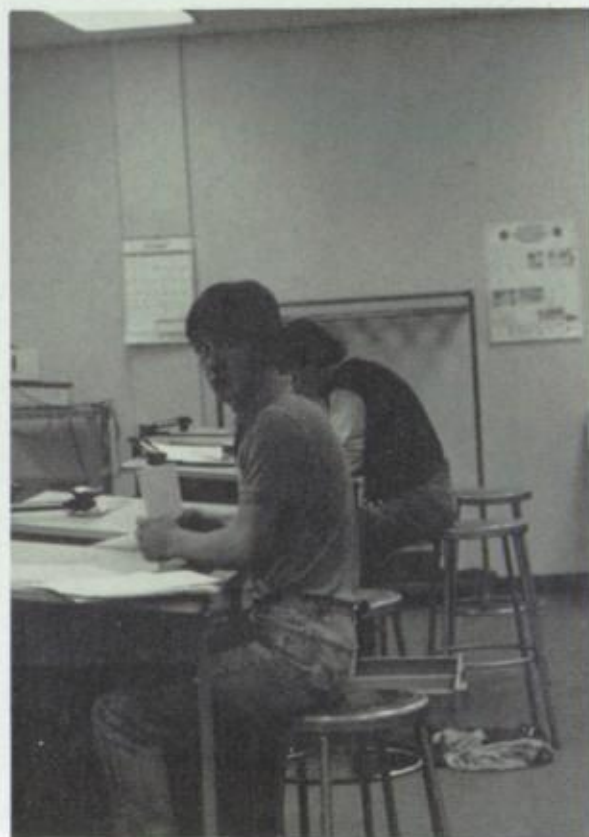

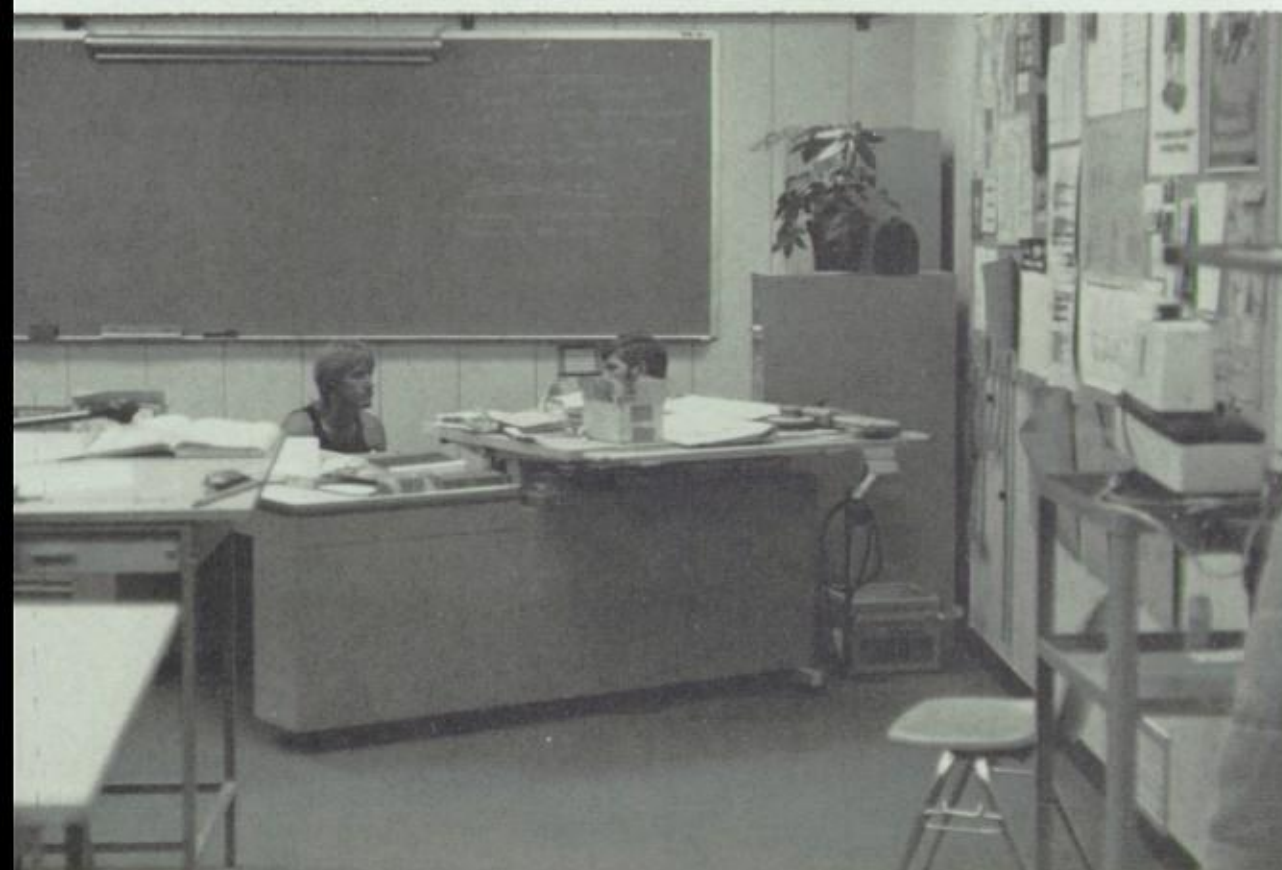

The Office Occupations and the Health Occupations had a workshop on how to fill out a resume, and job application. The Army Nat'l Guard and the Air Force Nat'l Guard were there to help. The day after the workshop the students had job interviews that they took their resume and applications to. It really teaches these students a lot and can be really helpful later on.

Top: Mrs. Noonan's Office occupations class working hard on an assignment.

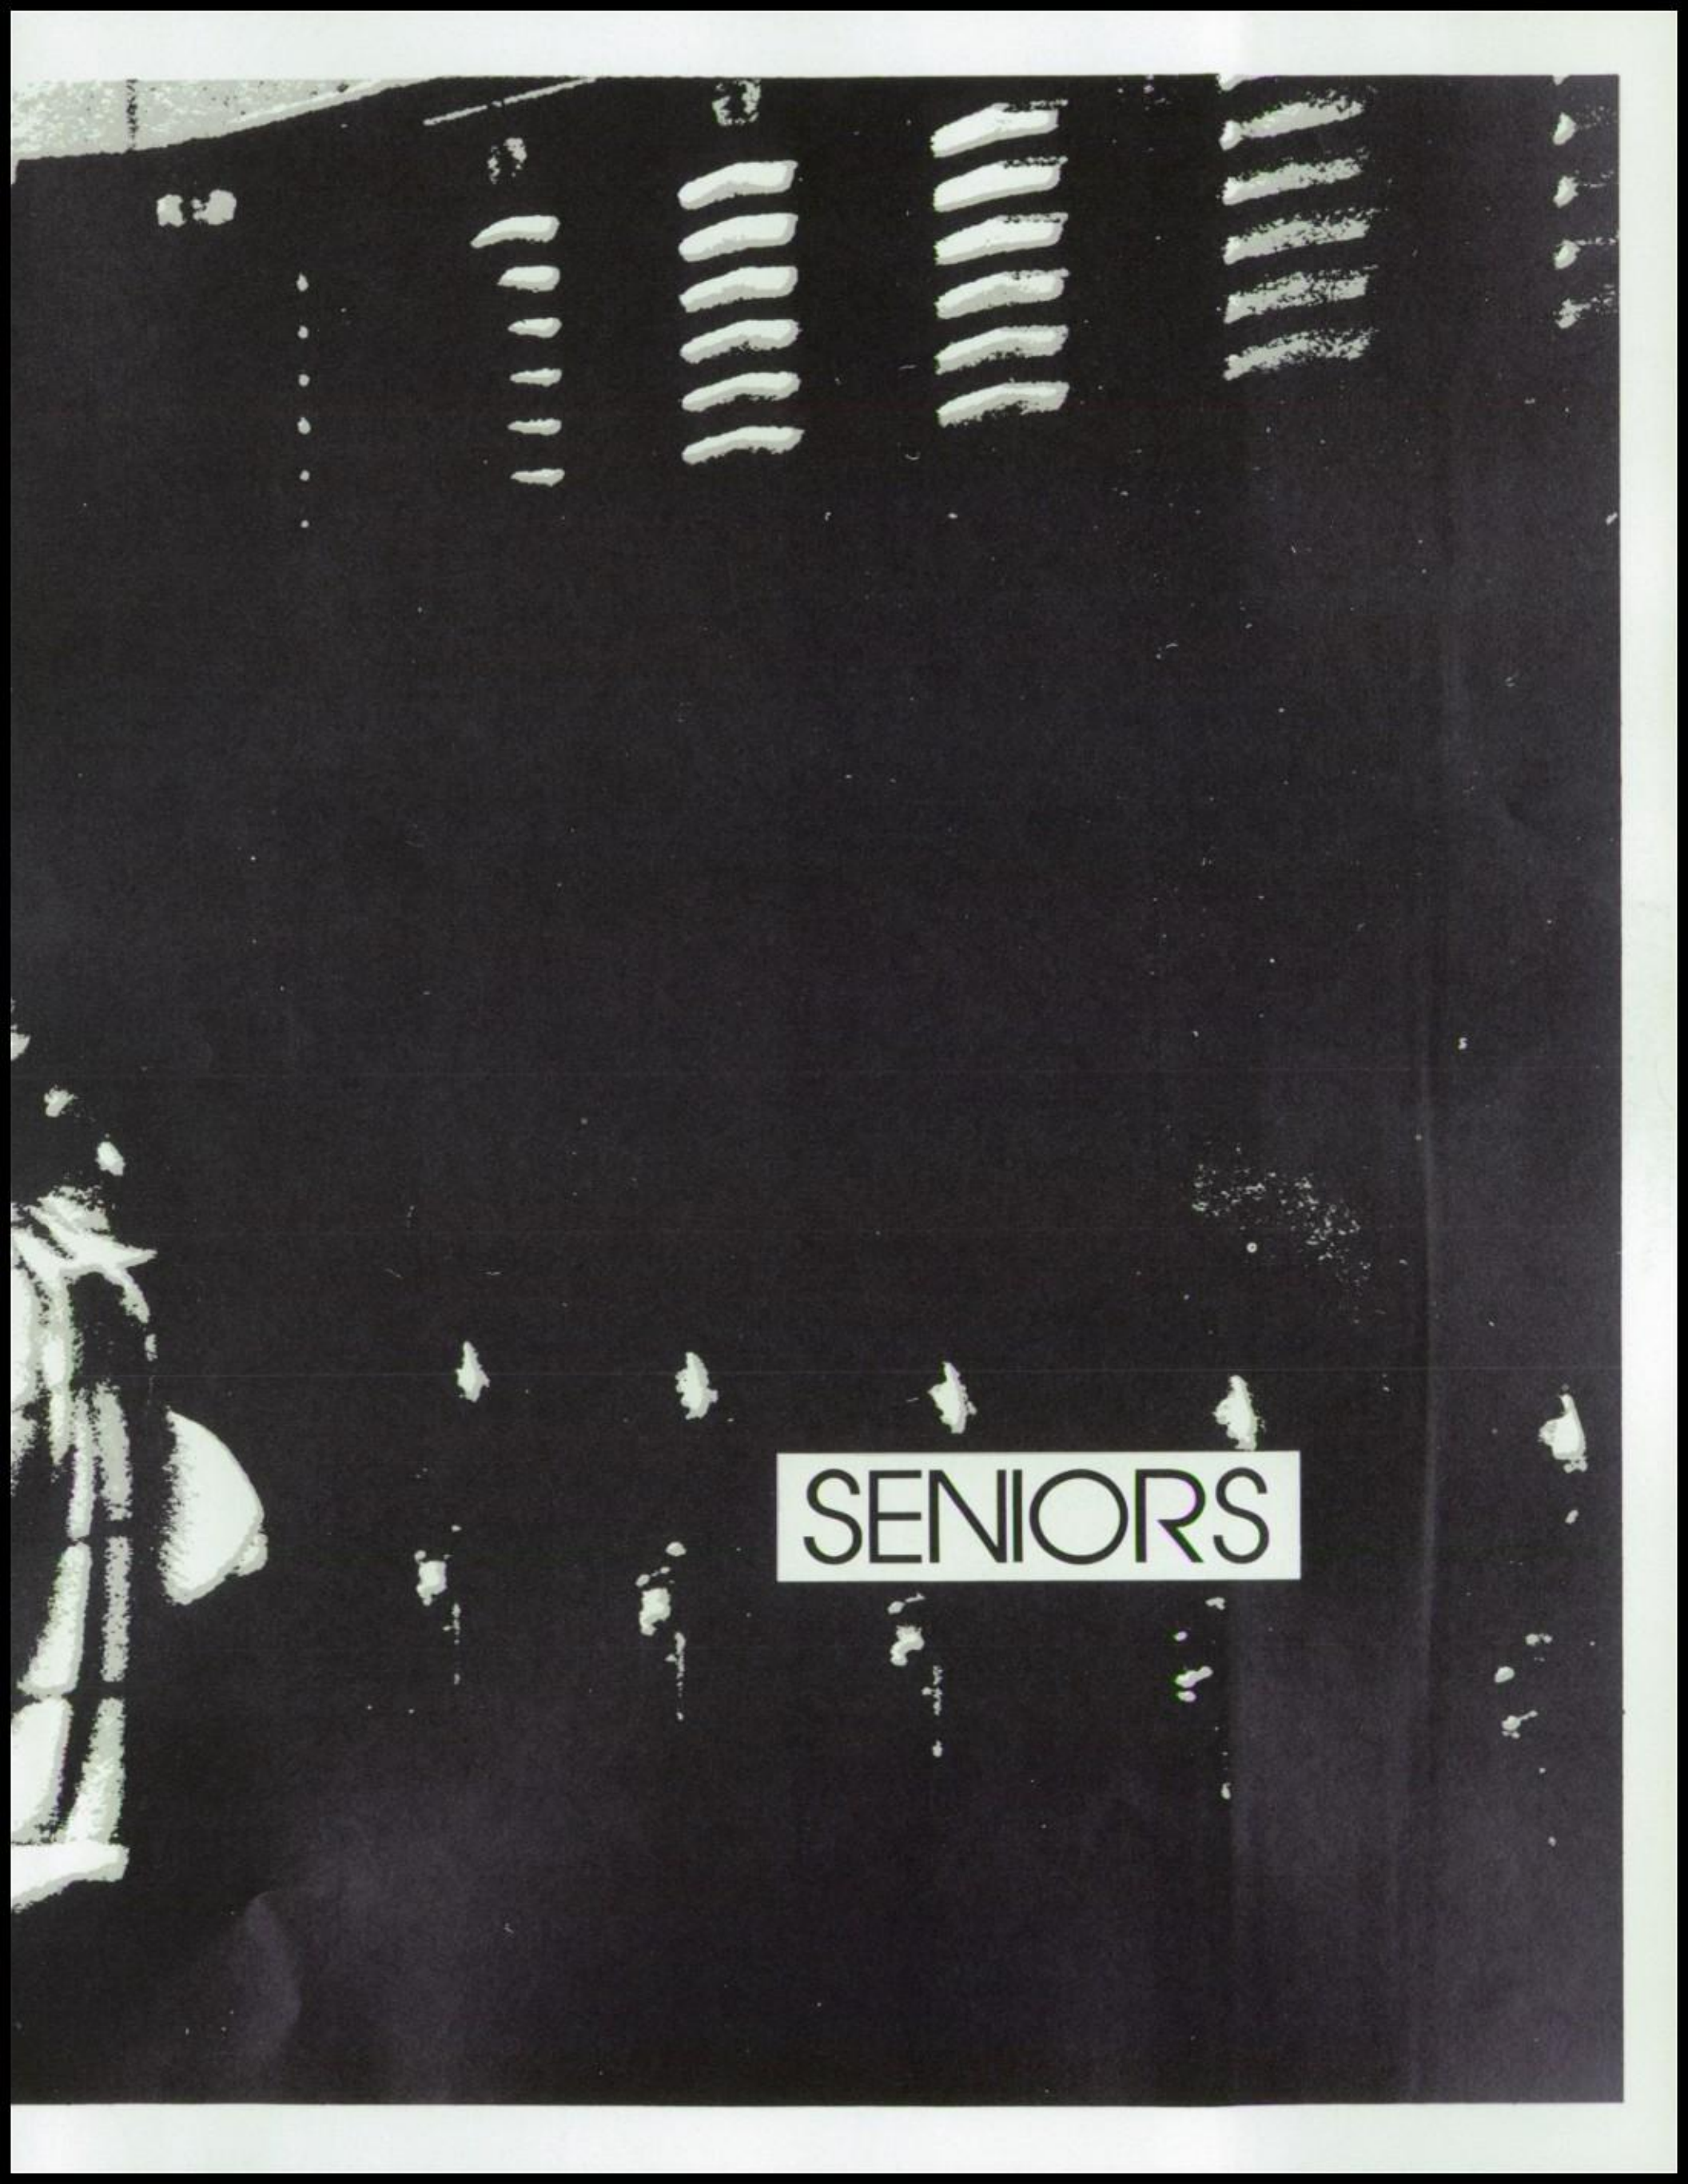

Middle: Steve Nicholson is getting a little extra help.

Inside bottom: Bob Rowe takes time out for the camera.

Outside bottom: Todd Trautman doesn't seem to be working very hard!

SENIORS

Famous Last Words

JEFF DEIST: WHAT WAS YOUR MOST MEMORABLE MOMENT IN HIGH SCHOOL?

"That is a real tough question because high school has been one big memorable moment. I've had a great time attending Rawlins High School. Probably the big one when I was a Freshman was being selected as the Thespian's actor of the year.

As a Sophomore, going to Trail Lake's leadership camp is a memory that I will never forget. Now as a Junior, running for Student Body President and winning was probably the biggest and most memorable event so far. Not to down play my selection to the All-Conference football team or to the All-State cast three different times, but after you are elected, you can never forget. Now the last memory hasn't happened yet; GRADUATION. I'm sure after that one I will look back on my high school career and look back fondly at all the things that have happened.

JENALU GUTHRIE: WHAT WAS YOUR MOST MEMORABLE YEAR AT R.H.S.?

"I really don't have one memorable year. All of my years in High School have each had their memories. There have been alot of trips and things that I've gone to that I'll have memories from. I guess the year I'll most remember will be my Senior year, mainly because of everything we have to do and get done with pictures, announcements, and whatever else. I've gotten involved more this year like in concert and marching band, the musical, being in pep band, playing tennis, and running track. Hopefully there will be even more memories before the year is over.

MIKE MARTIN: WHAT DID YOU ENJOY MOST IN YOUR HIGH SCHOOL YEARS?

"I enjoyed a lot of things in high school; including plays, games, dances, trips, friends, parties, and even some classes. But the thing I enjoyed the most were my friends, because without them, high school would have been dismal. After education, friends are what it is all about!

KATHY BEATON: WHAT ARE YOU GOING TO DO AFTER HIGH SCHOOL?

"After high school I am going to work during the summer, after I have a small vacation. In the fall I plan to attend the University of Wyoming. I plan to major in Computer Science with business added on. (Sorry-that's all I could think of to say!)

Lasting Memories

Seeing Seniors leave is often sad for some people. Every year as new faces come in to R.H.S., old ones go out-but not forgotten. All of those wonderful memories of the fun times you've had in high school will last forever. If not in ones mind, memories are written down or shown in pictures. This page is for remembering-sit and stare into space and let those memories come back to you, let them last forever. This page is dedicated for all seniors past, present, and future, a page to not only read but look at pictures and think back over the years. Imagine what you will look like years from now!

Top: John Walker assists Sylvia Velazquez with her typing in Mrs. Noonan's office occupations class. Middle left: What's that look all about Jennifer Smith? Right: Yes, it is true, Penny Lenzen does have the big disease-it's senioritis and Penny isn't the only one who had it! Bottom Left: Ok folks, let's get down to some serious business now-Cathy Pacheco looks as if maybe she is taking over. Middle: Oh, how cute of John Bates to flirt with the camera! Right: Just sitting around doing nothing is Jace Ready and Adam Smith.

Paradise Park

Prom is a magical time of the year. Everyone waits, it seems, for the longest time for it to come and it was finally here. It all started with the guys picking up their dates. The usual ritual of the proud parents taking like what it seems to be millions of pictures. After corsages and boutonnieres were put on, off to dinner they all went. Various places were chosen, The Quality Inn, Bel Air Inn, Holiday Inn, and the Blake House. The girls were all dressed up in their dresses and a few were even in tuxes. The guys wore suits and tuxes, some with canes and hats. A fine display of

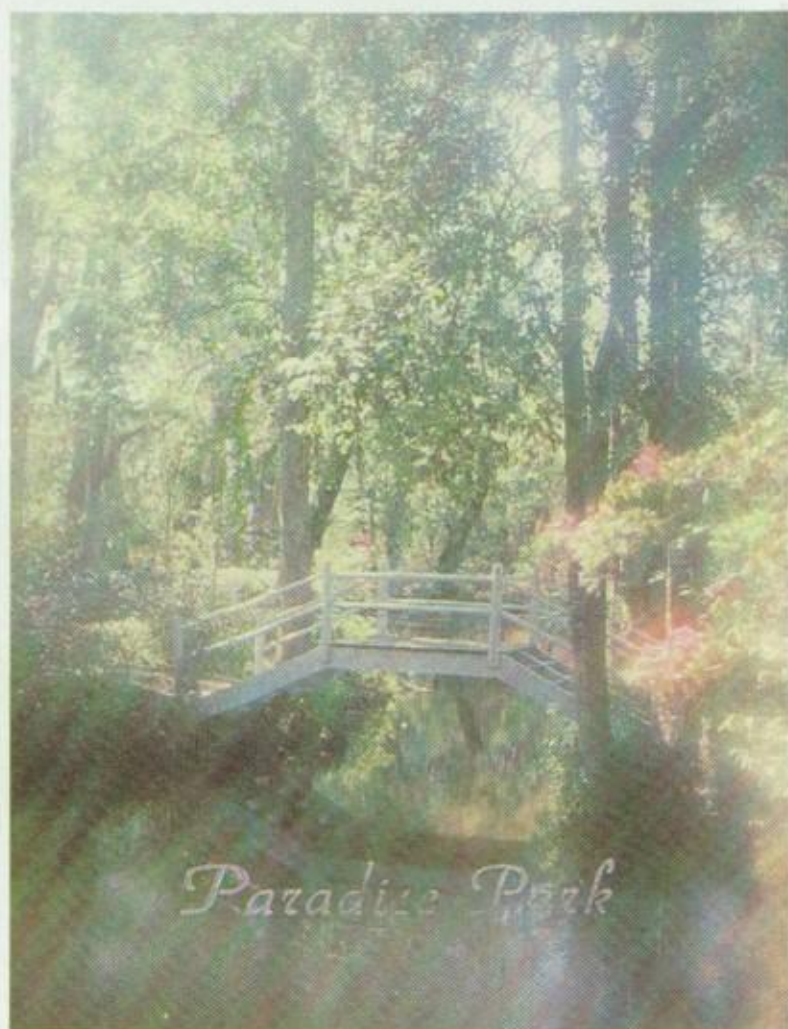

nice cars were out that night.

The theme of the 1986 junior-senior prom was Paradise Park. The junior class began decorating early in the week for the big event. The lobby was decorated with various decorations, including metallic streamers and stars. The pictures were taken out in the lobby, as well as the food was out there. As you entered the school, you paid, seniors for the first time, and received your book, garden and armband. Then you voted for the king and queen. As you walked into the gym doors, a bridge (ramp) was the gateway to the "park".

From the ceiling hung hundreds of metallic streamers and stars. To the right was the king and queen's gazebo, which was also nicely decorated with streamers and stars.

The band was London Bridge, they were a pretty good band. Even though the crowd wanted some fast songs, they still played slow songs until the last part of the prom. The crazy ones, mostly seniors, kept the crowd moving. All of the people had a fun time dancing and running around, showing off their nice cars and dates.

Prom '86

Prom '86 was a memorable time for everyone who went to it. By the time the dance rolled around everyone was so pumped up that they had to take their energy out on the dance floor. When 11:00 came about, the crowd was ready for the big event; the crowning of the king and queen. The king, Jeff Deist was named off first, the queen, Becky Lyle was also named. After a few pictures and flowers were presented, the crowd separated for the queen and king to get through back to the band for their big dance. The band played a special slow dance for the couple as the crowd gathered around in a big circle.

After the big dance everyone either took a break out in the lobby, where their parents took some more pictures of them, or got back to the dancing. The remaining hour was a real exciting hour for the crowd. The people were all rowdy and the band played mostly fast songs. Famous artists were imitated and done a good job of. Prom '86, Paradise Park was a big success.

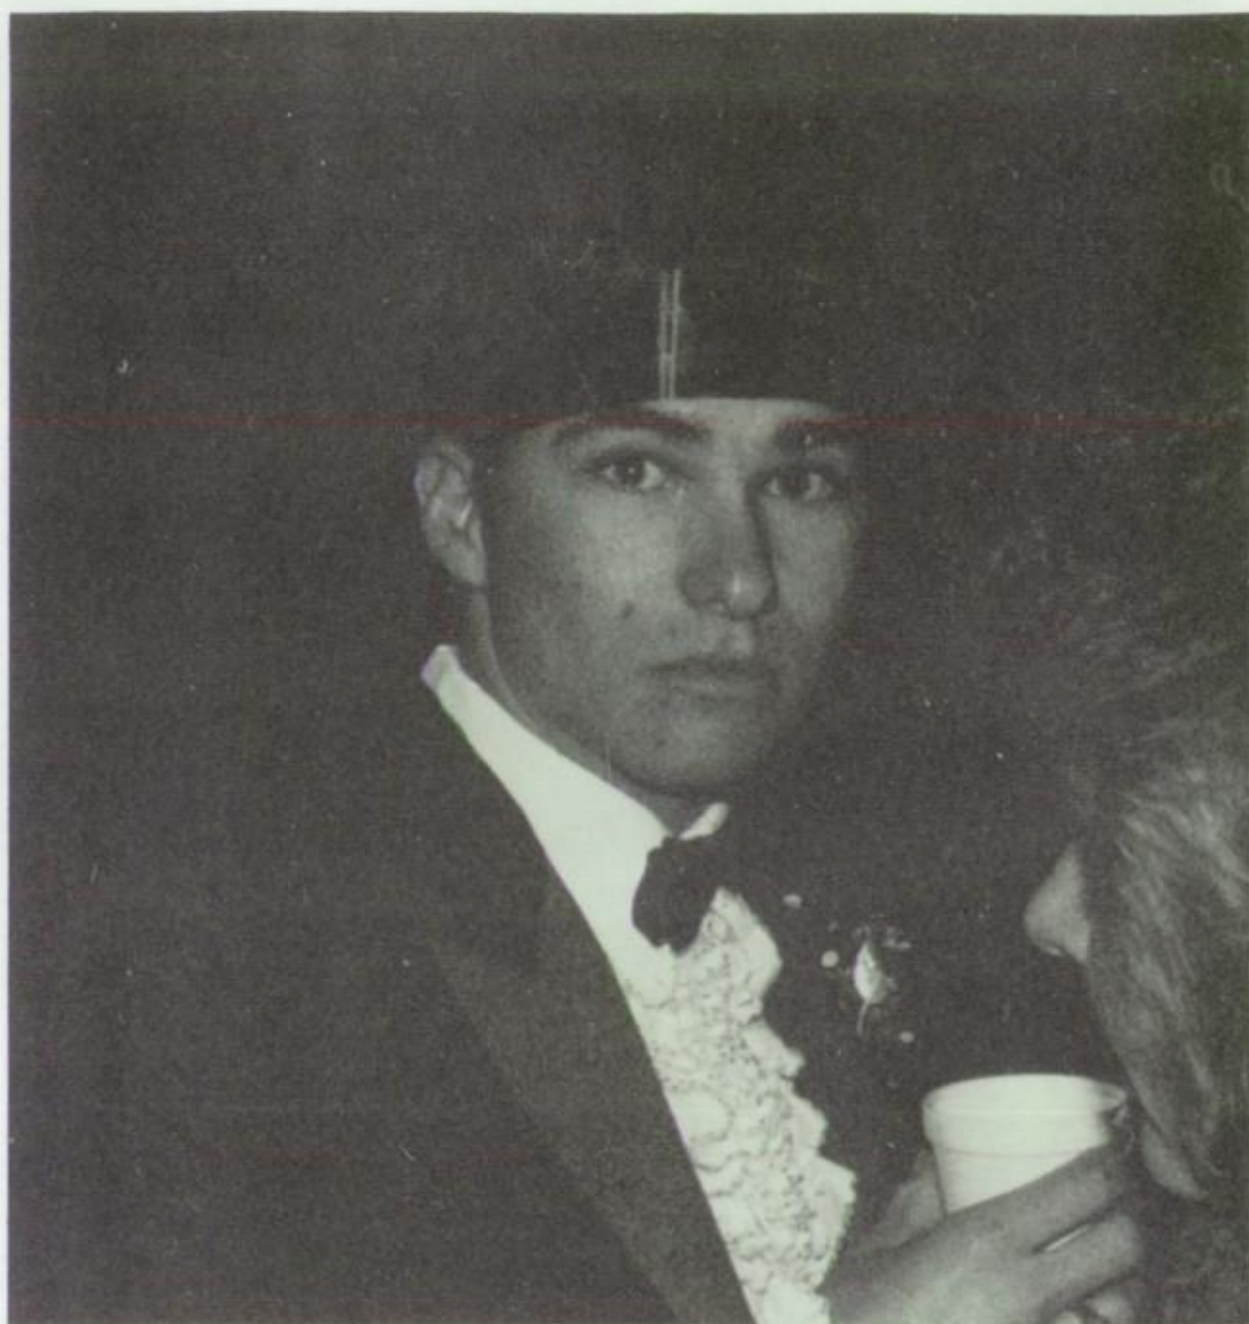

For Just A Moment

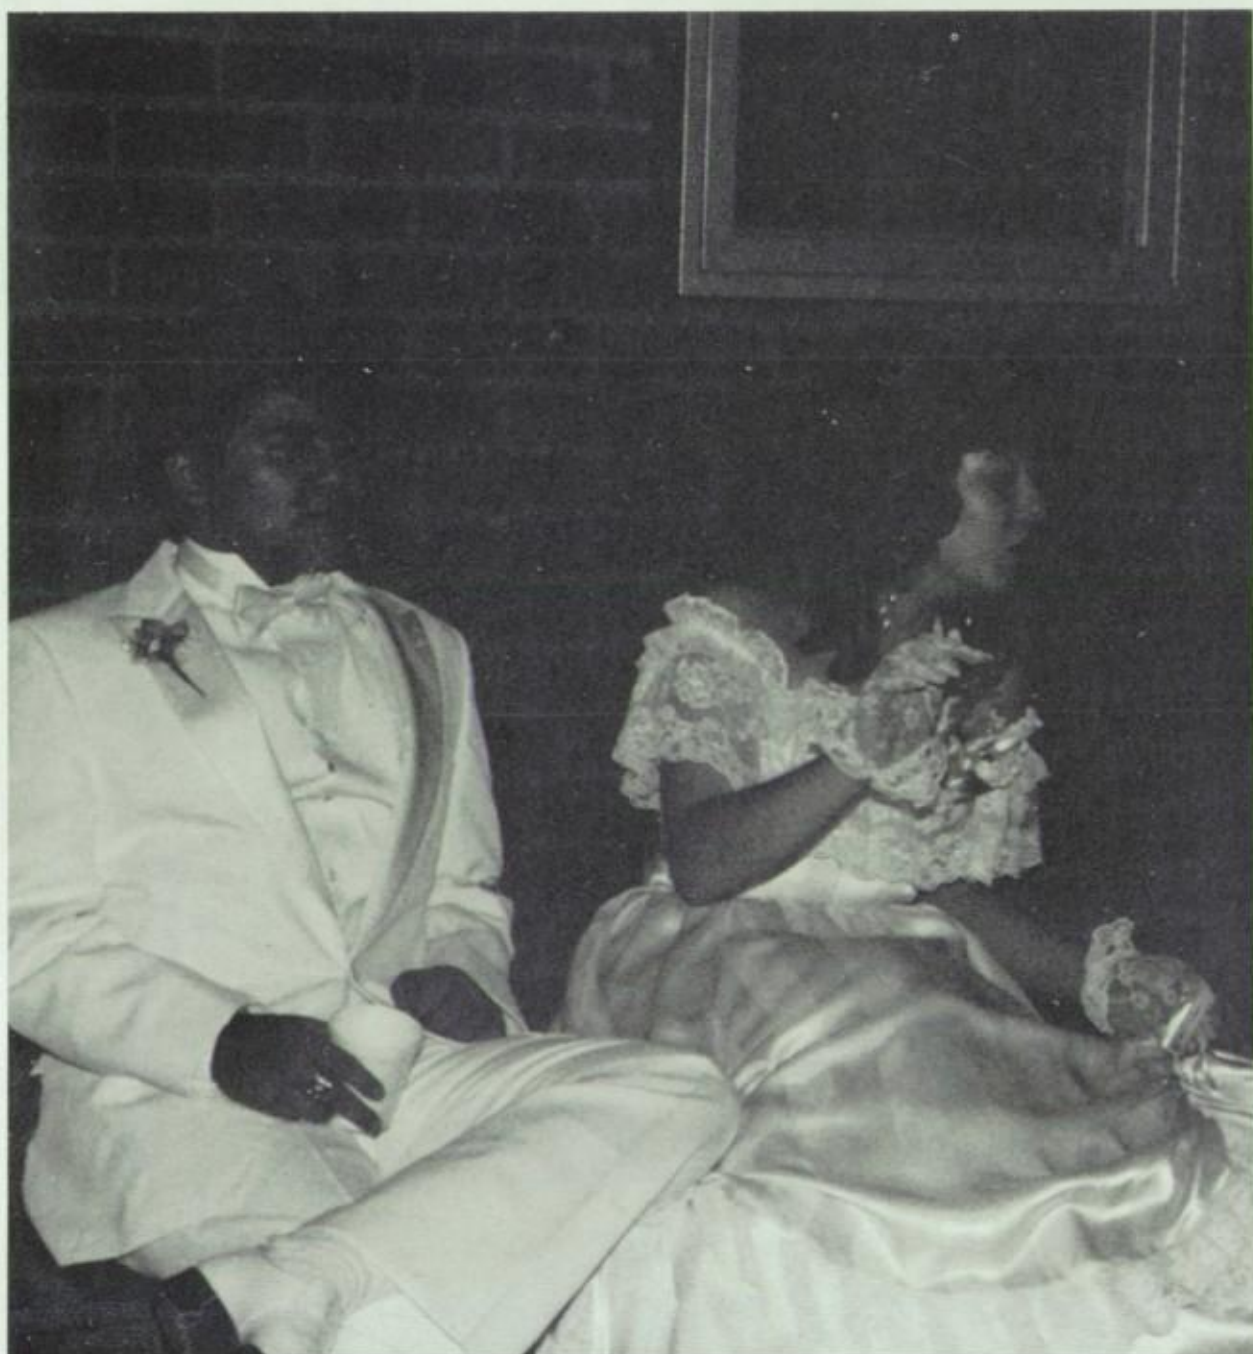

We laughed until we had to cry
And we loved right down to our last good-by
We were the best
I think we'll ever be
Just you and me
For just a moment

We chased that dream we never found
And sometimes we let one another down
But the love we made
Made everything alright
We shone so bright
For just a moment

Time goes on
People touch and then they're gone
But you and I will never really end
We'll never love again like we did then

Someday when we both reminisce
We'll both say there wasn't too much we missed
And through the tears
We'll smile when we recall
We had it all
For just a moment

FACULTY

Just You And Me Kid

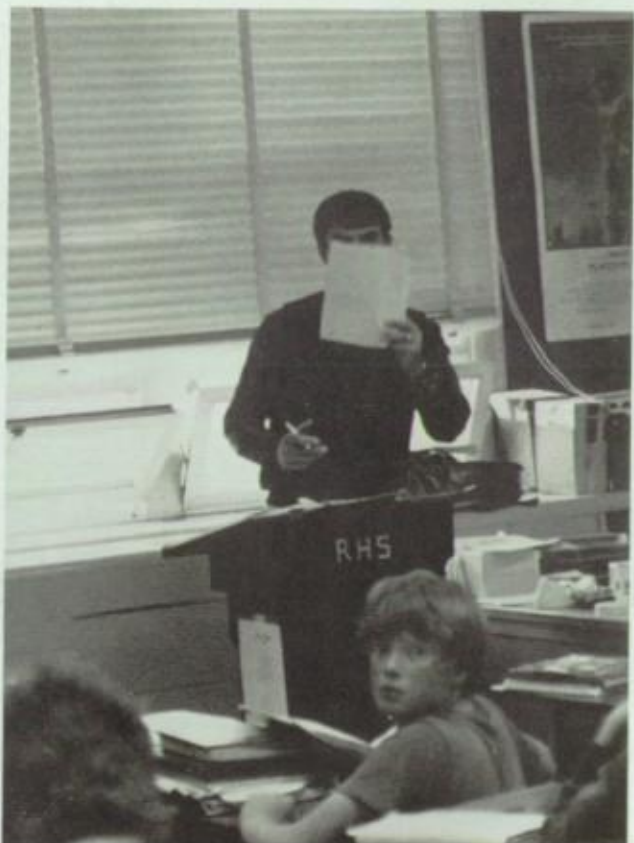

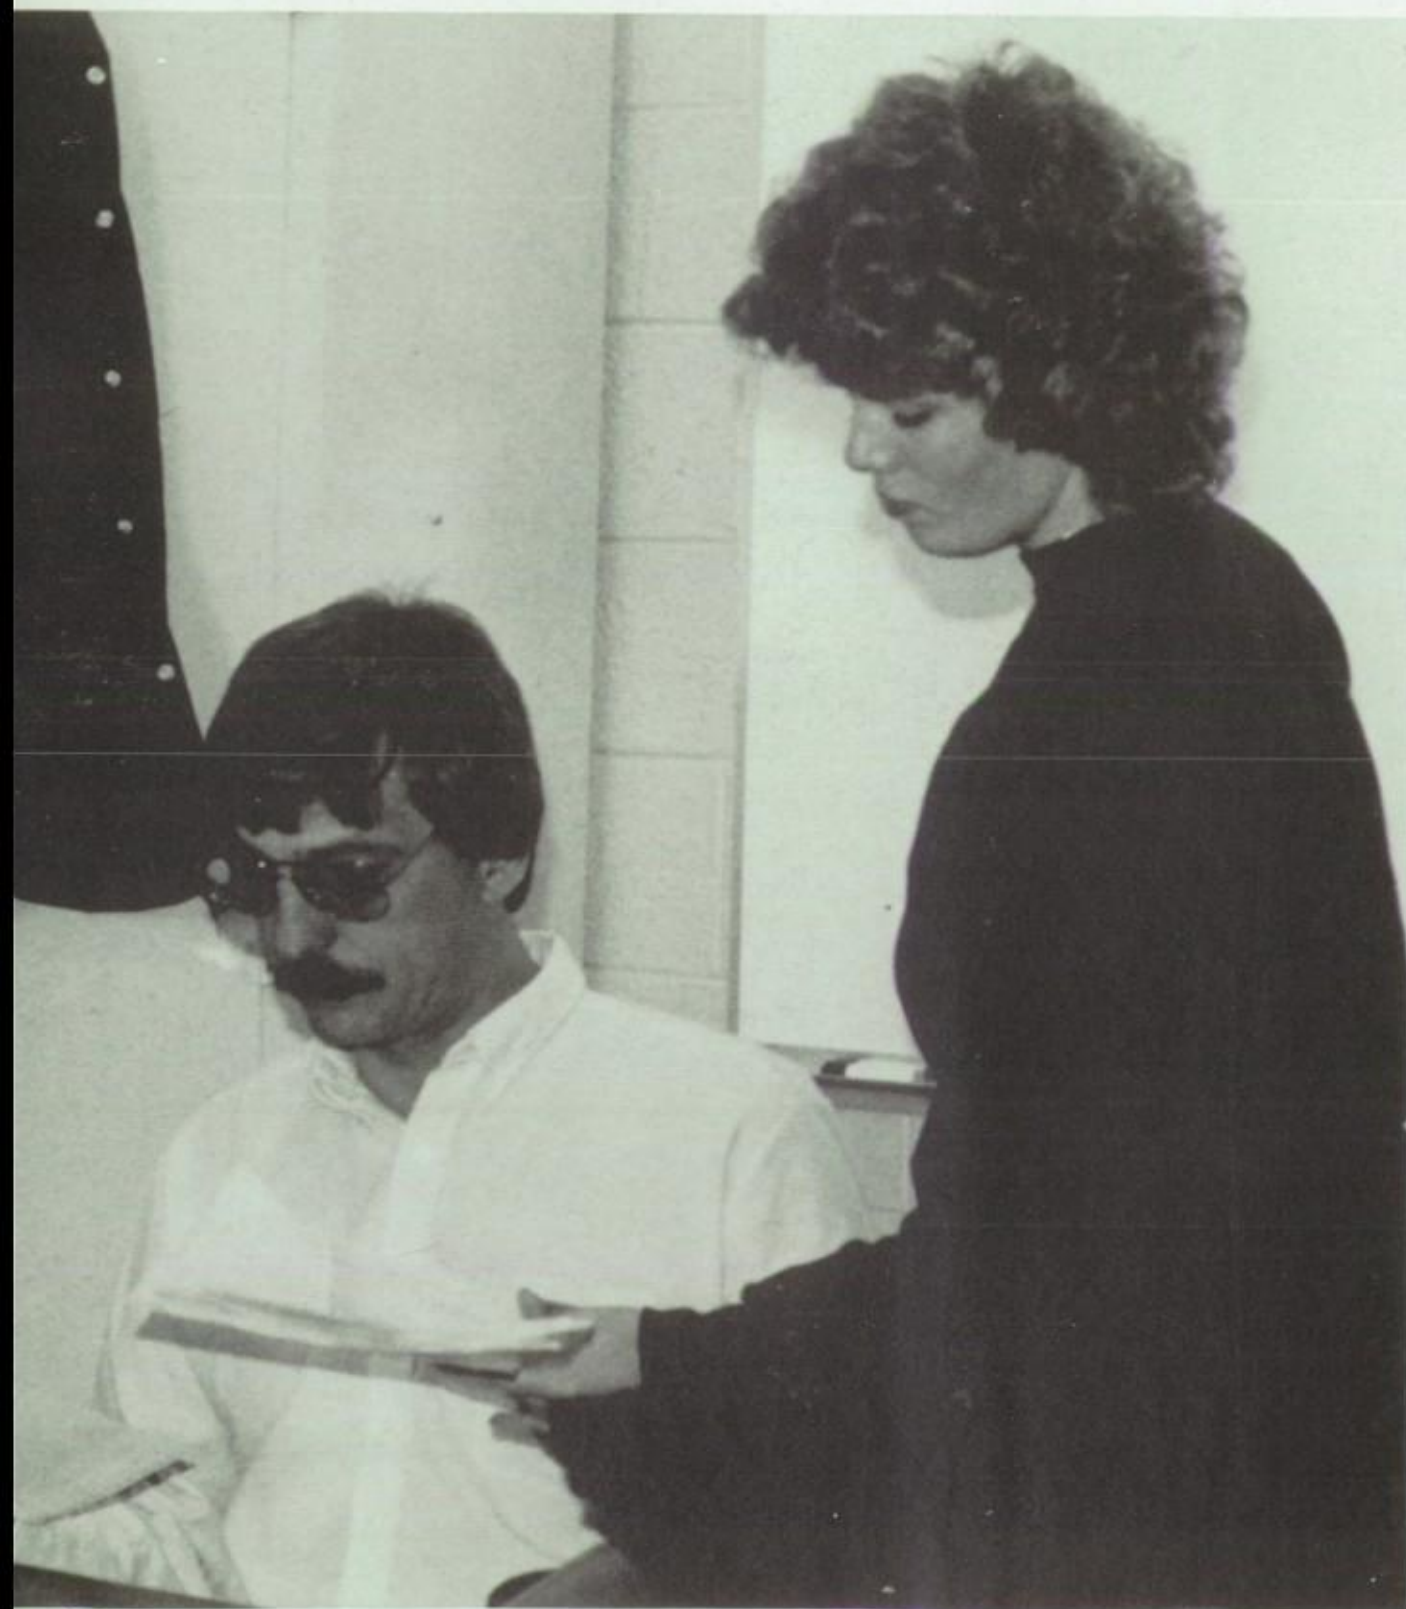

Student-teacher relationships are very important. If you don't get along with your teacher it's not very likely that you'll do well in that class.

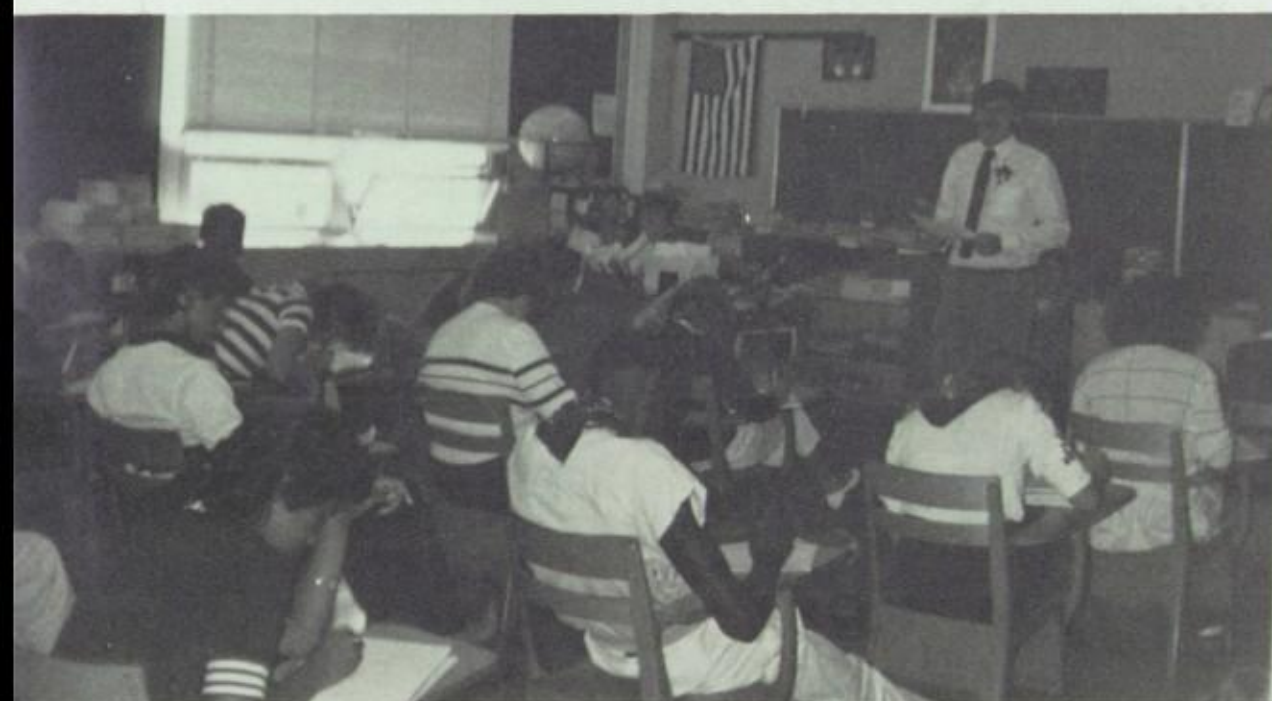

If you try hard enough you might find out that the teachers of R.H.S. aren't as rough and tough as you think they are. You might even find out that teachers can actually be your friend. Give it a try some time!

Some teachers try to act hardcore, but underneath those facades I'll bet that you'll find a very nice person and then again

maybe not. It depends on how hard you try. So, get to know them because when you finish your education you'll probably realize that they were only doing what was best for you and your education. Because your education is very important and your future depends on it. So, maybe one day you should just thank those teachers of yours'. One thing thanking them will do is shock the pants right off of them, because they don't think we, the students, really appreciate them.

L.: Mr. Walinchus and Pam Adams T.R.: Mrs. Maffoni and Tammy Weythman, B.R.: Mr. Porter and Class.

The Teaching Rewards

Becoming a teacher isn't an easy decision. There are a lot of things that need to be taken into consideration before jumping into the teaching profession.

Each day is new and different from the day before. In class there are always smart-els and trouble-makers. Walking into a classroom every day knowing that you have to try to tolerate and teach these students would seem to be trying enough on someone's emotions. But yet

each day the teachers of R.H.S. come to school and do the best they can.

These people also have to put up with all of the ranting and raving about homework. These people really have to know their stuff in order to teach someone else, who isn't necessarily willing to cooperate and learn. This takes a lot of patience and caring on the part of the teacher.

The title or headline of this page is "The Teaching Rewards"

maybe the teachers are our rewards. Without them we would all be illiterate people, who wouldn't be able to understand or better the society we live in today.

So maybe we owe our teachers our thanks for giving up so much to become teachers.

The Board And Central Administration

There were a few changes in the personnel of the Board of Education. The Board is still comprised of seven members. They are Ms. Nancy Harris, Mr. Harold Holladay, Ms. Cathy Markos, Dr. David Michie, Mr. R.B. Raymond, Mr. Ron Sims, and Mr. John Smith.

Two new faces can also be seen in the Central Administration Department, Mr. Maffoni and Mr. Schmidt.

Mr. Maffoni is in charge of the Buildings and Grounds Department.

Mr. Schmidt is Business Manager of School District One. This department is the Financial Department. It is responsible for maintaining all financial accounts of School District One.

The Superintendent of our schools is Dr. Nolin. He is responsible for the administration of school district policy and regulations. He is also responsible for all programs, personnel, resources and finances of the District by means of delegation to the staff and administration.

Mr. Blakeslee helps the staff of School District One develop learning opportunities for the students. These opportunities are "... designed to help students become efficient workers and consumers ..."

Mrs. Gibson can be found in the Personnel Department. This department was designed "... to recruit, select and employ new employees, both certified

and who will strive to deliver and support the best educational program possible for students in District One."

The Pupil Personnel Department is where Mr. Heeren can be found. This department was derived to provide special services to the students.

High School Administration

This year the High School Administration is only comprised of three people. Mr. Krysl, Mr. Hitchcock, and Mr. Soulek.

This year the administration was asked to tell briefly the function or functions of their department.

"As Assistant Principal I have the responsibility for most of the daily discipline (nuts & bolts) here at the high school. Also, I have the responsibility to over-see the operation of the attendance office. Also, I have some responsibility for teacher evaluations."

"The functions of the Activities Department is to establish and maintain a school master calendar for co-curricular activities and to provide students an opportunity to participate in these activities.

In addition, the Activities Department is responsible for the development of co-curricular transportation and supply budgets, monitor student eligibility, assign all worker and supervisors to work activities, and to function as the District travel agent for professional staff and stu-

dents who go on out-of-town trips."

Mr. Hitchcock never returned his discription of his job. But as Principal of R.H.S. he is very busy.

L.: Mr. Soulek, T.R.: Mr. Hitchcock, and Mr. Christian, B.R.: Mr. Krysl.

R.H.S. Office Staff

There are five secretaries here at R.H.S. They are Mrs. Chapman, Mrs. Davis, Mrs. Quigley, Mrs. Shinkle, and Mrs. Tigner.

Mrs. Chapman is responsible for the bookkeeping at R.H.S. She works directly with the Activities Department. She enjoys her job for all the interaction with the students of R.H.S.

The title of Mrs. Tigner's job is Systems Manager/Registrar. She is responsible for all the student records . . . Such as report cards,

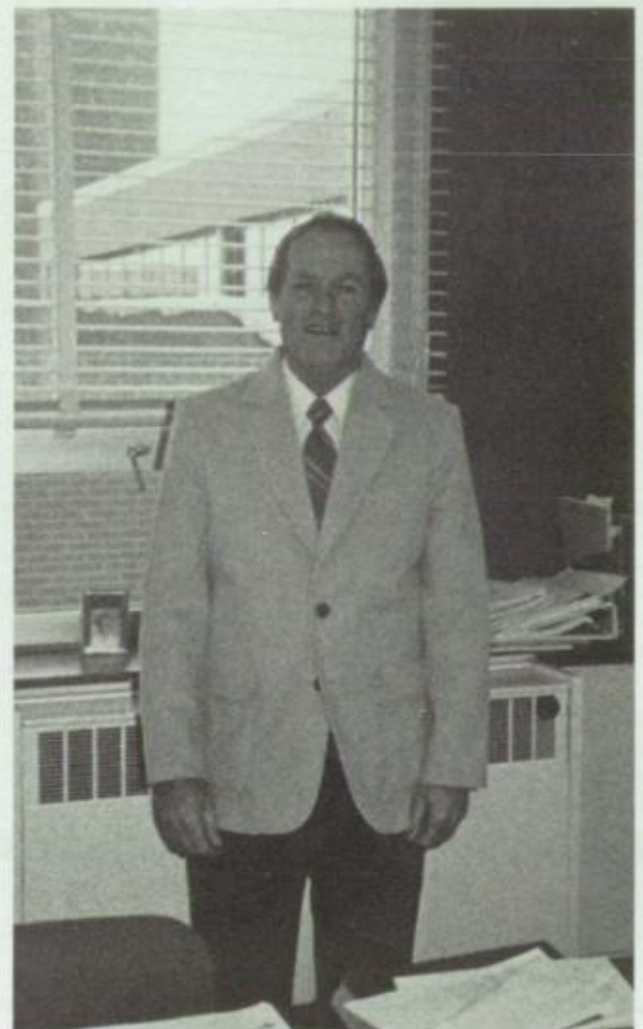

permanent record cards, honor roll, grade point average, and class rank. She also works with the guidance counselors. When working with them she helps do credit checks for our seniors, order the diplomas, and send transcripts for scholarships and job applications.

Mr. Mann and Ms. Essary are the only Guidance Counselors here at R.H.S. They help the students here at R.H.S. decide what courses are best for each individ-

ual. They also help the seniors figure out what to do after high school is over. It's nice to know we have people like them working with us.

Mrs. Farver has been the nurse at our school for about ten years now. Boy, how time flies when you're having fun!

T.L.: Mrs. Farver, T.M.: Mrs. Quigley, T.R.: Ms. Essary, B.R.: Mrs. Quigley, Mrs. Chapman, Mrs. Davis, Mrs. Shinkle, and Mrs. Tigner, B.L.: Mr. Mann.

Business And O.C.

The business department of our school contains three very nice gentlemen Mr. Chance, Mr. Duke, and Mr. Hazledine. They are very hard working people. When not teaching you can find Mr. Chance acting as a preacher in wedding ceremonies of Contemporary Living.

"What is your most memorable moment as a teacher?"

"I have been fortunate to have had several. The most frequent occurring, has been letters from former students, thanking me for the help that I have been able to give them in preparing them for their future." an-

swers Mr. Hazledine.

Mr. Duke replied, "My most memorable moment was when 1500 people sang "Happy Birthday" to me at the National Student Council Conference. (It was also embarrassing!)"

"What or who inspired you to become a teacher?"

"I was the Rawlins Junior/High Middle School Secretary for 10 years. I worked closely with the kids and was allowed the opportunity to be in the classrooms quite frequently. Kids are fun — and frustrating — and surprising — and challenging — ect., ect., ect. I guess that the "who" in ...

who inspired ... is you." said Mrs. Noonan.

Mr. Umpleby explains, "Interest profile tests at college and a teacher at my high school."

Mr. Biehl was inspired by parents and job situations.

T.L.: Mr. Smith, Mr. Lambertson, Mr. Bakke, Mr. Umpleby, Mrs. Noonan, and Mrs. Maffoni. Not pictured Mr. Biehl, and Mr. Miller. T.R.: Mr. Chance, B.L.: Mr. Duke, B.R.: Mr. Duke, Mr. Chance, and Mr. Hazledine.

Home Ec And Science

The teachers in the science wing of our school are very busy people. They are Mrs. Campbell, Mr. Graalman, Mr. Kathan, Mr. Miyamoto, and Mr. Street.

Mr. Street is one of the teachers involved in the Science Club of R.H.S.

Mrs. Campbell teaches Geology, Astronomy, and Earth Science.

Mr. Miyamoto can be found teaching Biology and General Science in his room.

Mr. Graalman also teaches Biology but he also teaches Ecology Physiology.

Mr. Kathan was the only science teacher to reply to the questionnaire sent out to the teachers in the science wing.

If you could be anyone or anything from the past or future what or who would it be?

"I just want to be me!"

The Home Ec. Department consists of too very hard working ladies. They are both involved in club activities.

What was your most exciting or humorous instance as a teacher?

"I don't know that it is exciting - however I like to go to a wedding where the bride wears the wedding dress she made in my class, or to the prom to see the students wearing the dresses they have made in my class." said Mrs. Winzenried.

"The most humorous was one year when I took my F.H.A. offi-

cers on a weekend retreat to the mountains. We accomplished a great deal but I don't think I've laughed that much for 2 days solid in my life," chuckles Mrs. Bessler.

T.L.: Mrs. Campbell, T.M.: Mr. Graalman, R.: Mrs. Winzenried, B.L.: Mr. Kathan, Mr. Graalman, Mr. Street, and Mr. Miyamoto, not pictured Mrs. Bessler.

Driver's Ed And Math

The math teachers of our school are Mr. Christian, Mr. Morgan, Mr. O'Keefe, Mr. Parsons, Mr. Pierce, and Mrs. Short.

"What was the most exciting or humorous instance as a teacher?"

"The day before I got married several of my students got together with the principal and several teachers and had a big party for me. They even surprised me by inviting my fian-

cee." answered Mr. Christian.

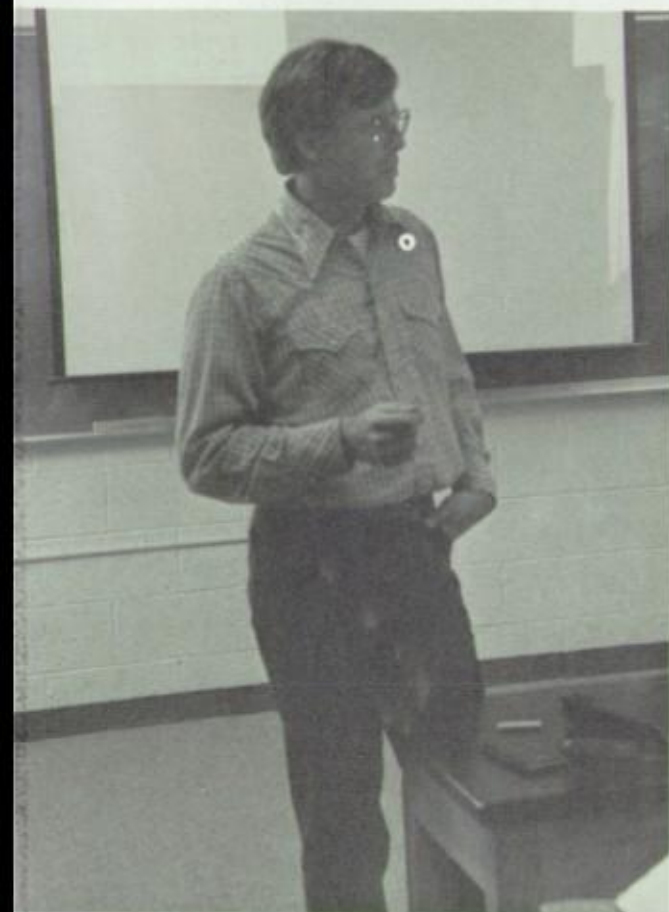

"My very first year, my fly was for about 20 minutes before a girl in the front row finally quit laughing long enough to tell me what was so funny." explains Mr. Pierce.

"Every year I have always thought that the first day is the most exciting-that going into the first class is the most exciting moment." says Mr. Morgan.

You can still find Mr. Windis in

the Driver's Education room, room 62. If you want to become a "defensive driver" join Driver's Ed.

T.L.: Mr. O'Keefe, T.R.: Mr. Parsons and Mr. Christian, B.L.: Mr. Morgan, and B.R.: Mr. Windis, not pictured Mr. Pierce and Mrs. Short.

Art And Fine Arts

The Fine Arts Department contains five very fine gentlemen, Mr. Dahlinger, Mr. Moore, Mr. Quillen, Mr. Walinchus, and Mr. Williams.

Mr. Moore when not working in his room, he can probably be found in the auditorium working on the next play or performance that is to be held.

Mr. Dahlinger was shown in last year's annual standing tall—well let's hope he's still standing tall this year.

Mr. Williams can still be found in

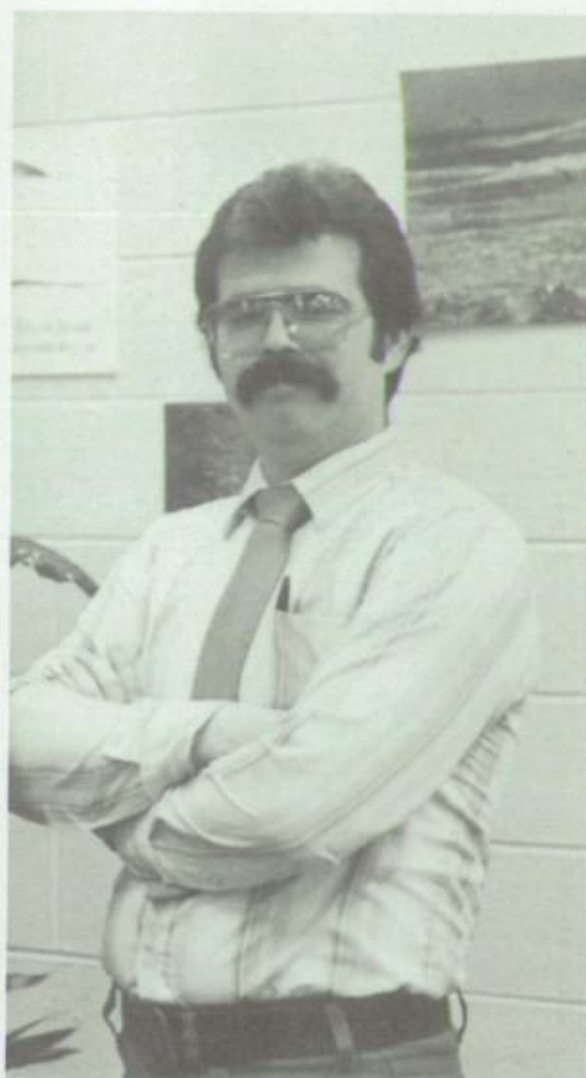

the art room. But this year Mr. Williams also has a photography business. Good luck with the new business.

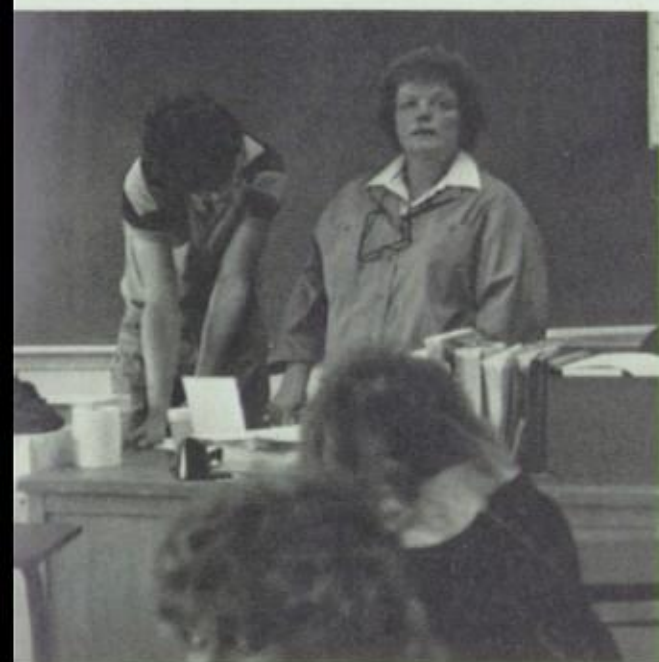

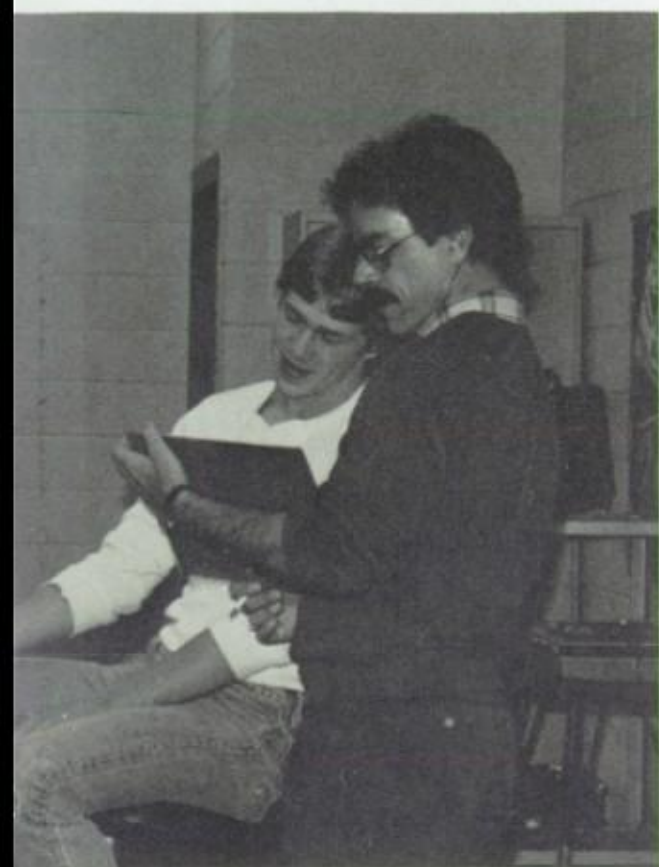

Mr. Walinchus is still putting up with all of the excuses from his students about why pages aren't done. One of these days he might just be shocked when all pages are done on time. But that won't be for quite a few years yet. Hopefully he can wait that long.

Mr. Quillen is the man behind the band. You might say that he

is the backbone of the R.H.S. band.

R.: Mr. Moore and his "colgate smile!"
T.M.: Mr. Dahlinger "Is it really that bad?"
T.L.: Mr. Quillen also practices. B.M.: Mr. Williams, becomes his own student. B.L.: Mr. Walinchus, we didn't know you had a new major.

Language And Foreign Arts

The Language Arts Department consists of nine very hard working teachers, Mr. Boyle, Mrs. Brown, Mr. Koeneké, Mrs. McNees, Mr. Moore, Mr. F. Smith, Mrs. D. Street, Ms. Tanner, and Ms. Tiemann.

"Marquis de Sade or Gandhi," are who Mr. Boyle would be if he could be anyone from the past or future.

Mrs. Street would remain herself if she had the choice of being anyone from the past or future.

"Me" was Mr. Smith's reply to

the question.

Ms. Tanner who would you be if you could be anyone from the past or future? "Esther Morris."

"I wouldn't want to be anyone but me! but I think it must have been exciting to live in the Greek Period, When man was discovering *learning*." That was Mr. Koeneké's reply.

What about the rest of you, who would you be if you could be anyone from the past or future?

The two foreign languages taught in our school are Spanish,

and French. Spanish is taught by a very busy woman. Along with her teaching Mrs. Johnson also coaches the cheerleaders of R.H.S.

The French teacher of R.H.S. is Ms. Tiemann. She works very hard also, as mentioned earlier she also teaches in the Language Art Department.

Social Studies And Library

Miss Hoff rejoined the library this year. She is the only person in charge this year.

What was the most exciting or humorous instance as a teacher?

"I have had several — especially when I was teaching K-12 music in a rural Kansas town. Once a pair of boys got quite angry and one picked up the other and threw him through the cafeteria window.

The other was when the starting quarterback got his hand smashed trying to catch a falling piano. It was the Thursday before Homecoming."

The Social Studies teachers of Rawlins High School are Mrs. Brown, Mr. Cagle, Mr. DeBruyn, Mr. Earnshaw, Mr. Otto, Mr. Por-

ter, and Mr. Voas.

What or who inspired you to become a teacher?

"I was inspired to be a teacher by several wonderful people. Those that head the list include Dr. Catherine Wicand, Dr. Ann Slater, Dr. Anthony Glascock, Mr. Floyd Young, and Dr. William Malloy," said Mr. Earnshaw.

"It seems I have always wanted to teach. I loved school and I love learning. Therefore, teaching seemed the most logical career for me. I had a lapse for a while when I started college majoring in business administration. I soon realized, however, that the business world was too impersonal with its 'dog eat dog' mentality, so I switched back into teaching and chose high school

humanities," answered Mrs. Brown.

"My 8th grade American History teacher," explains Mr. DeBruyn.

"I had a number of good teachers who, I think, probably influenced me in the direction of teaching," said Mr. Voas.

T.L.: Mrs. Brown, Mr. DeBruyn, Mr. Voas, and Mr. Earnshaw. Not pictured Mr. Cagle, Mr. Otto, and Mr. Porter. T.R.: Miss Hoff, B.L.: Mr. Cagle and Mr. Campbell.

P.E. And Reading

The high school's P.E. staff consists of five people. Ms. Conlin-Murray, Mr. Campbell, Mrs. O'Melia, Mr. Murray, and Mr. Ross.

What was the most exciting or humorous instance as a teacher?

"One day we had Jan Bauman's 2nd and 3rd graders form Pershing in to take swim lessons. After class I went into the locker room to get them all out of the showers: all of the little boys were taking showers with their towels still around their necks! One boy started to scream: he

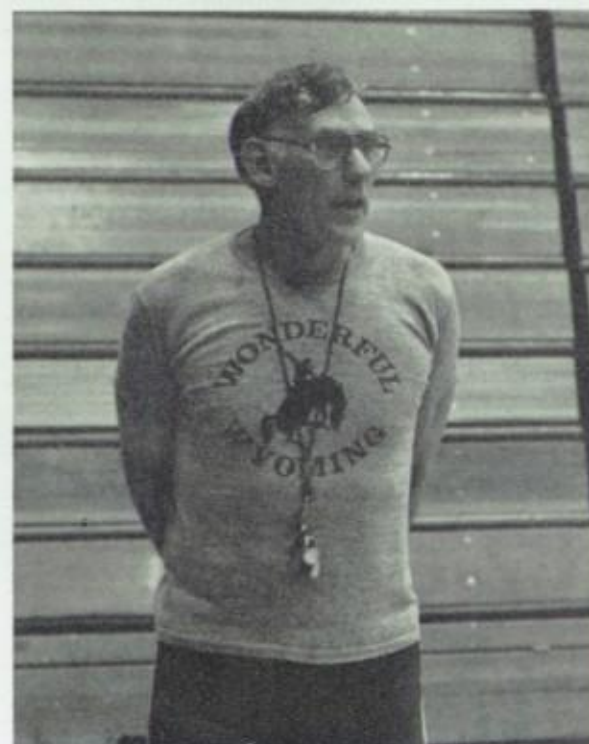

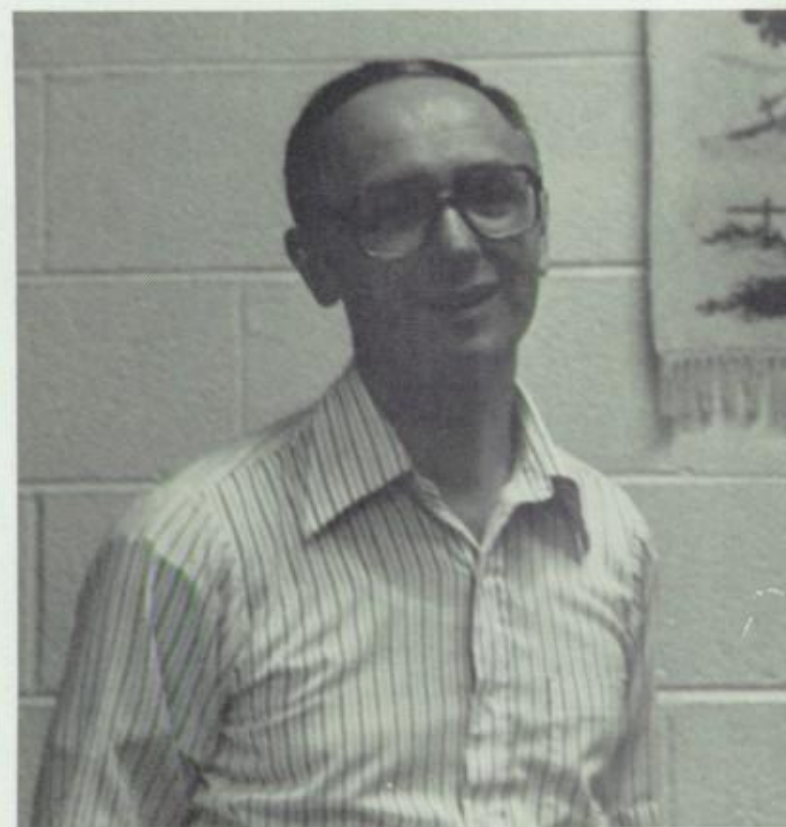

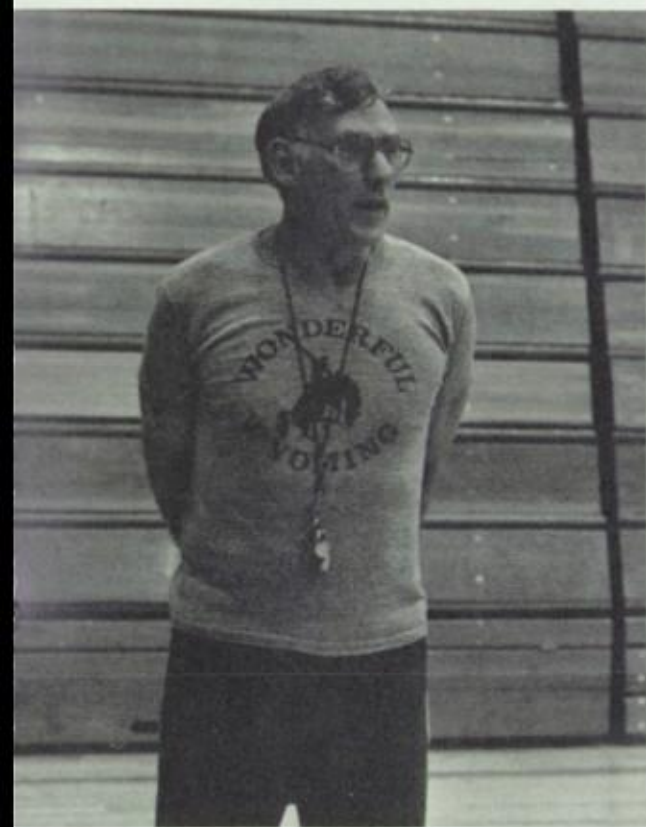

had shampoo in his eyes. I grabbed him and forced him under the shower to wash away the soap. Just then another little boy began to cry. I grabbed him and forced him under the shower. He began to scream even louder. He didn't have soap in his eyes: the shower was too hot!" said Mr. Ross.

Mrs. O'Melia tells her story, "Everyday students say and do the darndest things. When a student attempted to 'moon walk' into class can be pretty funny situation-even if you don't know Michael."

The 1982 State Football Play-offs was Mr. Murray's most exciting instance. We should have known.

Mrs. Garlow is the only reading teacher here at the high school. She is a very hard working lady, just like the others here at R.H.S.

T.L.: Mr. Murray, T.M.: Mrs. O'Melia, T.R.: Mr. Ross, B.L.: Ms. Conlin-Murray, B.M.: Mr. Campbell, B.R.: Ms. Garlow.

Industrial Arts Special Ed.

The Industrial Arts of our school are taught by Mr. Hill and Mr. Wilk. Mr. Hill teaches Industrial Arts and Mr. Wilk teaches Graphic Arts.

The Special Educational part of R.H.S. contains four people, Mrs. Braun, Mr. Guthrie, Ms. Mehle-Hanson, and Mr. Smith.

What is your most memorable moment as a teacher?

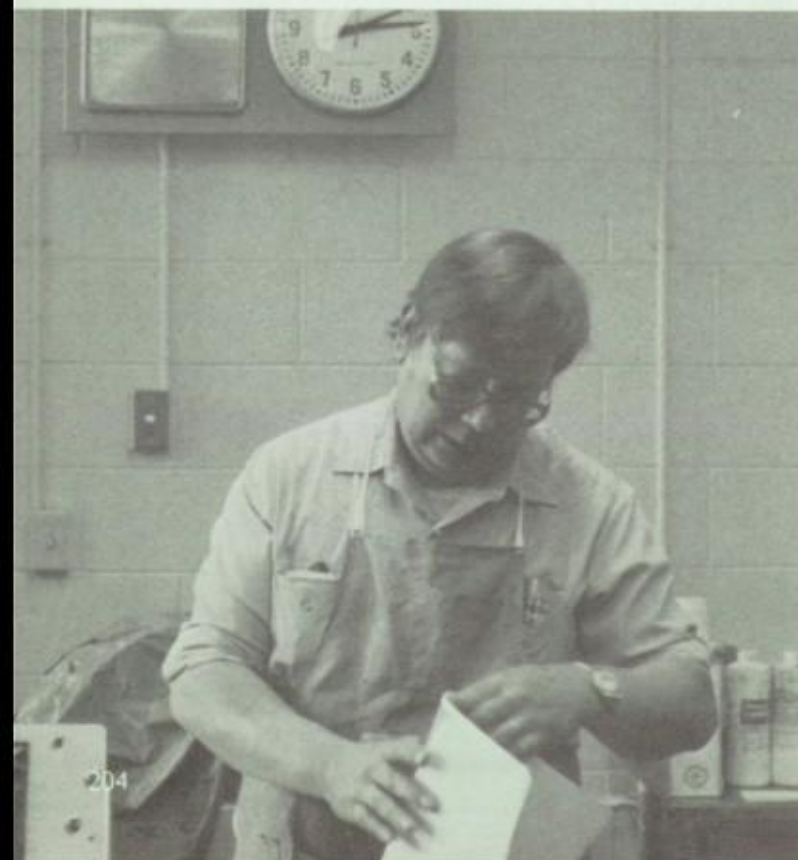

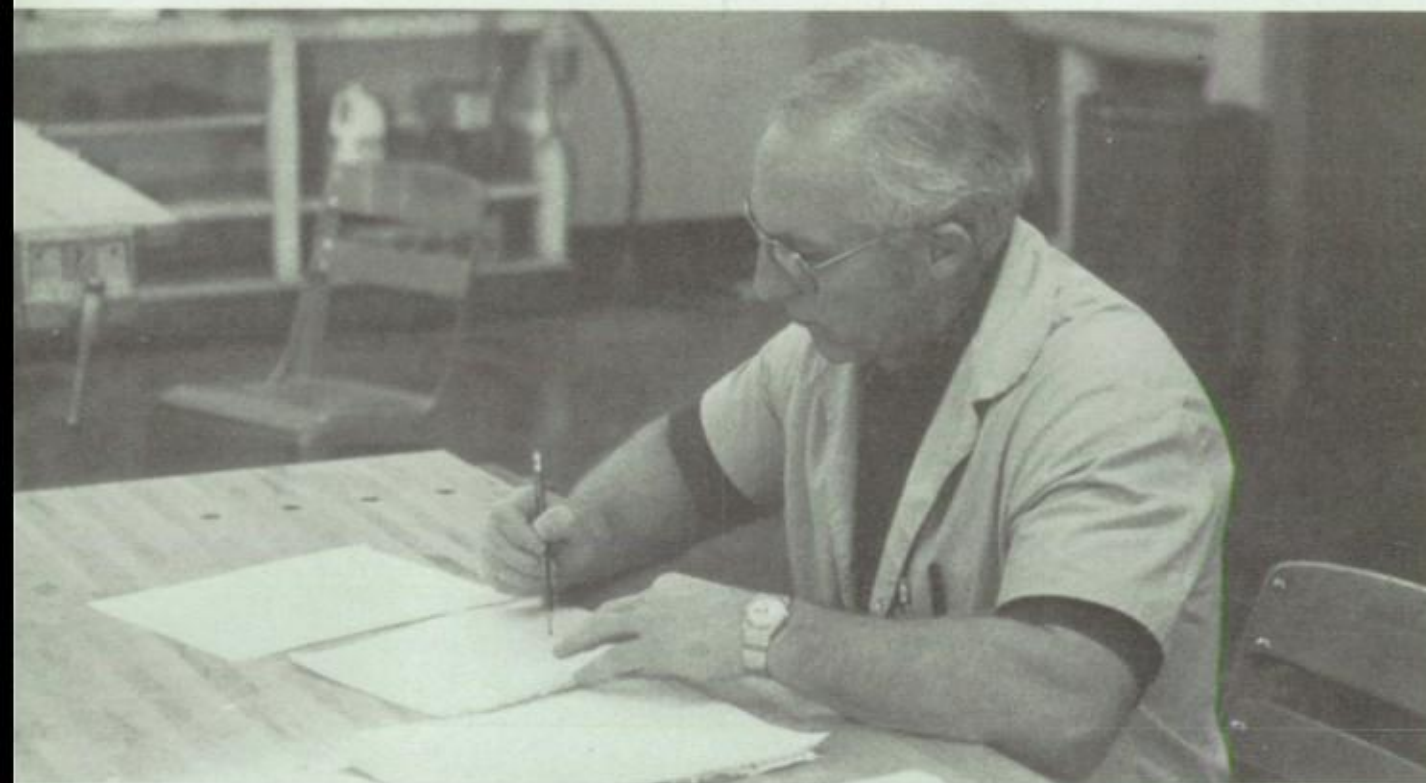

"My most memorable of my teaching career was when I learned I had successfully passed my Oral Exams for my Masters Degree." answered Mrs. Braun.

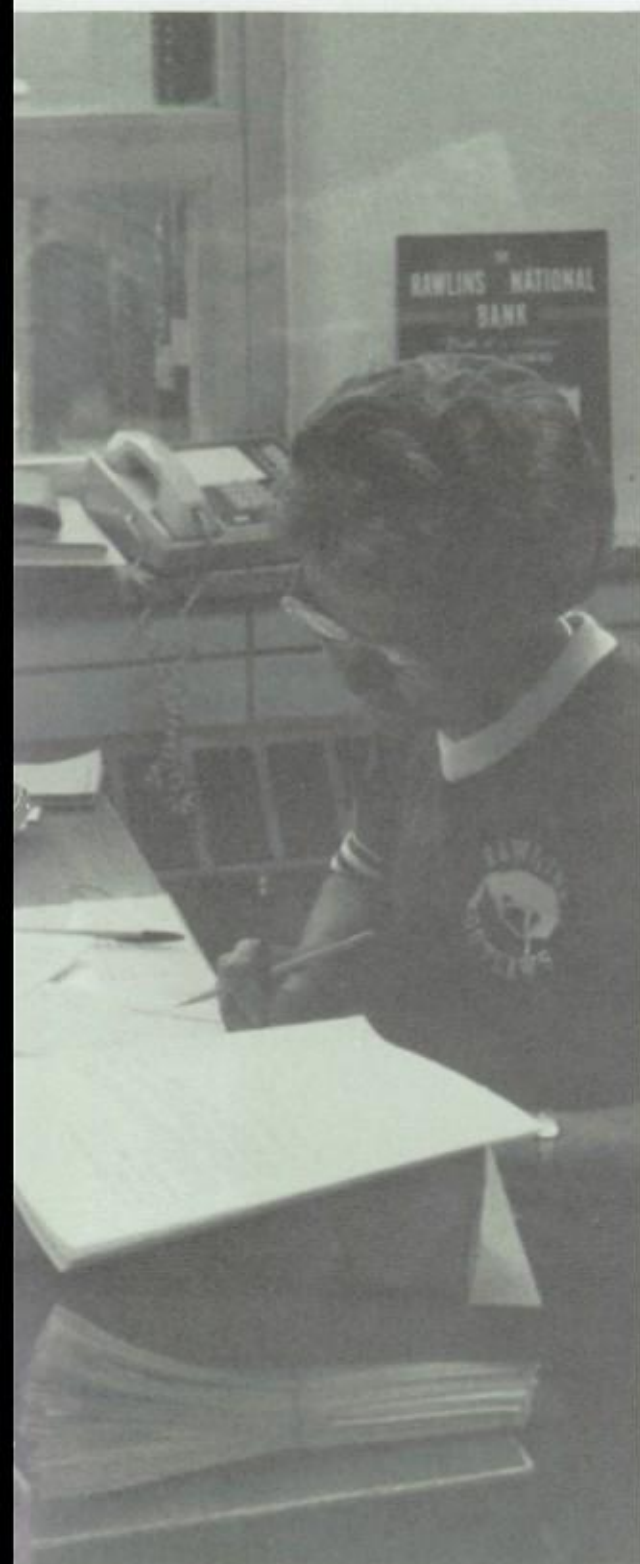

There weren't any other replies to the question.

Mr. Smith is also a coach for the football team and he is also a track coach. So he is pretty busy.

Ms. Mehle-Hanson is the F.T.A. sponsor. She works very hard to make sure things are just right for the students involved in F.T.A.

T.L.: Mr. Hill, T.R.: Mr. Guthrie, B.L.: Mr. Wilk, B.R.: Ms. Braun and Sylvia Velazquez.

Cafeteria And Custodians

The ladies of the R.H.S. Cafeteria are very busy people. They arrive at the school early in the morning to start on our lunch. Most of us are probably still in bed while these ladies are already fixing lunch. The Cafeteria Staff works very hard to make the cafeteria a great place to eat lunch and relax. It's nice to know that we have hard working people like these looking out for us.

When we the students leave for summer vacation, or any vacation in fact, there are some people we leave behind who are still working. If you don't know who I'm talking about by now I'll tell you, the custodians. These busy people arrive at school in the mornings before many of us are out of bed. They are also there for a few hours after we've all gone home for the day. Keep up the great

work, because even though many students don't show it we appreciate all the work.

L.: Mrs. Bartlett, T.R.: Faye Etchison, Charlotte Romero, Nora Garcia, Penny Mortenson, Fidencia Bustos, Ruth Seidel, Pat Morris, Sharon Quinby, Donna Taylor, Jean Becker, Lori Jaramillo, Aurora Gonzales, Irene Martinez, Martha Bartlett, and Lila Boles. B.R.: Eddie Garcia, Walt Diekmann, Danny Esquibel, Robert McKinnon, Larry Garcia, Larry Miller, Joe Archuleta, and Betty McKinnon, not pictured Roy Sandusky.

That's All Folks!

This year's staff consisted only of girls, in the begining we had one guy but he moved away and left us ladies to put the yearbook together. It's so easy for others to turn the pages but for the ones who put those pages together it's more than just a book, it's a piece of pride and a sense of accomplishment. It is so awful hard to get pictures you want, copy written, and trying to meet the deadlines. Finally, after twenty headaches and plenty of being yelled at, we finished the annual. Some poeple are in here more than others, some not at all. We ap-plogize for this but with such a small group, pictures seemed to be a little scarce this year. Many thanks are in order to many different people. To all of the people and faculty who wrote articles for the book and also to all of the businesses who bought ads to support us. Thanks to Cap-tured Image and Bi-Rite for devel-oping our film. A special thank you to Mr. Bill Williams for all of his help and pictures he gave. Without ev-

eryone, Body Language would not have been possible. The annual had a press run of 650 copies. 220 pages, over which 216 will be proofed. The books were printed by Jostens/American yearbook com-pany of Visalia, California. Printing sp: 8½ x 11 sewed bindings, printed on gloss 191 paper, base color of ink, is black. There are 29 color pages. Used as a second color (over black and white pictures) is, Tempo royal purple #527. The End-sheets are light purple #312, Front overlay is royal purple #527 with monogram gold #322. Cover: Style line S 517 8½ x 11 Body Language: Purple 354 and pink 364. 36 of the books will be named stamped with Silver Foil 381. Mr. Jay Bogner was our Publishing Representative for this year.
